Introduction

This publication presents the Taxation and Revenue Department regulations pertaining to the Motor Vehicle Code [Articles 1 through 8, Chapter 66 NMSA 1978]. The regulations themselves have been filed with the State Record Center as 18.18 and 18.19.

This publication follows this presentation format: statute, regulation, annotation. Statutes are printed in bold type between horizontal lines and indented. The regulations under the statute follow in numerical order. They are in regular type, running to both margins. Each regulation is numbered (e.g., 18.19.4.34) and consists of a capitalized heading and a body. Annotations are preceded and followed by triple asterisks in smaller type. Neither statutes nor annotations are regulations.

References to statutes in the regulations are to the New Mexico Statutes Annotated, 1978 (NMSA 1978).

In correspondence with the Department or in any proceeding initiated under the provisions of the Motor Vehicle Code, regulations contained in this publication may be cited solely by reference to the regulation's number.

The department, upon receipt of the title or manufacturer's certificate of origin or other evidence of ownership, shall issue a nonrepairable vehicle certificate for the vehicle.

H. The department shall not issue a new registration card and certificate of ownership pursuant to Subsection A, B or C of this section on a vehicle that has been issued a nonrepairable vehicle certificate pursuant to Subsections E, F and G of this section.

(Laws 2007, Chapter 320, Section 2)

66-3-4. APPLICATION FOR REGISTRATION AND CERTIFICATE OF TITLE--NONREPAIRABLE VEHICLE CERTIFICATE.--

A. Except for a vehicle owned by a carrier that is from a jurisdiction that is not a participant in the International Fuel Tax Agreement, that is authorized by the United States government or an agency of the United States government to conduct cross-border operations beyond the commercial border zone pursuant to the provisions of the North American Free Trade Agreement and that identifies New Mexico as the carrier's base jurisdiction, every owner of a vehicle of a type required to be registered in this state shall make application to the division for the registration and issuance of a certificate of title for the vehicle. Applications shall be upon the appropriate forms furnished by the division and shall bear the signature of the owner; provided that the signature may either be made using an electronic signature in conformance with the Electronic Authentication of Documents Act and the Uniform Electronic Transactions Act or written with pen and ink. All applications presented to the division shall contain:

In the event a vehicle is designed, constructed, converted or rebuilt for the transportation of property, the application shall include a statement of its rated capacity as established by the manufacturer of the chassis or the complete vehicle;

(3) a statement of the applicant's title and of all liens or encumbrances upon the vehicle and the names and addresses of all persons having an interest in the vehicle, the nature of each interest and the name and address of the person to whom the certificate of title shall be delivered by the division;

(b) no liability for property taxes on the house trailer exists for the current year or any past tax years; and

(5) further information as may reasonably be required by the division to enable it to determine whether the vehicle is lawfully entitled to registration and the owner entitled to a certificate of title.

B. The owner of a vehicle subject to registration that has never been registered in this state and that has been registered in another state, except manufactured homes, shall have the vehicle examined and inspected for its identification number or engine number by the division or an officer or a designated agent of the division incident to securing registration, reregistration or a certificate of title from the division.

C. When an application refers to a vehicle not previously registered and the vehicle is purchased from a dealer licensed in this state or a dealer licensed or recognized as such in any other state, territory or possession of the United States, the application shall be accompanied by a manufacturer's certificate of origin duly assigned by the dealer to the purchaser. In the event that a vehicle not previously registered is sold by the manufacturer to a dealer in a state not requiring a manufacturer's certificate of origin and in the event that the vehicle is subsequently purchased by a dealer or any person in this state, the application for title shall be accompanied by the evidence of title accepted by the state in which the vehicle was sold by the manufacturer to a dealer in that state together with evidence of subsequent transfers.

D. Prior to the sale or disposal of a nonrepairable vehicle, the owner, owner's agent or salvage pool shall obtain a properly endorsed nonrepairable vehicle certificate from the department and deliver it to the purchaser within twenty days after payment in full for the nonrepairable vehicle and shall also comply with Section 66-3-10.1 NMSA 1978. The department shall accept the endorsed nonrepairable vehicle certificate in lieu of the certificate of ownership or other evidence of ownership when accompanied by an application and other documents and fees as may be required by the department. A vehicle for which a nonrepairable vehicle certificate has been issued shall not be titled or registered for use on the highways of this state.

E. If an insurance company makes a total loss settlement on a nonrepairable vehicle and takes possession of that vehicle, either itself or through an agent or salvage pool, the insurance company or an authorized agent of the insurance company shall:

(1) stamp the face of the title or manufacturer's certificate of origin with the word "NONREPAIRABLE", in letters no less than one-half inch high, at an angle of approximately forty-five degrees to the text of the title or manufacturer's certificate of origin; and

(2) within twenty days after receipt of title by the insurer, free and clear of all liens, submit a copy of the branded title or manufacturer's

certificate of title to the department together with documents explaining the reason for branding, and shall forward a properly endorsed certificate of title or manufacturer's certificate of origin or other evidence of ownership acceptable to the department together with the proper fee to the department. The department, upon receipt of the title or manufacturer's certificate of origin or other evidence of ownership, shall issue a nonrepairable vehicle certificate for the vehicle.

F. If an owner of a nonrepairable vehicle elects to retain possession of the vehicle, the insurance company shall notify the department of the retention on a form prescribed by the department. The insurance company shall also notify the insured or owner of the insured's or owner's responsibility to comply with this section. The owner shall, within twenty days from the date of settlement of the loss, forward a properly endorsed certificate of title or manufacturer's certificate of origin or other evidence of ownership acceptable to the department together with the proper fee to the department. The department, upon receipt of the title or manufacturer's certificate of origin or other evidence of ownership, shall issue a nonrepairable vehicle certificate for the vehicle.

G. If a nonrepairable vehicle is not the subject of an insurance settlement, the owner shall, within twenty days from the date of the loss, forward a properly endorsed certificate of title or manufacturer's certificate of origin or other evidence of ownership acceptable to the department together with the proper fee to the department. The department, upon receipt of the title or manufacturer's certificate of origin or other evidence of ownership, shall issue a nonrepairable vehicle certificate for the vehicle.

H. The department shall not issue a new registration card and certificate of ownership pursuant to Subsection A, B or C of this section on a vehicle that has been issued a nonrepairable vehicle certificate pursuant to Subsections E, F and G of this section.

In such a case the seller must attach to the application a document showing the actual kilometer reading of the odometer and the calculation of the conversion from kilometers to miles.

B. When federal law or regulation requires an odometer displaying kilometers to be replaced with an odometer displaying miles, the document required by 18.19.3.15 NMAC must include a statement that the odometer displaying miles has been set at the mileage shown by the conversion of kilometers to miles at the time the odometer was replaced and the document must be notarized.

Demonstration permits shall be used only on vehicles included in the inventory of the dealer to whom the demonstration permits are issued. The demonstration permits shall be used to allow the operation of vehicles for the limited purposes of testing, demonstrating or preparing a vehicle for sale or lease. Demonstration permits may not be used on work or service vehicles, as that term is defined in Section 66-3-401 NMSA 1978, that are owned, used or held in inventory by a dealer. Use of the demonstration permits pursuant to this section shall be deemed compliance with the provisions of Section 66-3-4 NMSA 1978. A demonstration permit, after being affixed to a specific vehicle, shall be valid for as long as the vehicle is held in the dealer's inventory. A dealer who uses demonstration permits is required to maintain a list showing the date on which the dealer assigned the permit to a vehicle and the name and a description of the vehicle, including its make, model, model year and vehicle identification number. A dealer shall maintain the list for three years from the end of the year in which the dealer issued the permit and must make it available to the department or its agents and to law enforcement officers during reasonable business hours. (Laws 2007, Chapter 319, Section 17)

66-3-7. GROUNDS FOR REFUSING, SUSPENDING OR REVOKING REGISTRATION OR CERTIFICATE OF TITLE.--The division may refuse, suspend or revoke registration or issuance of a certificate of title or a transfer of registration upon the ground that:

B. the vehicle is mechanically unfit or unsafe to be operated or moved upon the highways;

C. a commercial motor vehicle is operated by a commercial motor carrier that is prohibited from operating the vehicle by order of a state or federal agency;

D. the division has a reasonable ground to believe that the vehicle is a stolen or embezzled vehicle or the granting of registration or the issuance of a certificate of title would constitute a fraud against the rightful owner or other person having valid lien upon the vehicle;

E. the registration of the vehicle stands suspended or revoked for any reason as provided in the motor vehicle laws of this state;

F. the required fee has not been paid;

G. the motor vehicle excise tax has not been paid;

The provisions of this section shall apply to a class A county or municipality within a class A county that has a vehicle emission inspection program, and the provisions of this section may apply to a municipality in an adjoining or contiguous county to a class A county that adopts a vehicle emission inspection program. Any municipality may adopt a voluntary or mandatory vehicle emission inspection program by ordinance. The ordinance may exempt or exclude certain categories or classifications of vehicles and may exempt or exclude a vehicle because of age or type of vehicle.

B. It shall be a misdemeanor for any person to register a vehicle in a county or municipality which does not conduct a vehicle emission testing program if the registered owner of that vehicle resides in a county or municipality conducting a vehicle emissions inspection program and the person registering the vehicle does so for the purpose of evading a vehicle emissions inspection program.

66-3-8. EXAMINATION OF REGISTRATION RECORDS AND INDEX OF STOLEN AND RECOVERED VEHICLES.--The department, upon receiving application for original registration of a vehicle or a certificate of title, except a title issued on a manufactured home, shall first check the engine or other standard identification number provided by the manufacturer of the vehicle shown in the application against its own records, the records of the national crime information center and other records as appropriate.

D. The director may appoint any individual to be an authorized inspector if that individual has met the requirements of 18.19.3.10 NMAC. Appointments may be made for specified periods of time. The director may terminate the appointment of any individual as an authorized inspector at any time, without prior notice or explanation.

E. Any individual desiring to become an authorized inspector must:

- (3) demonstrate to the division's satisfaction that he or she has completed

satisfactorily training in:

(b) inspecting vehicles which have been assembled or re-assembled to verify that such vehicles have the safety equipment set forth in Sections 66-3-801 through 66-3-887 and 66-7-401 through 66-7-416 NMSA 1978 or as set forth by federal law or regulation; and

division against any and all liability in the event that any person is injured or suffers property damage as a result of the actions of the individual in the performance of the duties delegated through 18.19.3.10 NMAC.

F. An individual appointed as an inspector is authorized only to inspect vehicles on behalf of the division for vehicle identification numbers and for verification of safety equipment required by Sections 66-3-801 through 66-3-887 and 66-7-401 through 66-7-416 NMSA 1978 or by federal law or regulation. The authorized inspector may not permit any other individual to perform in the name of the authorized inspector any of the duties delegated under the appointment.

66-3-9. REGISTRATION INDEXES.--The department shall file each application received for registration of a vehicle. When satisfied as to the genuineness and regularity of the application and that the applicant is entitled to register the vehicle and to the issuance of a certificate of title, the department shall register the vehicle described and keep a suitable record thereof.

66-3-10. Department to issue certificate of title, evidence of registration, registration plate and validation sticker; release of lien; odometer statement.

C. The registration evidence shall be delivered to the owner and shall contain upon its face the date issued, the name and address of the owner, the registration number assigned to the owner and such description of the vehicle registered to the owner as determined by the secretary.

D. The certificate of title shall contain the identical information required on the registration evidence and in addition a statement of the owner's title and of all liens and encumbrances upon the vehicle.

E. The certificate of title shall contain a space for the release of any lien, space for assignment of title or interest and warranty by the owner and space for notation of liens and encumbrances upon the vehicle at the time of transfer.

F. The certificate of title shall be delivered to the owner in the event no lien or encumbrances appear thereon, otherwise the certificate of title shall be delivered to the person named to receive it in the application for certificate.

G. Whenever the owner of a vehicle subject to registration transfers the person's title or interest in the vehicle to a nonresident who desires to title the vehicle in the state of the nonresident's residence, the department upon receiving application and the payment of the proper fee shall issue a certificate of title only and record on the certificate all liens and encumbrances.

~~(Laws 2020, Chapter 39, Section 2)~~

**66-3-10.1. SALVAGE VEHICLES--NONREPAIRABLE VEHICLES--
CERTIFICATE OF TITLE--TRANSFER OF OWNERSHIP.--**

A. It is unlawful for a person to sell or otherwise convey ownership of a salvage or nonrepairable vehicle unless the certificate of title or ownership is branded or a comparable title, certificate or ownership document has been issued by another state or jurisdiction.

B. An owner of a nonrepairable vehicle shall sell or otherwise convey that vehicle only to a licensed wrecker of vehicles or a person licensed by a jurisdiction outside of this state to process vehicles by dismantling, wrecking, shredding, crushing or selling motor vehicle parts or scrap material or otherwise disposing of motor vehicles.

C. A nonrepairable vehicle shall not be repaired, reconstructed or restored for operation on the roads or highways of this state.

D. This section does not apply to:

(1) a person whose motor vehicle has been stolen or taken without that person's consent unless, if the motor vehicle is recovered, it is a salvage or nonrepairable vehicle; or

(2) a person conveying ownership of a motor vehicle to an insurance company as a result of a total loss insurance settlement. For the purpose of this paragraph, "total loss insurance settlement" means the transfer of ownership of a motor vehicle by a person to an insurance company as a result of a settlement in which the motor vehicle is determined to be salvage or nonrepairable.

(Laws 2005, Chapter 324, Section 8)

18.19.3.50 - SALVAGE-BRANDED TITLES – DEFINITIONS

For the purposes of 18.19.3.50 through 18.19.3.53 NMAC:

A. “salvage-branded title” or “salvage title” means a title issued by the motor vehicle division which title indicates the subject vehicle is a salvage vehicle; and

B. “salvage vehicle” means a vehicle that meets the definition of a salvage vehicle as defined in Subsection C of Section 66-1-4.16 NMSA 1978 of the Motor Vehicle Code.

[3/6/92, 7/19/94, 10/31/96; 18.19.3.50 NMAC - Rn & A, 18 NMAC 19.3.11.1, 9/14/00; A, 9/15/06]

18.19.3.51 - SALVAGE-BRANDED TITLES – STOLEN VEHICLES

A. A salvage-branded title need not be issued to a stolen but unrecovered vehicle.

B. If, subsequent to the recovery of a stolen vehicle, it is determined that it meets the definition of a salvage or non-repairable motor vehicle as set forth in Subsection C of Section 66-1-4.16 NMSA 1978 or Subsection A of Section 66-1-4.12 NMSA 1978, the owner must follow the procedures set forth in statute or regulation for obtaining a salvage title or non-repairable certificate.

[3/6/92, 7/19/94, 10/31/96; 18.19.3.51 NMAC - Rn, 18 NMAC 19.3.11.2, 9/14/00; A, 9/15/06]

18.19.3.52 - SALVAGE-BRANDED TITLES - SALVAGE VEHICLES

A. A salvage-branded title must be issued to transfer title to a salvage vehicle.

B. In determining whether a vehicle is a salvage vehicle, only costs related to returning the vehicle to a road-worthy condition shall be included as costs of repairing the vehicle. Costs which are beyond those necessary to make a damaged vehicle safely operable on the highways, such as replacing a clear windshield with a tinted one or adding racing stripes, shall be excluded. Payments not related to the repair of the vehicle, such as compensation for medical costs, car rentals, lost work time and the like, shall also be excluded. Fair market value shall be that indicated for the make and model in the national automobile dealers association used car pricing guide, or equivalent publication, exclusive of the fair market value of accessories, such as a stereo system.

C. Example: The interior of a vehicle is vandalized. A stereo system is ripped out and destroyed; the interior is set on fire. The market value of the vehicle, exclusive of the stereo, is \$1,000 prior to the incident. The stereo was worth \$1,500. Costs of restoring the interior to allow safe operation on the highways is \$800. This vehicle is not a salvage vehicle. The costs of repairing the vehicle so that it is safe to operate is \$800, which is less than the \$1,000 fair market value of the vehicle itself, exclusive of the stereo.

D. The declaration by an insurance company that a vehicle is a salvage or non-repairable vehicle makes the vehicle a salvage vehicle or non-repairable vehicle regardless of the relative amounts of repair costs versus fair market value.

E. Example: If, in the preceding example, an insurance company settled claims with respect to the vehicle for \$2,200 and declared the vehicle a salvage or non-repairable vehicle, the vehicle is a salvage vehicle or non-repairable vehicle, depending on the determination of the insurance company, so long as that determination is not inconsistent with statutory definitions. [3/6/92, 7/19/94, 10/31/96; 18.19.3.52 NMAC - Rn, 18 NMAC 19.3.11.3, 9/14/00; A, 9/15/06]

18.19.3.53 - SALVAGE-BRANDED TITLES - BRANDING OF TITLE

A. The procedures specified in 18.19.3.53 NMAC govern the transfer of title to a salvage or non-repairable vehicle.

B. **Transfer to an insurance company:** The steps below are to be followed when an insurance company takes title to a salvage vehicle or non-repairable vehicle in exchange for a payment to a person making a claim for vehicle damages.

(1) The insurance company or its authorized agent shall obtain the title or manufacturer's certificate of origin (MCO) for the vehicle and verify that the document is in the name of the former owner.

(2) The former owner or the former owner's authorized agent shall sign the title or MCO on the seller's release line. If a business was the former owner, the name of the business must appear with the signature of the business's owner, officer or agent.

(3) The name of the insurance company shall be entered in the purchaser section of the title or MCO.

(4) The insurance company shall apply for a salvage title or non-repairable certificate in its name before transferring title to the vehicle.

(5) The insurance company shall submit the endorsed title or MCO to the motor vehicle division, together with a written explanation of the reason for the branding. In the case of

a salvage vehicle, a statement must be included of the costs of repair to make the vehicle safe for operation on the highways and the estimate of its fair market value immediately prior to damage. If the title was issued by a jurisdiction other than New Mexico, a copy of the title must be sent to the issuing jurisdiction with a completed "statement of loss".

C. **Transfer to person other than an insurance company:** The steps below are to be followed whenever the owner of a salvage vehicle or a non-repairable vehicle transfers title to any person other than an insurance company.

(1) The transferee will make reasonable efforts to verify that the title or manufacturer's certificate of origin (MCO) is properly in the name of the transferor.

(2) The transferor or transferor's authorized agent shall sign the title or MCO on the seller's release line. If a business is the transferor, the name of the business must appear with the signature of the business's owner, officer or agent.

(3) The name of the transferee shall be entered in the purchaser section of the title or MCO.

(4) If the title or MCO is not already branded with the word "SALVAGE" or "NON-REPAIRABLE", the transferor shall stamp or otherwise mark in ink the face of the title or MCO with the word "SALVAGE" or "NON-REPAIRABLE" in letters no less than one-half inch high, at an angle of approximately 45 degrees to the text of the title or MCO. The branding shall not cover the portion of the title or MCO which describes the vehicle.

(5) If the vehicle is a non-repairable vehicle, the owner may not transfer ownership to any person who is not a licensed auto recycler.

(6) The transferor shall submit a copy of the branded title or MCO to the motor vehicle division. If the title or MCO had not previously been branded with the word "SALVAGE" or "NON-REPAIRABLE", the transferor shall submit with the title or MCO a written explanation explaining the reason for the branding.

C. Any peace officer may, upon discovering that the registration plate of any vehicle is illegible because of wear or damage or other cause, issue a citation to the owner or operator of the vehicle. The citation shall provide that the owner shall, within thirty days from the date of the citation, apply for and obtain a duplicate or replacement plate from the division.

The plate shall be securely fastened at all times in a fixed horizontal position at a height of not less than twelve inches from the ground, measuring from the bottom of the plate. It shall be in a place and position so as to be clearly visible, and it shall be maintained free from foreign material and in a condition to be clearly legible.

B. A demonstration or temporary registration permit shall be firmly affixed to the inside left rear window of the vehicle to which it is issued, unless such display presents a safety hazard or the demonstration or temporary registration permit is not visible or readable from that position, in which case, the demonstration or temporary registration permit shall be displayed in such a manner that it is clearly visible from the rear or left side of the vehicle.

C. No vehicle while being operated on the highways of this state shall have displayed either on the front or the rear of the vehicle any registration plate, including validating sticker, other than one issued or validated for the current registration period by the department or any other licensing authority having jurisdiction over the vehicle. (1) prorate registration fees by monthly increments, but after the initial registration adjustment period, renewals of registration shall be for a full twelve-month period;

(2) determine the specific registered vehicle owners and the numbers of these to be assigned to each registration period in order to maintain the system;

(3) notify each registered vehicle owner by mail at the last known address within an appropriate period prior to the beginning of the registration period to which the owner has been assigned. The notice shall include a renewal-of-registration application form specifying the amount of registration fees due and the specific dates of the registration period covered by the renewal application;

(4) provide for the retention of registration plates;

(5) provide for the issuance of validating stickers to be affixed either to retained registration plates or elsewhere on the vehicles as prescribed by the department to signify the registration of the vehicles for the current registration period; and

(6) provide for identification purposes clearly recognizable distinctions between current and expired registration plates. To this end, the department, by whatever system or device the secretary may direct and which is approved by the chief of the New Mexico state police division of the department of public safety, shall ensure a practicable display of the proper and current registration of vehicles.

B. Certificates of title need not be renewed annually but shall remain valid until canceled by the department for cause or upon transfer of any interest shown in the certificate of title.

C. The vehicle registration of vehicles registered under the provisions of Subsection A of this section expires on the last day of the twelve-month period for which the vehicle has been registered. Every vehicle registration other than vehicles registered in accordance with Subsection A of this section, manufactured homes and freight trailers expires December 31. The department may receive applications for renewal of registration and may issue new registration evidence and registration plates or validating stickers at any time prior to expiration of registration.

D. The registration of a manufactured home or freight trailer need not be renewed annually, and the initial registration shall be effective and considered a current registration for the purpose of the Motor Vehicle Code as long as the ownership of the vehicle is not transferred. The transfer of title provisions of the Motor Vehicle Code do apply to manufactured homes and

freight trailers, and the transferee is required to register the vehicle in accordance with Section 66-3-103 NMSA 1978. The department is authorized and directed to issue distinctive registration plates for manufactured homes and freight trailers that identify the plates as permanent registration plates.

E. It is unlawful to operate or transport or cause to be transported upon any highways in this state any vehicle, except a commercial motor vehicle registered in another state or a manufactured home, subject to registration under the provisions of the Motor Vehicle Code without having paid the registration fee or without having secured and constantly displayed the registration plate required by the Motor Vehicle Code. If a vehicle, other than a manufactured home, is operated or transported after the expiration of the vehicle registration, the owner of the vehicle is subject to a penalty of the greater of ten dollars (\$10.00) or, if the vehicle is operated or transported thirty-one or more days after the expiration of the registration, an amount equal to seventy-five percent of the registration fee. Any duly appointed deputy or agent of the department has the authority to seize the vehicle and hold it until the fee, penalty and any fine that may be imposed for violation of law are paid and may sell the vehicle in the manner provided by law for the distraint and sale of personal property.

F. It is unlawful to operate, transport or cause to be transported upon any highways in this state or to maintain in any place in this state a manufactured home subject to registration under the provisions of the Motor Vehicle Code without having paid the registration fee or without having secured and constantly displayed the registration plate required by the Motor Vehicle Code. Violation of this subsection subjects the owner to a penalty of five dollars (\$5.00), and no other administrative penalty for failure to register under the Motor Vehicle Code shall be imposed upon manufactured homes that are subject to the provisions of Section 66-6-10 NMSA 1978. Any duly appointed deputy or agent of the department has authority to seize the manufactured home and hold it until the fee, penalties and any fine that may be imposed for violation of law are paid and may sell the manufactured home in the manner provided by law for the distraint and sale of personal property.

G. This section authorizes a staggered system of registration of vehicles.

RENEWAL OF REGISTRATION--VEHICLES REGISTERED BY DECLARED GROSS WEIGHT.-- All motor vehicles registered by declared gross weight, including vehicles subject to the international registration plan or registration under reciprocal agreement with another state, shall be registered with the department on a staggered basis and that registration shall expire at the end of the twelve-month registration period.

A. All vehicles, motorcycles or trucks with a declared gross weight of twenty-six thousand pounds or less may be registered for a period of two years; provided the two-year registration period shall begin on the first day of any month and expire on the last day of any month.

B. The fee for a two-year registration shall be twice the fee for a one-year registration.

C. If the owner of a vehicle that is registered for two years sells, transfers or assigns title to or interest in the vehicle within the first year of registration and applies to have the registration number assigned to another vehicle pursuant to Section 66-3-101 NMSA 1978, upon assignment, the person may apply for a refund of one-half of the two-year registration fee.
(Laws 2007, Chapter 319, Section 21)

66-3-21. VEHICLE EXCEEDING DECLARED GROSS WEIGHT.--

A. Except as otherwise provided by law, a vehicle or combination shall not be operated upon the public highways of this state when the gross vehicle weight or gross combination vehicle weight exceeds the declared gross weight. Any person violating the provisions of this section shall be:

(1) assessed a penalty for the lapsed portion of the registration period in an amount equal to the difference between the fee for the declared gross weight and the fee for the gross vehicle weight or gross combination vehicle weight at which the vehicle or combination was weighed; and

(2) required to register the vehicle or combination at the higher declared gross weight in accordance with the weight at the time of the violation for the remainder of the registration period and to pay that fee.

B. Such registration shall not be construed to authorize the movement of loads in violation of the state's size and weight laws.

(Laws 2007, Chapter 319, Section 22)

66-3-22. RE-REGISTRATION--CHANGE IN DECLARED GROSS WEIGHT.--

A. Any vehicle or combination registered at a declared gross weight may be re-registered at a higher weight upon payment of the difference between the paid registration fee and the new registration fee. The amount shall be prorated on a quarterly basis, with any fraction of a quarter-year to be considered a full quarter. In no event shall the amount be less than five dollars (\$5.00)

B. When a vehicle or combination has been altered, or from which equipment has been removed to meet legal requirements, and thus will not operate at the current declared gross weight, the registrant may apply for a lowering of the declared gross weight. Upon approval, the registrant shall be refunded a sum equal to the difference between the fee paid for the current registration period and the revised registration fee for the same period, multiplied by the fraction of the whole period remaining, calculated on the basis of the number of complete quarter-years remaining after the date of the application for changed registration.

66-3-23. NOTICE OF CHANGE OF ADDRESS OR NAME.--

A. Whenever any person after making application for or obtaining the registration of a vehicle or a certificate of title moves from the address named in the application or shown upon a registration card or certificate of title, he shall, within ten days thereafter, excluding Saturdays, Sundays and legal holidays, notify the division in writing of his old and new addresses or by electronic media pursuant to department regulations.

B. Whenever the name of any person who has made application for or obtained the registration of a vehicle or a certificate of title is changed by marriage or otherwise, the person shall, within ten days, excluding Saturdays, Sundays and legal holidays, make application for a new certificate of title and registration to the division. In the event any registration evidence or registration plate is lost, mutilated or becomes illegible, the owner or legal representative or successor in interest of the owner of the vehicle for which the registration evidence or registration plate was issued as shown by the records of the division shall immediately make application for and may obtain a duplicate or a new registration under a new registration number as determined to be the most advisable by the division upon the applicant furnishing information satisfactory to the division.

B. In the event any certificate of title is lost, mutilated or becomes illegible, the owner or legal representative or successor in interest of the owner of the boat required to be titled under the provisions of the Boat Act or the vehicle for which the certificate of title was issued as shown by the records of the division shall immediately make application for and may obtain a duplicate upon the applicant furnishing information satisfactory to the division. In the event a lien or encumbrance is filed of record with the division, the division shall require the application for the duplicate certificate of title to be signed by the holder of the lien or encumbrance. Upon issuance of any duplicate certificate of title, the previous certificate last issued is void.

C. In the absence of the regularly required supporting evidence of ownership upon application for certificate of title, registration or transfer of a boat required to be titled under the provisions of the Boat Act or a vehicle, the division may accept an undertaking or surety bond, in an amount double the value of the boat or vehicle, which shall be conditioned to protect the department and all officers and employees of the department and any subsequent purchaser of the boat or vehicle, any person holding or acquiring a lien or security interest on the boat or vehicle or the successor in interest of the purchaser or person against any loss or damage on account of any defect in or undisclosed claim upon the right, title and interest of the applicant or other person in and to the boat or vehicle. The bond shall run to the true owner or the lienholder. The bond shall expire three years after the date it became effective.

(Laws 2007, Chapter 319, Section 23)

66-3-25. DIVISION MAY ASSIGN NEW IDENTIFYING NUMBER.--The division is authorized to assign a "distinguishing number" to a vehicle, required to be registered under the provisions of the Motor Vehicle Code, whenever the identifying number thereon is destroyed or obliterated. The distinguishing number shall be affixed to the vehicle in a position to be determined by the director. Such vehicle shall be registered under such distinguishing number in lieu of the former identifying number.

66-3-27. HORSELESS CARRIAGE REGISTRATION.--

A. A motor vehicle at least thirty-five years old owned as a collector's item and used solely for exhibition and educational purposes is a "horseless carriage". On application to the secretary, the owner of the horseless carriage may receive a certificate of title and permanent registration upon:

(1) payment of a fee of ten dollars (\$10.00); and

(2) submission of a witnessed bill of sale on the horseless carriage or an affidavit that the vehicle was assembled by the owner from parts of automobiles at least thirty-five years old.

B. Upon approval of the application, the secretary shall issue one five-year registration plate with registration numbers and the words "Horseless Carriage", "Land of Enchantment" and "New Mexico". The plate, bearing no date, shall be attached to the rear of the vehicle.

C. Upon transfer of ownership of a horseless carriage, the new owner shall apply to the secretary for a transfer of title as provided in and subject to the penalties contained in Section 66-3-103 NMSA 1978. The registration plates shall remain with the transferred vehicle.

D. Beginning in 1968 and each five-year period thereafter, every plate shall be revalidated upon application approved by the secretary, accompanied by a fee of five dollars (\$5.00). Upon loss of the original registration plate, a duplicate plate may be obtained by the owner upon payment of a fee of ten dollars (\$10.00).

66-3-30. SCHOOL BUS REGISTRATION--RENEWAL.--

A. A school district, another public entity or a school bus contractor may register a school bus that it owns on a permanent basis, without the requirement of renewal, at the time the school bus is initially registered with the department and issued a certificate of title or subsequent to initial registration at the next registration renewal date. When the owner of a registered vehicle sells, transfers or assigns the owner's title to or interest in, and delivers the possession of, the vehicle to another, the registration of the vehicle shall expire. The previous owner shall notify the division of the sale or transfer giving the date thereof, the name and address of the new owner and such description of the vehicle as may be required in the appropriate form provided for such purpose by the division. In the case of any transfer, including but not limited to a transfer resulting from a sale, lease, gift or auction of any vehicle, the person making the transfer shall sign and shall record on the document evidencing the transfer of the vehicle the actual mileage of the vehicle as indicated by the vehicle's odometer at the time of the transfer.

B. When the owner of a registered vehicle sells, transfers or assigns title to or interest in the vehicle, the owner shall remove the registration plates from the vehicle, except as provided in Subsection C of this section, and either forward the registration plates to the division or its authorized agent to be destroyed or apply to have the plate and the registration number assigned to another vehicle of the same class. The division may assign the plate and registration number to the newly acquired vehicle of the same class only upon payment of the registration fee, if applicable, and only if the application is made in the name of the original registered owner, unless the owner's name has been changed by marriage, divorce or court order.

C. When the owner of a vehicle bearing a current registration plate of a foreign state, territory or country transfers or assigns the owner's title or interest in the vehicle, the foreign registration plate shall be delivered, together with the title to the vehicle and evidence of registration, to the division or its authorized agent at the time application is made for a New Mexico registration plate, except when the assignment or transfer of the title is to a bona fide resident of the foreign state, territory or country in which the vehicle is registered.

D. The registration plate shall not be displayed on the newly acquired vehicle until the registration of the vehicle has been completed and a new registration certificate issued. However, the temporary registration permit issued for the vehicle by the dealer pursuant to the provisions of Section 66-3-6 NMSA 1978 shall be displayed in accordance with Subsection B of Section 66-3-18 NMSA 1978.

(Laws 2007, Chapter 319, Section 24)

66-3-101.1. TERMINAL RENTAL ADJUSTMENT CLAUSES--VEHICLE LEASES THAT ARE NOT SALES NOR CREATE SECURITY INTERESTS.—Notwithstanding any other provision of law, in the case of motor vehicles or trailers that are leased, except for those motor vehicles or trailers leased for personal, family or household purposes, a lease transaction does not create a sale of or security interest in a motor vehicle or trailer, or transfer ownership to the lessee, merely because the lease contains a terminal rental adjustment clause that provides that the rental price is permitted or required to be adjusted up or down in respect to the amount of money realized upon the sale of the motor vehicle or trailer. Nothing in this section exempts a leaseholder of a motor vehicle or trailer from payment of fees or taxes otherwise required pursuant to New Mexico law.
(Laws 2013, Chapter 52, Section 1)

66-3-102. ENDORSE OF ASSIGNMENT AND WARRANTY OF TITLE.--
The owner shall endorse an assignment and warranty of title upon the certificate of title for such vehicle with a statement of all liens or encumbrances thereto, and he shall deliver the certificate of title to the purchaser or transferee at the time of delivering the vehicle.

66-3-103. NEW OWNER TO SECURE TRANSFER OR REGISTRATION AND NEW CERTIFICATE OF TITLE--TIME PERIOD--PENALTY.--

A. Except as otherwise provided by law, the transferee before operating or permitting the operation of the vehicle or boat on a highway or waterway shall present to the division the certificate of registration and the properly assigned certificate of title and shall apply for and obtain a new certificate of title and a new registration for the vehicle.

B. A transferee who fails to apply for transfer of registration and issuance of a new certificate of title within thirty days from the date of transfer is guilty of a penalty assessment misdemeanor.
(Laws 2018, Chapter 74, Section 9)

66-3-104. USE OF PLATE AND REGISTRATION NUMBER ON ANOTHER VEHICLE--TRANSFER OF REGISTRATION.--

A. When the owner of a registered vehicle assigns title or interest to the vehicle, the registration of that vehicle expires, unless the vehicle is registered for an extended registration period and the owner applies to have the registration number assigned to another vehicle as provided in Subsection B of this section.

B. When the owner of a registered vehicle assigns title or interest to the vehicle, he shall remove and retain the registration plate from the vehicle and, within thirty days of the transfer, either make application to have the registration number assigned to another vehicle of the same class or forward the plate to the department or its authorized agent to be destroyed. The transfer of the registration plate shall be permitted only if the application for transfer is made in the name of the original registered owner unless the owner's name has been changed by marriage, divorce or court order.

66-3-105. TRANSFER BY OPERATION OF LAW.--

A. Whenever the title or interest of an owner in or to a registered vehicle shall pass to another by operation of law, as upon inheritance, bequest, order in bankruptcy or insolvency, execution sale, repossession upon default in performance in the terms of a lease or executory sales contract, or otherwise than by voluntary transfer, the transferee shall be subject to the provisions of this section.

B. Notice of transfer by operation of law shall be signed by the executor, administrator, receiver, trustee, sheriff or other representative or successor in interest of the owner of the vehicle. The registration certificate and plate shall be delivered to the registered owner upon such notification or shall be removed by the transferee upon repossession, and submitted to the division for cancellation.

C. The transferee, except as provided in Subsection D of this section, shall secure a transfer of registration to himself and a new certificate of title upon proper application and upon presentation of the last certificate of title, if available, and such instruments or documents of authority, or certified copies thereof, as may be sufficient or required by law to evidence or effect a transfer of title or interest in or to chattels in such case.

D. When the transferee does not operate or permit the operation of such vehicle upon the highways, or when the transferee operates such vehicle only for the purposes of immediate delivery, demonstration or resale to another person, the transferee shall display upon such vehicle a temporary permit issued to such vehicle by the division. The transferee shall not be required to secure a transfer of registration or a new certificate of title, but upon his transfer of title or interest to another person, he shall execute an assignment and warranty of title upon the certificate of title previously issued, if available, and deliver the same, along with the documents of authority or certified copies thereof as may be sufficient or required by law to evidence the rights of such person, to the person to whom such transfer is made.

66-3-106. OWNER AFTER TRANSFER NOT LIABLE FOR NEGLIGENT OPERATION.--The owner of a vehicle who has made a bona fide sale or transfer of his title or interest, and who has delivered possession of such vehicle and the certificate of title properly assigned to the purchaser or transferee, shall not be liable for any damages thereafter resulting from negligent operation of such vehicle by another.

66-3-107. DUTIES OF SELLER OR TRANSFEROR--ADDITIONAL DUTIES OF DEALERS--APPLICATION FOR REGISTRATION--PENALTY--MILEAGE OF VEHICLE.--

A. Any seller or transferor, including a dealer, of a vehicle required to be registered pursuant to the Motor Vehicle Code shall furnish to the purchaser upon delivery the necessary title properly assigned and shall inform the purchaser that application for registration must be filed with the department within thirty days of the date of sale. When a dealer licensed pursuant to Section 66-4-1 NMSA 1978 allows a vehicle to be purchased over a period of time pursuant to an expressed or implied contract and elects to retain a security interest in the vehicle, the dealer shall collect the necessary registration fees from the purchaser upon delivery of the vehicle and shall, within thirty days, pay all registration fees due on the vehicle to the department and shall give to the new purchaser the new registration certificate in the purchaser's name.

B. Every dealer, upon transferring by sale, lease or otherwise any vehicle, whether new or used, of a type subject to registration pursuant to the Motor Vehicle Code shall give written notice of the transfer to the department upon an appropriate form provided by the department.

C. Except as otherwise provided in this section, the dealer shall indicate on the form the actual mileage of the vehicle as indicated by the vehicle's odometer at the time of the transfer.

D. A sale shall be deemed completed and consummated when the purchaser of that vehicle has paid the purchase price or, in lieu thereof, has signed a purchase contract or security agreement and taken physical possession or delivery of that vehicle.

E. Failure to apply for assignment of registration and issuance of a new certificate of title within thirty days from the date of sale, transfer or assignment of a vehicle subjects the owner of the newly acquired vehicle to a penalty of twenty dollars (\$20.00), which shall be collected by the department and shall be in addition to other fees and penalties provided by law.

(Laws 2007, Chapter 319, Section 25)

66-3-108. TRANSFER TO DEALERS.--When the transferee of a vehicle is a dealer who holds the vehicle for resale and does not drive the vehicle or permit it to be driven upon the highways, the dealer shall not be required to obtain transfer of registration of the vehicle or forward the certificate of title to the department. However, the dealer, upon transferring his title or interest to another person, shall execute an assignment and warrant of title upon the certificate of title and deliver the same to the person to whom the transfer is made.

66-3-109. DEALER'S GUARANTEE OF TITLE.--A dealer licensed under the Motor Vehicle Code may guarantee the title to a specially constructed or reconstructed vehicle for which no title exists, and may guarantee the title of any vehicle for which the certificate of title cannot be obtained. Such guarantee shall be in the form of an affidavit filed with the division. Upon receipt of such affidavit, together with such other information as the division may require, and upon payment of the proper fees, the division, in its discretion, may issue a certificate of title for the vehicle named in the affidavit.

66-3-110. WHEN DIVISION TO REREGISTER VEHICLE AND ISSUE NEW CERTIFICATE.--

A. The division upon receipt of a properly endorsed certificate of title, current registration evidence and proper application for registration or transfer of registration accompanied by the required fee and when satisfied as to the genuineness and regularity of the transfer and of the right of the transferee to a certificate of title shall reregister the vehicle as upon a new registration in the name of the new owner and issue a new certificate of title as upon an original application.

B. If the vehicle is a manufactured home, the division shall require in addition to those conditions set out in Subsection A of this section a certificate from the treasurer or assessor of the county in which the manufactured home is located showing that either:

(1) all property taxes due or to become due on the manufactured home for the current tax year or any past tax years have been paid; or

(2) no liability for property taxes on the manufactured home exists for the current year or any past tax years.

C. The division shall retain and appropriately file every surrendered certificate of title. The file shall be so maintained as to permit the tracing of title of the vehicles designated therein.

66-3-111. ASSIGNMENT BY PERSON HOLDING LIEN.--Any person holding a lien or encumbrance upon a vehicle, other than a lien dependent solely upon possession, may assign his title or interest in or to such vehicle to a person other than the owner without the consent of, and without affecting the interest of such owner or the registration of such vehicle, but in such event, he shall give to the owner a written notice of such assignment. The division, upon receiving a certificate of title assigned by the holder of the lien or encumbrance shown thereon and showing the name and address of the assignee, shall issue a new certificate of title as upon an original application.

66-3-112. RELEASE BY LIENHOLDER TO OWNER.--A person holding a lien or encumbrance as shown upon a certificate of title for a vehicle may release such lien or encumbrance or assign his interest to the owner without affecting the registration of said vehicle. The division, upon receiving a certificate of title upon which a lienholder has released or assigned his interest to the owner, or upon receipt of a certificate of title not so endorsed but accompanied by a legal release from a lienholder of interest in or to a vehicle, shall issue a new certificate of title as upon an original application.

66-3-113. FAILURE TO DELIVER CERTIFICATE--PENALTY. --

A. Except as provided in Section 66-3-24B NMSA 1978, it is a misdemeanor for any person to fail or neglect to properly endorse and deliver a certificate of title to a transferee or owner lawfully entitled thereto.

B. Upon conviction of a second such offense, the offender is guilty of a misdemeanor but shall be punished by a fine of not more than one thousand dollars (\$1,000) or by imprisonment for not more than three hundred sixty-four days, or both.

66-3-115. NOTIFICATION FORMS--COPIES--RESALE OF SALVAGED VEHICLE OR MOTOR VEHICLE.--

A. No person licensed under Section 66-4-1 NMSA 1978 shall sell, give away or otherwise dispose of any vehicle or motor vehicle obtained in the course of business unless he has properly filled out a dismantler's notification form and mailed one copy of that form to the division of motor vehicles and one copy of the form to the law enforcement agency designated by the division of motor vehicles for that purpose. If the licensee has a certificate of title for the vehicle or motor vehicle, it must be mailed to the division of motor vehicles together with one copy of the dismantler's notification form.

B. The licensee shall furnish the new purchaser or recipient of any such salvaged vehicle or motor vehicle with a bill of sale and one copy of the dismantler's notification form which shall serve as proof of ownership only for dismantling, transporting or rebuilding purposes.

C. The purchaser of such vehicle or motor vehicle may obtain a new certificate of title authorizing him to use the vehicle or motor vehicle for transportation purposes, provided:

(1) he furnishes the division of motor vehicles with a bill of sale and a copy of the dismantler's notification form for the vehicle or motor vehicle to be retitled;

(2) the vehicle or motor vehicle is in satisfactory repair and is fully roadworthy; and

(3) the vehicle identification number can be verified and corresponds to the vehicle identification number stated on the dismantler's notification form.

D. The division of motor vehicles shall make or cause to be made all necessary inspections and verifications pursuant to this section and, if satisfied that all conditions have been met, shall issue a title. Such title shall indicate the vehicle identification number and the assigned New Mexico numbers, if any.

66-3-116. TITLE CANCELLATION.--The division of motor vehicles shall, upon receipt of a properly completed dismantler's notification form from a person licensed under Section 66-4-1 NMSA 1978, cancel the title of the vehicle in their records.

**66-3-118. MANUFACTURER'S CERTIFICATE OF ORIGIN--
TRANSFER OF VEHICLE NOT PREVIOUSLY REGISTERED.--**

A. Whenever a manufacturer or the agent or distributor of a manufacturer transfers a vehicle, not previously registered, to a dealer in this state, the manufacturer, agent or distributor at the time of transfer of the vehicle shall deliver to the dealer a manufacturer's certificate of origin. The certificate shall be signed by the manufacturer and shall specify that the vehicle described has been transferred to the dealer named and that the transfer is the first transfer of the vehicle in ordinary trade and commerce.

B. The certificate shall contain a description of the vehicle, number of cylinders, type of body, engine number, serial number or other standard identification number provided by the manufacturer of the vehicle and space for proper reassignment to a New Mexico dealer or to a dealer duly licensed or recognized as such in another state, territory or possession of the United States.

C. Any dealer when transferring a vehicle, not previously registered, to another dealer shall, at the time of transfer, give the transferee the proper manufacturer's certificate of origin fully assigned to the transferee.

D. When a vehicle not previously registered is transferred to a dealer who does not hold a franchise granted by the manufacturer of the vehicle to sell that type or model of vehicle, the transferee must obtain a registration of the vehicle and certificate of title but shall not be required to pay the excise tax imposed by Section 7-14-3 NMSA 1978.

(Laws 2007, Chapter 319, Section 26)

66-3-119. VEHICLE TO BE DISMANTLED.--In addition to any requirements pursuant to Section 1 of this 2018 act:

A. except as provided in Sections 66-3-115, 66-3-116 and 66-3-118 through 66-3-121 NMSA 1978, any person who sells, gives away, trades or disposes of any vehicle as scrap or to be dismantled or destroyed by any person required to be licensed under Section 66-4-1 NMSA 1978 shall assign the certificate of title of the vehicle to the recipient and shall deliver the certificate of title to the recipient. A licensed dismantler receiving any registration plates shall either return them to the owner upon demand or destroy them within five days;

B. except as provided in Sections 66-3-115, 66-3-116 and 66-3-118 through 66-3-121 NMSA 1978, no person shall dismantle or destroy a vehicle unless the person possesses a certificate of title or other proof of ownership of the vehicle and completes and sends in the dismantler's notification form to the division and any law enforcement agency designated by the division for that purpose; and

C. any person licensed under Section 66-4-1 NMSA 1978 may take possession of an abandoned vehicle; provided that:

(1) the person obtains at the time of acquisition a written clearance form from a law enforcement agency mentioned in Section 66-3-121 NMSA 1978;

(2) within five days after acquisition of the abandoned vehicle, the person requests from the division an official form indicating the names and addresses of all lienholders and owners of record. If the abandoned vehicle has out-of-state license plates or the licensee has some other reason to believe that the abandoned vehicle is registered in a state other than New Mexico, the person shall request the same information from the appropriate agency of that state;

(3) within five days after receiving the names and addresses of all lienholders and owners of record, the person informs them by certified mail, return receipt requested, of the person's possession of the abandoned vehicle and of all charges, if any, against the abandoned vehicle and of the person's intent to dispose of the vehicle if no claim is made within thirty days after the delivery of the letter;

(4) in those cases where neither the division nor the appropriate state agency specified in this section is able to furnish the names of any lienholders or owners of record, the vehicle shall then be deemed as abandoned, and a licensed dismantler may dispose of the abandoned vehicle once the dismantler has properly completed a dismantler's notification form for the abandoned vehicle and has submitted the form to the division together with a copy of the correspondence with either the division or the state agency specified in this section indicating that there are no lienholders or owners of record;

(5) when a lienholder or owner of record is known and the

required notice has been sent and the dismantler has waited the required thirty days and has not received a valid claim, the dismantler shall properly complete a dismantler's notification form for the abandoned vehicle and submit the form together with any correspondence with the division or appropriate state agency specified in this subsection indicating the names and addresses of lienholders and owners of record plus proof of notification together with an affidavit signed by the dismantler stating under oath or affirmation that the dismantler has complied with provisions of this section and the dismantler has not received during the thirty-day period following notification any valid claim against the abandoned vehicle in question or, while a valid claim has been made, the dismantler has not received within sixty days following the notification payment for fees connected with towing and storage of the abandoned vehicle in question;

(6) any person who fails to give notice required in this subsection within the time limit specified shall forfeit all liens, interest and claims to the abandoned vehicle in question if claimed by an owner or lienholder;

(7) failure of an owner or lienholder to assert a claim or to pay all legal storage or towing fees, if any, within the specified period of time shall result in that person's forfeiture of liens, interest or claims to the abandoned vehicle; and

(8) upon complying with the conditions of this section and waiting the required period of time, the abandoned vehicle is the property of the dismantler for dismantling or salvage purposes, and the dismantler shall not be required to take further action under the lien laws of this state unless the abandoned vehicle is used for other than dismantling or salvage purposes, and any person licensed under Section 66-4-1 NMSA 1978 may dismantle or destroy the abandoned vehicle.

(Laws 2018, Chapter 75, Section 3)

66-3-120. TRANSPORTATION OF CERTAIN VEHICLES--PROOF OF OWNERSHIP.--

A. Any person transporting any crushed or inoperable vehicle or motor vehicle on any public way, street or highway in any manner whatsoever shall have in his possession proof of ownership of such vehicle, or:

(1) an affidavit from the property owner upon whose property the vehicle or motor vehicle was abandoned authorizing the vehicle's removal from the property owner's land; and

(2) a police clearance indicating the vehicle has not been reported stolen.

B. Any person who possesses either a New Mexico dismantler's or wrecker's license, a New Mexico auto dealer's license, a state corporation commission [public regulation commission] license or a vehicle contract or common carrier license issued by the federal interstate commerce commission, shall be exempt from the provisions of this section while transporting vehicles which are not abandoned, provided he prominently displays a dealer's license plate or a dismantler's plate on the vehicle in tow, or has a New Mexico state corporation commission [public regulation commission] vehicle contract or common carrier permit number or a federal interstate commerce commission vehicle contract or common carrier permit number prominently displayed on the towing vehicle.

C. Any person failing to have such documentation in his possession while transporting such a vehicle or motor vehicle is subject to the penalties produced in Section 66-4-9 NMSA 1978 and any vehicle or motor vehicle being transported by such a person shall be subject to immediate confiscation. Said vehicle or motor vehicle shall be towed to an authorized police impound lot until proof of ownership is presented or until the documentation described in this section is provided by either the owner of the vehicle or the person in possession. Failure to provide such documentation within thirty days shall result in the vehicle or motor vehicle being deemed unclaimed and thus subject to claim by the person or firm in possession.

66-3-121. DISPOSAL OF ABADONED VEHICLE OR MOTOR VEHICLE.--

A. Any person upon whose property or in whose possession is found an abandoned vehicle or motor vehicle shall have authority to sell, retain, give away or dispose of the abandoned vehicle or motor vehicle to any person licensed under Sections 66-4-1 through 66-4-9 NMSA 1978 provided that he notifies a law enforcement agency prior to the disposal and obtains from that agency a written clearance stating that neither the agency's records nor the computerized records of the national crime information center indicate that the abandoned vehicle or motor vehicle has been reported as stolen and either:

(1) the vehicle or motor vehicle in question regardless of its age is either totally wrecked or in such a state of disrepair that it is suitable only for dismantling purposes;

(2) the vehicle or motor vehicle in question is at least eight years of age or older; or

(3) the vehicle or motor vehicle in question has been placed in any storage or wrecker yard at the request of a law enforcement agency or a property owner upon whose property the vehicle or motor vehicle was abandoned and has remained unclaimed in that yard for a period of thirty days, in which case the owner of the storage yard may proceed to make a claim against the motor vehicle or vehicle, as specified in Subsection C of Section 66-3-119 NMSA 1978 as though it were abandoned. Any person wishing to obtain the vehicle may not charge more than fifty cents (\$.50) per day for storage unless he is licensed as a vehicle storage yard, and he must notify owners and lienholders within thirty days or lose all rights to claim the vehicle.

B. In the case of any vehicle or motor vehicle which is less than eight years of age or in such a state of repair that it will be placed back into service or which is not to be used for dismantling purposes or which a property owner wishes to retain for his own use or to sell to anyone other than a licensed dismantler, the person shall proceed to make claim for the vehicle or motor vehicle through a lien process and obtain a new certificate of title prior to disposal.

66-3-122. REGISTRATION EFFECTIVE AFTER DEATH OF OWNER.-- Upon the death of an owner of a vehicle subject to registration, its registration shall continue in force as a valid registration until the end of the registration period for which the license plate or sticker was issued, or until the ownership of the vehicle is transferred before the end of such registration period by the executor or administrator of the estate of the deceased owner or by a legatee or distributee of the estate, or until the ownership thereof is transferred to a new owner before the end of such registration period by the survivor of two joint owners thereof.

66-3-123. REQUIREMENTS OF PURCHASER--FORMS--DISTRIBUTION.-- In addition to any requirements pursuant to Section 1 of this 2018 act, purchasers licensed under the provisions of Section 66-4-1 NMSA 1978 shall, upon purchase of a vehicle to be dismantled, crushed or otherwise destroyed, submit copies of the dismantler's notification form as provided for in Section 66-3-124 NMSA 1978 as follows:

A. electronically to the department as required by Section 66-3-121 NMSA 1978, along with the actual title or proof of ownership required in the state in which the vehicle is registered or licensed;

B. one copy by certified mail within thirty days of acquisition to the local law enforcement agency designated by the department. The agency shall process the form through the files of stolen or embezzled vehicles within five days of receipt of the form;

C. one copy to be retained by the purchaser for as long as the vehicle remains in the purchaser's possession or until the vehicle is destroyed, but in no instance fewer than three years; and

D. one copy to be retained and provided to any subsequent purchaser of the vehicle. The purchaser shall retain the copy for as long as the vehicle remains in the purchaser's possession or until the vehicle is destroyed.

(Laws 2018, Chapter 75, Section 4)

66-3-124. DEPARTMENT TO PROVIDE FORMS.-- In addition to any requirements pursuant to Section 1 of this 2018 act, the department shall issue a dismantler's notification form to be used by any persons licensed under the provisions of Section 66-4-1 NMSA 1978 for all vehicles purchased to be dismantled, crushed or otherwise destroyed. The form shall require such information as is determined by the department to be necessary.

(Laws 2018, Chapter 75, Section 5)

66-3-125. (Laws 2018, Chapter 75, Section 6)

66-3-126. CASUAL SALES--PLACE OF SALE--ADVERTISING--PENALTY.--

A. No person not a dealer making a casual sale of his own motor vehicle duly registered to him shall sell the vehicle or offer or display the motor vehicle for sale at any location other than his current residence, place of employment, or at any site where the seller of the motor vehicle has obtained prior written permission from the land owner.

B. Any person who violates any provision of this section is guilty of a misdemeanor and shall be punished by a fine of three hundred dollars (\$300) or by imprisonment for not less than thirty days, or both.

66-3-127. WARNING OF VIOLATION--REMOVAL OF VEHICLE.--

A. A law enforcement officer is authorized to place a warning sticker on any motor vehicle displayed at a location in violation of Section 2 [66-3-126 NMSA 1978] of this act and to provide for removal of the vehicle if it is at the same location twenty-four hours after the warning sticker is placed on the motor vehicle.

B. The warning sticker shall contain the following information:

(1) the date and time the warning sticker was affixed to the motor vehicle;

(2) a statement that pursuant to this violation, if the motor vehicle is not removed within twenty-four hours after the sticker is affixed, the motor vehicle shall be towed away and stored at the owner's expense and if the motor vehicle is moved to another unlawful location, it will be subject to immediate removal without warning; and

(3) the location and telephone number where additional information may be obtained.

C. If a motor vehicle on which a warning sticker has once been issued and affixed is found in another unlawful location, the law enforcement officer may immediately without warning provide that the motor vehicle be towed away and stored at the owner's expense.

D. Within forty-eight hours after a motor vehicle is towed away and stored pursuant to this section, the towing and storage facility so designated by the law enforcement agency shall give written notice by certified mail to the registered owner of the motor vehicle, if known, that the motor vehicle has been towed away and shall give the address of the storage facility where the motor vehicle is stored.

66-3-201. FILING SECURITY INTERESTS.--

A. A security interest in a vehicle of a type required to be titled and registered in New Mexico is not valid against attaching creditors, subsequent transferees or lienholders unless perfected as provided by this section. This provision does not apply to liens dependent upon possession nor to property tax liens on manufactured homes perfected under Section 66-3-204 NMSA 1978.

B. Title applications may be submitted electronically to the department but all title applications shall be accompanied by the certificate of title last issued for the vehicle and shall contain the name and address of any lienholder, the date the security agreement was executed and the maturity date of the agreement.

C. Upon receipt of a title application, the department shall record the date it was received. When satisfied as to the genuineness of the application, the department shall file it and issue a new certificate of title showing the owner's name and all liens existing against the vehicle.

D. No security interest filed in any state which does not show all liens on the certificate of title shall be valid against any person in this state other than the parties to the security agreement or those persons who take with actual notice of the agreement.

66-3-202. FILING EFFECTIVE TO GIVE NOTICE.--

A. On or after June 1, 1996, the filing of an application with the division and the issuance of a new certificate of title by the division as provided in Section 66-3-201 NMSA 1978 constitute constructive notice of all security interests in the vehicle described in the application. Except for a manufactured home or recreational vehicle, if the application is received by the division within ten days after the date the security agreement was executed, constructive notice shall be effective as of the date of the execution of the security agreement, and the security interest shall be deemed to have been filed and perfected as of that date and shall have priority over other liens attached or filed subsequent to that date, except for tax liens filed by the state, county or federal governments. In the case of a manufactured home or recreational vehicle, if the application is received by the division within sixty days after the date the security agreement was executed, constructive notice shall be effective as of the date of the execution of the security agreement, and the security agreement shall be deemed to have been filed and perfected as of that date and shall have priority over other liens attached or filed subsequent to that date, except for tax liens filed by the state, county or federal governments. In all other cases, constructive notice shall be effective as of the date of receipt noted on the title application.

B. The method provided in this article for perfecting a security interest shall be exclusive except as to liens dependent upon possession and property tax liens on manufactured homes perfected under Section 66-3-204 NMSA 1978.

C. The constructive notice provided for in this section terminates twelve months after the maturity date of the debt. Unless refiled in a manner prescribed by the division within twelve months after the maturity date, the division may ignore the security interest in the issuance of all subsequent certificates of title.

66-3-203. REPORT OF STORED, UNCLAIMED AND UNIDENTIFIED MOTOR VEHICLES.--An operator of a place of business for garaging, repairing, parking or storing vehicles for the public, in which a vehicle remains unclaimed for a period of thirty days, shall, within five days after the expiration of that period, report in writing to the New Mexico state police at Santa Fe and the sheriff of the county in which the unit is stored, setting forth the make of car, model-year, [and] engine, serial and vehicle numbers of the vehicle unclaimed. A person who fails to report a vehicle as unclaimed in accord with this subsection forfeits all claims and liens for its parking or storing and is guilty of a misdemeanor punishable by a fine of not more than twenty-five dollars (\$25.00).

**66-3-204. PROPERTY TAX LIENS ON MANUFACTURED HOMES--
FILING--EFFECT.--**

A. Upon receipt of a notification of unpaid taxes on a manufactured home required by Section 7-38-52 NMSA 1978, the [department] shall file the notification and indicate on it the date and time of receipt. It shall maintain an index and file of the notifications by vehicle registration number.

B. From the date and time of receipt of a notification, the unpaid taxes, penalty and interest certified by the county treasurer constitute a lien on and a security interest in the manufactured home on behalf of the state until paid. The lien is valid against holders of prior perfected security interests, attaching creditors and subsequent transferees and when perfected by filing in accordance with this section constitutes constructive notice of the lien claimed. When a lien is perfected under this section, the [department] shall send written notification of the lien to all holders of prior perfected security interests as shown on the vehicle's certificate of title. The notice shall be sent no later than ten days after the filing of the lien.

C. Upon receipt of a certified notice from a county treasurer showing that the taxes, penalty and interest for which a lien is claimed have been paid, the [department] shall indicate in writing on the filed notification the fact of payment, shall attach the notice of payment to the original notification, shall remove both documents from its lien file to a separate file and shall make a written entry in its index indicating the satisfaction of the lien. At the same time, it shall send written notification to the registered owner of the manufactured home of the action it has taken.

(Laws 1983, Chapter 295, Section 29)

18.19.3.70 - COMPLETE VEHICLE IDENTIFICATION NUMBER REQUIRED

In order to establish a security interest in and a lien upon the manufactured home, the notification of property tax delinquency must include both the location of the manufactured home and the complete vehicle identification number of the manufactured home. Notifications of property tax delinquency on manufactured homes which do not contain the complete vehicle identification number do not contain sufficient information to establish whether or not a manufactured home is registered with the motor vehicle division. Therefore such copies will not be filed and will not constitute a security interest in and a lien upon the vehicle.

C. The valuation authority certifies to the department that, once title is deactivated, the housing structure will be taxed as real property.

18.19.3.72 - REACTIVATION OF A TITLE TO A MANUFACTURED HOME

If the owner of a housing structure, title to which had been issued pursuant to the Motor Vehicle Code as a manufactured home and which title is deactivated, may request that the title issued pursuant to the Motor Vehicle Code be reactivated. The department shall reactivate the title as a manufactured home pursuant to the provisions of the Motor Vehicle Code and reissue it to the owner only upon receipt of documentation that all liens or mortgages against the housing structure and the land upon which it is affixed have been released. The department shall notify the valuation authority that the title has been reactivated.

E. Every nonresident including any foreign corporation carrying on business within this state and owning and regularly operating in that business any vehicle, trailer, semitrailer, house trailer or pole trailer within the state shall register each vehicle and pay the same fees as required with reference to like vehicles owned by residents of this state.

- (1) a valid New Mexico registration plate;**
- (2) a valid dealer's plate issued by the department;**

A fee imposed pursuant to this section may be referred to as a "caravan fee". Every permit shall show upon its face the registration number assigned to each vehicle, the name and address of the owner, the manner of transportation authorized and a description of the vehicle registered, including the engine number. The permit shall be carried at all times by the person in charge of the vehicle. A suitable tag or placard for each vehicle may be issued by the department of public safety and, if issued, shall be at all times displayed on each vehicle being transported. The permit, tag or placard shall not be used upon or in connection with the transportation of any vehicle other than the one for which the permit, tag or placard is issued.

When a vehicle is no longer included in a dealer's inventory, and is not sold or leased to an unrelated entity, the dealer must title the vehicle and pay the motor vehicle excise tax that would have been due when the vehicle was first registered by the dealer.

At the expiration of the stated time period, the vehicle, motor vehicle or motor vehicle engine or component shall be returned to the person from whom it was taken at no cost unless an ex parte order allowing continued impoundment is issued by a magistrate or district court judge after finding that probable cause exists to believe that the manufacturer's serial number, engine or component number or other distinguishing number or mark or identification mark or number placed under assignment of the division has been removed, defaced, covered, altered or destroyed. (1) on the front, two head lamps and two amber clearance lamps, one at each side;

(2) on each side and near the front, one amber side-marker lamp;

(3) on the rear, one red tail lamp; one red or amber stop lamp; and

(4) provided, however, that vehicles of less than eighty inches in width shall be equipped as provided in Section 66-3-809 NMSA 1978;

B. on the towed vehicle of a tow-bar combination, the towed vehicle of a single saddle-mount combination and on the rearmost towed vehicle of a double saddle-mount combination:

(1) on each side, and near the rear, one red side-marker lamp; and

(2) on the rear, one red tail lamp; two red clearance lamps, one at each side; one red or amber stop lamp; two red reflectors, one at each side;

D. combinations of vehicles less than eighty inches in width in driveway-towaway operations shall carry lamp and reflectors as required in Section 66-3-809 NMSA 1978.

66-3-816. MOUNTING OF REFLECTORS, CLEARANCE LAMPS AND SIDE-MARKER LAMPS.--

A. Reflectors required by Sections 66-3-809 and 66-3-810 NMSA 1978 shall be mounted upon the motor vehicle at a height of not less than twenty-four inches nor more than sixty inches above the ground on which the motor vehicle stands, except that reflectors shall be mounted as high as practicable on motor vehicles which are so constructed as to make compliance with the twenty-four-inch requirements impractical. They shall be so installed as to perform their function adequately and reliably and, except for temporary reflectors required for vehicles in driveaway-towaway operations, all reflectors shall be permanently and securely mounted in workmanlike manner so as to provide the maximum of stability, and the minimum likelihood of damage. Required reflectors otherwise properly mounted may be securely installed on flexible strapping or belting provided that under conditions of normal operation they reflect light in the required directions. Required temporary reflectors mounted on motor vehicles during the time they are in transit in any driveaway-towaway operation must be firmly attached.

B. All reflectors on the rear and those nearest to the rear on the sides, except those referred to in Subsection C of this section, shall reflect a red color; all other reflectors, except those referred to in Subsection C of this section, shall reflect an amber color; provided that this requirement shall not be construed to prohibit the use of motor vehicles in combination if such motor vehicles are severally equipped with reflectors as required by Sections 66-3-809 through 66-3-815 NMSA 1978.

C. Retroreflective surfaces, other than required reflectors, may be used, provided:

(1) designs do not resemble traffic control signs, lights or devices, except that straight edge stripping resembling a barricade pattern may be used;

(2) designs do not tend to distort the length or width of the motor vehicle;

(3) such surfaces shall be at least three inches from any required lamp or reflector unless of the same color as such lamp or reflector;

(4) no red color shall be used on the front of any motor vehicle;
and

(5) no provision of this subsection shall be so construed as to prohibit the use of retroreflective registration plates required by any state or local authorities.

66-3-817. CLEARANCE LAMPS TO INDICATE EXTREME WIDTH, HEIGHT AND LENGTH.--Clearance lamps shall, so far as is practicable, be mounted as to indicate the extreme width, height and length of the motor vehicle; except that clearance lamps on truck tractors shall be so located as to indicate the extreme width of the truck-tractor cab.

66-3-818. SIDE-MARKER LAMPS COMBINED WITH CLEARANCE LAMPS.--Side-marker lamps may be combined with clearance lamps and may use the same light source.

66-3-819. COMBINING TAIL AND STOP LAMPS.--Except as required by Section 66-3-817 NMSA 1978 tail lamps may be incorporated in the same housing with stop lamps so long as the requirements for each are fulfilled.

66-3-820. LIGHTING DEVICES TO BE ELECTRIC.--Lighting devices shall be electric, except that red liquid burning lanterns may be used on the end of load in the nature of poles, pipes and ladders projecting to the rear of the vehicle.

66-3-821. REQUIREMENTS FOR HEADLAMPS AND AUXILIARY ROAD-LIGHTING LAMPS.--

A. Headlamps and lamps or auxiliary road-lighting lamps shall be mounted so that the beams are readily adjustable, both vertically and horizontally, and the mounting shall be such that the aim is not readily disturbed by ordinary conditions of service.

B. Every bus, truck or truck tractor shall be equipped with two single-beam headlamps supplemented by two auxiliary single-beam headlamps furnishing, respectively, an upper and lower distribution of light, also selectable at the driver's will.

C. Headlamps shall be constructed and installed so as to comply with the provisions of Sections 66-3-830 through 66-3-832 NMSA 1978.

66-3-822. REQUIREMENTS FOR CLEARANCE, SIGE-MARKER AND OTHER LAMPS.--

A. Except for temporary side-marker and clearance lamps on motor vehicles, as enumerated in Section 66-3-808 NMSA 1978, being transported in driveaway-towaway operations, temporary electric lamps on projecting loads, and temporary marker lamps on pole trailers, all lamps shall be permanently and securely mounted in workmanlike manner on a permanent part of the motor vehicle. All clearance lamps and side-marker lamps must be firmly attached.

B. Clearance, side-marker, tail and projecting load-marker lamps shall be so mounted as to be capable of being seen from a distance of at least five hundred feet under clear atmospheric conditions during the time lamps are required to be lighted. The light from front clearance lamps shall be visible to the front and that from side-marker lamps to the side, that from rear clearance and tail lamps to the rear. This section shall not be construed to apply to lamps which are obscured by another unit of a combination of vehicles.

C. Clearance, side-marker, tail and projecting-load marker lamps shall be constructed and installed so as to provide an adequate and reliable warning signal.

66-3-823. OBSTRUCTED LIGHTS NOT REQUIRED.--Whenever motor and other vehicles are operated in combination during the time that lights are required, any lamp, except tail lamps, need not be lighted which, by reason of its location on a vehicle of the combination, would be obscured by another vehicle of the combination; but, this shall not affect the requirement that lighted clearance lamps be displayed on the front of the foremost vehicle required to have clearance lamps, nor that all lights required on the rear of the rearmost vehicle of any combination shall be lighted.

66-3-824. LAMP OR FLAG ON PROJECTING LOAD.--

A. Whenever the load upon any vehicle extends to the rear four feet or more beyond the bed or body of such vehicle there shall be displayed at the extreme rear end of the load, at the times specified in Section 66-3-802 NMSA 1978 hereof, a red light or lantern plainly visible from a distance of at least five hundred feet to the sides and rear. The red light or lantern required under this section shall be in addition to the red rear light required upon every vehicle. At any other time there shall be displayed at the extreme rear end of such load a red flag or cloth not less than twelve inches square and so hung that the entire area is visible to the driver of a vehicle approaching from the rear.

B. If any part of a vehicle, or any load thereon, or any mechanical device, whether a temporary or permanent part of the vehicle, extends beyond the front bumpers thereof the extreme front corners of such projection shall at the times specified in Section 66-3-802 NMSA 1978 be indicated by amber lights or lanterns visible from a distance of at least five hundred feet to the sides and front.

66-3-825. LAMPS ON PARKED VEHICLES.--

A. Whenever a vehicle is lawfully parked upon a street or highway during the hours between a half-hour after sunset and a half-hour before sunrise and in the event there is sufficient light to reveal any person or object within a distance of five hundred feet upon such street or highway no lights need be displayed upon such parked vehicle.

B. Whenever a vehicle is parked or stopped upon a roadway or shoulder adjacent thereto, whether attended or unattended, during the hours between a half-hour after sunset and a half-hour before sunrise and there is not sufficient light to reveal any person or object within a distance of five hundred feet upon such highway, such vehicle so parked or stopped shall be equipped with one or more lamps meeting the following requirements:

(1) at least one lamp shall display a white or amber light visible from a distance of five hundred feet to the front of the vehicle; and

(2) the same lamp or at least one other lamp shall display a red light visible from a distance of five hundred feet to the rear of the vehicle, and the location of said lamp or lamps shall always be such that at least one lamp or combination of lamps meeting the requirements of this section is installed as near as practicable to the side of the vehicle which is closest to passing traffic. The foregoing provisions shall not apply to a motorcycle.

C. Any lighted headlamps upon a parked vehicle shall be depressed or dimmed.

66-3-826. LAMPS ON OTHER VEHICLES AND EQUIPMENT.--

A. All vehicles, including animal-drawn vehicles and including those referred to in Section 66-3-801C NMSA 1978 not specifically required by the provisions of Sections 66-3-801 through 66-3-887 NMSA 1978, to be equipped with lamps, shall at the times specified in Section 66-3-802 NMSA 1978 hereof be equipped with at least one lighted lamp or lantern exhibiting a white light visible from a distance of five hundred feet to the front of such vehicle and with a lamp or lantern exhibiting a red light visible from a distance of five hundred feet to the rear.

B. Every farm tractor not equipped with an electric lighting system shall at all times mentioned in Section 66-3-802 NMSA 1978 be equipped with lamps or lanterns meeting the requirements of Subsection A above. Every farm tractor equipped with an electric lighting system shall at all times mentioned in Section 66-3-802 NMSA 1978 display a red tail lamp and either multiple-beam or single-beam headlamps meeting the requirements of Sections 66-3-805, 66-3-830 and 66-3-832 NMSA 1978, respectively.

C. All combinations of tractors and towed farm equipment shall, in addition to the lighting equipment required by Subsection B above, be equipped with a lamp or lamps displaying a white or amber light visible from a distance of five hundred feet to the front and red light visible from a distance of five hundred feet to the rear, and said lamp or lamps shall be installed or capable of being positioned so that visibility from the rear is not obstructed by the towed equipment and so as to indicate the furthest projection of said towed equipment on the side of the road used by other vehicles in passing such combinations. And further, all such towed farm equipment shall be equipped either with two tail lamps displaying a red light visible from a distance of five hundred feet to the rear or two red reflectors visible from a distance of fifty to five hundred feet to the rear when illuminated by the upper beam of headlamps, and the location of such lamps or reflectors shall be such as to indicate as nearly as practicable the extreme left and right rear projections of said towed equipment on the highway.

66-3-827. SPOT LAMPS AND AUXILIARY LAMPS.--

A. Any motor vehicle may be equipped with not to exceed two spot lamps and every lighted spot lamp shall be so aimed and used that no part of the high-intensity portion of the beam will be directed to the left of the prolongation of the extreme left side of the vehicle nor more than one hundred feet ahead of the vehicle; provided, however, that lighted spot lamps shall be turned off at least five hundred feet from approaching motor vehicles.

B. Any motor vehicle may be equipped with not to exceed two fog lamps mounted on the front at a height not less than twelve inches nor more than thirty inches above the level surface upon which the vehicle stands and so aimed, when the vehicle is not loaded, that none of the high-intensity portion of the light to the left of the center of the vehicle shall, at a distance of twenty-five feet ahead, project higher than a level of four inches below the level of the center of the lamp from which it comes. Lighted fog lamps meeting the above requirements may be used with lower headlamp beams as specified in Section 66-3-830B NMSA 1978.

C. Any motor vehicle may be equipped with not to exceed one auxiliary passing lamp mounted on the front at a height not less than twenty-four inches nor more than forty-two inches above the level surface upon which the vehicle stands. D. Any motor vehicle may be equipped with not to exceed one auxiliary driving lamp mounted on the front at a height not less than sixteen inches nor more than forty-two inches above the level surface upon which the vehicle [vehicle] stands. Any lighted auxiliary driving lamp shall be turned off at least five hundred feet from approaching motor vehicles. The provisions of Section 66-3-830 NMSA 1978 shall apply to any combination of headlamps and auxiliary driving lamp.

66-3-828. SIGNAL LAMPS AND SIGNAL DEVICES.--

A. Any motor vehicle, trailer, semitrailer and house trailer may be equipped and when required under Sections 66-3-801 through 66-3-887 NMSA 1978 shall be equipped with the following signal lamps or devices:

(1) stop lamp or stop lamps on the rear which shall emit a red, amber or yellow light and which shall be actuated upon application of the service brakes and which may but need not be incorporated with one or more other rear lamps; and

(2) lamp or lamps or mechanical signal device capable of clearly indicating any intention to turn either to the right or to the left and which shall be visible both from the front and rear.

B. Every stop lamp shall be plainly visible and understandable from a distance of one hundred feet to the rear both during normal sunlight and at nighttime and a signal lamp or lamps indicating intention to turn shall be visible and understandable during daytime and nighttime from a distance of one hundred feet both to the front and rear. When a vehicle is equipped with a stop lamp or other signal lamps, such lamp or lamps shall at all times be maintained in good working condition. No stop lamp or signal lamp shall project a glaring or dazzling light.

C. All mechanical signal devices shall be self-illuminated when in use at the times mentioned in Section 66-3-802 NMSA 1978.

66-3-829. ADDITIONAL LIGHTING EQUIPMENT.--

A. Any motor vehicle may be equipped with not more than two side cowl or fender lamps which shall emit an amber or white light without glare.

B. Any motor vehicle may be equipped with not more than one running-board courtesy lamp on each side thereof which shall emit a white or amber light without glare.

66-3-830. MULTIPLE-BEAM ROAD-LIGHTING EQUIPMENT.--Except as hereinafter provided, the headlamps or the auxiliary driving lamps or the auxiliary passing lamp, or combinations thereof, on motor vehicles shall be so arranged that the driver may select at will between distributions of light projected to different elevations and such lamps may, in addition, be so arranged that such selection can be made automatically, subject to the following limitations:

A. there shall be an uppermost distribution of light, or composite beam, so aimed and of such intensity as to reveal persons and vehicles at a distance of at least three hundred fifty feet ahead for all conditions of loading;

B. there shall be a lowermost distribution of light, or composite beam, so aimed and of sufficient intensity to reveal persons and vehicles at a distance of at least one hundred feet ahead; and on a straight level road under any condition of loading none of the high-intensity portion of the beam shall be directed to strike the eyes of an approaching driver; and

C. every new motor vehicle registered in this state after July 1, 1953, which has multiple-beam road-lighting equipment shall be equipped with a beam indicator, which shall be lighted whenever the uppermost distribution of light from the headlamps is in use, and shall not otherwise be lighted. The indicator shall be so designed and located that when lighted it will be readily visible without glare to the driver of the vehicle so equipped.

66-3-831. USE OF MULTIPLE-BEAM ROAD-LIGHTING EQUIPMENT.--Whenever a motor vehicle is being operated on a roadway or shoulder adjacent thereto during the times specified in Section 66-3-802 NMSA 1978, the driver shall use a distribution of light, or composite beam, directed high enough and of sufficient intensity to reveal persons and vehicles at a safe distance in advance of the vehicle, subject to the following requirements and limitations:

A. whenever the driver of a vehicle approaches an oncoming vehicle within five hundred feet, such driver shall use a distribution of light or composite beam so aimed that the glaring rays are not projected into the eyes of the oncoming driver;

B. the lowermost distribution of light specified in Section 66-3-830B NMSA 1978 shall be deemed to avoid glare at all times, regardless of road contour and loading; and

C. whenever the driver of a vehicle overtakes another vehicle proceeding in the same direction and within two hundred feet, such driver shall use a distribution of light or composite beam so aimed that the glaring rays are not projected through the rear window of the overtaken vehicle.

66-3-832. SINGLE-BEAM ROAD-LIGHTING EQUIPMENT.--Headlamps arranged to provide a single distribution of light shall be permitted on motor vehicles manufactured and sold prior to July 1, 1953, in lieu of multiple-beam road-lighting equipment herein specified if the single distribution of light complies with the following requirements and limitations:

A. the headlamps shall be so aimed that when the vehicle is not loaded none of the high-intensity portion of the light shall at a distance of twenty-five feet ahead project higher than a level of five inches below the level of the center of the lamp from which it comes, and in no case higher than forty-two inches above the level on which the vehicle stands at a distance of seventy-five feet ahead; and

B. the intensity shall be sufficient to reveal persons and vehicles at a distance of at least two hundred feet.

66-3-833. ALTERNATE ROAD-LIGHTING EQUIPMENT.--Any motor vehicle may be operated under the conditions specified in Section 66-3-802 NMSA 1978 when equipped with the two lighted lamps upon the front thereof capable of revealing persons and objects seventy-five feet ahead in lieu of lamps required in Section 66-3-830 NMSA 1978 or Section 66-3-832 NMSA 1978; provided, however, that at no time shall it be operated at a speed in excess of twenty miles an hour.

66-3-834. NUMBER OF DRIVING LAMPS REQUIRED OR PERMITTED.

A. At all times specified in Section 66-3-802 NMSA 1978, at least two lighted lamps shall be displayed, one on each side at the front of every motor vehicle other than a motorcycle, except when such vehicle is parked subject to the regulations governing lights on parked vehicles.

B. Whenever a motor vehicle equipped with headlamps as herein required is also equipped with any auxiliary lamp or spot lamps or any other lamp on the front thereof projecting a beam of intensity greater than three hundred candle power, not more than a total of four of any such lamps on the front of a vehicle shall be lighted at any one time when upon a highway.

66-3-835. SPECIAL RESTRICTIONS ON LAMPS.--

A. Lighted lamps or illuminating devices upon a motor vehicle, other than headlamps, spot lamps, auxiliary lamps, flashing turn signals, emergency vehicle warning lamps and school bus warning lamps, that project a beam of light of an intensity greater than three hundred candle power shall be directed so that no part of the high-intensity portion of the beam strikes the level of the roadway on which the vehicle stands at a distance of more than seventy-five feet from the vehicle.

B. A person shall not drive or move upon a highway a vehicle or equipment with a lamp or device displaying a red light visible from directly in front of the center of the vehicle or equipment, except as expressly authorized or required by the Motor Vehicle Code.

C. Flashing lights are prohibited except as provided in this section and except on authorized emergency vehicles, school buses, snow-removal equipment and highway-marking equipment. Except as otherwise provided in this section, flashing red lights may be used as warning lights on disabled or parked vehicles and on any vehicle as a means of indicating a turn.

D. A recovery or repair vehicle standing on a highway for the purpose of removing, and actually engaged in removing, a disabled vehicle may display flashing lights in any color except red. This provision shall not be construed as permitting the use of flashing lights by recovery or repair vehicles in going to or returning from the location of disabled vehicles or while engaged in towing a disabled vehicle.

E. Only fire department vehicles, law enforcement agency vehicles, ambulances and school buses may display flashing red lights visible from the front of the vehicle. All other vehicles authorized by the Motor Vehicle Code to display flashing lights visible from the front of the vehicle may use any other color of light that is visible.

(Laws 2019, Chapter 145, Section 1)

66-3-836. STANDARDS FOR LIGHTS ON SNOW-REMOVAL EQUIPMENT.--

A. The state transportation commission shall adopt standards and specifications applicable to headlamps, clearance lamps, identification and other lamps on snow-removal equipment when operated on the highways of this state in lieu of the lamps otherwise required on motor vehicles by Sections 66-3-801 through 66-3-887 NMSA 1978. The standards and specifications may permit the use of flashing lights for purposes of identifications on snow-removal equipment when in service upon the highways. The standards and specifications for lamps referred to in this section shall correlate with and, so far as possible, conform with those approved by the American association of state highway officials.

B. It is unlawful to operate any snow-removal equipment on any highway unless the lamps on the equipment comply with and are lighted when and as required by the standards and specifications adopted as provided in this section.

66-3-837. SELLING OR USING LAMPS OR EQUIPMENT.--

A. On and after January 1, 1954, no person shall have for sale, sell or offer for sale for use upon or as a part of the equipment of a motor vehicle, trailer or semitrailer, or use upon any such vehicle any headlamp, auxiliary, or fog lamp, or reflector which reflector is required hereunder, or parts of any of the foregoing which tend to change the original design or performance, unless of a type which has been submitted to the director and approved by him. The foregoing provisions of this section shall not apply to equipment in actual use when this section is adopted or replacement parts therefor.

B. No person shall have for sale, sell or offer for sale for use upon or as a part of the equipment of a motor vehicle, trailer or semitrailer any lamp or device mentioned in this section which has been approved by the director unless such lamp or device bears thereon the trademark or name under which it is approved so as to be legible when installed.

C. No person shall use upon any motor vehicle, trailer or semitrailer any lamps mentioned in this section unless said lamps are mounted, adjusted and aimed in accordance with instructions of the director.

66-3-838. AUTHORITY OF DIRECTOR WITH REFERENCE TO SAFETY AND LIGHTING DEVICES.--

A. The director is hereby required to approve or disapprove lighting and other safety devices mentioned in Sections 66-3-801 through 66-3-887 NMSA 1978 and shall be guided in doing so by national authorities including the Society of Automotive Engineers. In approving lighting devices, the director shall also be guided by the headlamp standards established by the United Nations' agreement concerning the adoption of approval and reciprocal recognition of approval for motor vehicle equipment and parts done at Geneva on March 20, 1958, as amended and adopted by Canadian Standards Association (CSA Standard D106.2).

B. The director is hereby required to approve or disapprove any lighting and safety device of a type on which approval is required in Sections 66-3-801 through 66-3-887 NMSA 1978 within a reasonable time after such device has been submitted.

C. The director is further authorized to set up the procedure which shall be followed when any device is submitted for approval.

D. The director upon approving any such lamp or device shall issue to the applicant a certificate of approval together with any instructions determined by him.

E. The director shall publish lists of all lamps and devices by name and type which have been approved by him, together with instructions as to the permissible candle power rating of the bulbs which he has determined for use therein and such other instructions as to adjustment as the director may deem necessary.

66-3-839. REVOCATION OF CERTIFICATE OF APPROVAL ON SAFETY AND LIGHTING DEVICES.--

A. When the director has reason to believe that an approved device as being sold commercially does not comply with the requirements of Sections 66-3-801 through 66-3-887 NMSA 1978, he may, after giving thirty days' previous notice to the person holding the certificate of approval for such device in this state, conduct a hearing upon the question of compliance of said approved device. After said hearing the director shall determine whether said approved device meets such requirements. If said device does not meet the requirements, he shall give notice to the person holding the certificate of approval for such device in this state.

B. If at the expiration of ninety days after such notice the person holding the certificate of approval for such device has failed to satisfy the director that said approved device as thereafter to be sold meets the requirements, the director shall suspend or revoke the approval issued therefor until or unless such device is resubmitted to and retested by an authorized testing agency and is found to meet the requirements, and may require that all said devices sold since the notification following the hearing be replaced with devices that do comply with the requirements. The director may at the time of the retest purchase in the open market and submit to the testing agency one or more sets of such approved devices, and if such device upon such retest fails to meet the requirements, the director may refuse to renew the certificate of approval of such device.

66-3-840. BRAKES.--

A. Brake equipment is required as follows:

(1) every motor vehicle other than a motorcycle when operated upon a highway shall be equipped with brakes adequate to control the movement of and to stop and hold the vehicle, including two separate means of applying the brakes, each of which is effective to apply the brakes to at least two wheels. If these two separate means of applying the brakes are connected in any way, they shall be so constructed that failure of any one part of the operating mechanism does not leave the motor vehicle without brakes on at least two wheels;

(2) every motorcycle when operated upon a highway shall be equipped with at least two brakes that may be operated by hand or foot;

(3) every bus, truck, truck tractor, road tractor, trailer and semitrailer and pole trailer shall be equipped with brakes on all wheels in contact with road surfaces except:

(b) any vehicle being towed in a driveaway-towaway operation; provided, the combination of vehicles is capable of complying with the performance requirements of Subsection B of this section;

(c) trucks, truck tractors and road tractors having three or more axles need not have brakes on the front wheels except when the vehicles are equipped with at least two steerable axles, the wheels of one axle need not be equipped with brakes;

(d) house-moving dollies subject to regulations adopted by the secretary of transportation under the Motor Transportation Act; and

(e) motor vehicles of the types named in Paragraphs (1) through (3) of this subsection manufactured prior to July 1, 1963;

(4) every house trailer of a gross vehicle weight in excess of three thousand pounds registered in this state shall be equipped with brakes on at least two wheels in contact with road surfaces. Every house trailer of a gross vehicle weight of three thousand pounds or more when operated upon a highway or roadway shall be equipped with brakes adequate to control the movement of and to stop and to hold the vehicle and so designed as to be applied by the driver of the towing motor vehicle;

(5) every bus, truck, road tractor or truck tractor shall be equipped with parking brakes capable of locking the rear driving wheels and adequate under any condition of loading to hold, to the limit of traction of the braked wheels, the vehicle or combination of vehicles to which the motor vehicle may be attached. The operating controls of the parking brakes shall be independent of the operating controls of the service brakes;

(6) in any combination of motor-drawn vehicles, means shall be provided for applying the rearmost trailer brakes of any trailer equipped

with brakes in approximate synchronism with the brakes on the towing vehicle and developing the required braking effort on the rearmost wheels at the fastest rate, or means shall be provided for applying braking effort first on the rearmost trailer equipped with brakes, or both of the above means capable of being used alternatively may be employed; and

(7) the brake shoes operating within or upon the drums on the vehicle wheels of any motor vehicle may be used for both service and hand operation.

B. Every motor vehicle or combination of motor-drawn vehicles shall be capable at all times, and under all conditions of loading, of being stopped on a dry, smooth, level road, free from loose material, upon application of the service brake within the distance specified in this subsection or shall be capable of being decelerated at a sustained rate corresponding to these distances:

Vehicles or combinations of vehicles not having brakes on all wheels	40	10.7.

C. All brakes shall be maintained in good working order and shall be so adjusted as to operate as equally as practicable with respect to the wheels on opposite sides of the vehicle.

(Laws 2007, Chapter 319, Section 34)

66-3-842. MOTORCYCLE MANEUVERABILITY.--

A. No motorcycle shall be equipped in a manner such that it is incapable of turning a ninety-degree angle within a circle having a radius of not more than fourteen feet. Evidence of a motorcycle's being unable to turn a ninety-degree angle within a circle having a radius of not more than fourteen feet shall be prima facie evidence of an unsafe vehicle as described in Section 66-3-801 NMSA 1978

B. For the purposes of this section, a peace officer may require the driver of a motorcycle to demonstrate the ability of any motorcycle to be ridden as described in Subsection A of this section [section]. Failure or refusal of any operator to demonstrate the ability of any motorcycle being operated upon the highways shall be prima facie evidence of an unsafe vehicle as described in Section 66-3-801 NMSA 1978.

66-3-843. HORNS AND WARNING DEVICES.--

A. Every motor vehicle when operated upon a highway shall be equipped with a horn in good working order and capable of emitting sound audible under normal conditions from a distance of not less than two hundred feet, but no horn or other warning device shall be used which does not produce a harmonious sound. The driver of a motor vehicle shall when reasonably necessary to ensure safe operation give audible warning with his horn but shall not otherwise use such horn when upon a highway.

B. No vehicle shall be equipped with nor shall any person use upon a vehicle any siren, whistle or bell except as otherwise permitted in this section.

C. It is permissible, but not required, that any commercial vehicle be equipped with a theft-alarm signal device which is so arranged that it cannot be used by the driver as an ordinary warning signal.

D. Any authorized emergency vehicle may be equipped with a siren, whistle or bell, capable of emitting sound audible under normal conditions from a distance of not less than five hundred feet and of a type approved by the division, but such siren shall not be used except when such vehicle is operated in response to an emergency call or in the immediate pursuit of an actual or suspected violator of the law, in which said latter events the driver of such vehicle shall sound said siren when reasonably necessary to warn pedestrians and other drivers of the approach thereof.

66-3-844. MUFFLERS--PREVENTION OF NOISE--EMISSION CONTROL DEVICES.--

A. Every motor vehicle shall at all times be equipped with a muffler in good working order and in constant operation to prevent excessive or unusual noise, and no person shall use a muffler cutout, bypass or similar device upon a motor vehicle on a highway.

B. The muffler, emission control equipment or device, engine and power mechanism of every motor vehicle shall be so equipped and adjusted as to prevent the escape of excessive fumes or smoke.

C. Every registered gasoline-fueled motor vehicle manufactured or assembled, commencing with the 1968 models, shall at all times be equipped and maintained in good working order with the factory-installed devices and equipment or their replacements designed to prevent, reduce or control exhaust emissions or air pollution.

66-3-845. MIRRORS.--Every motor vehicle shall be equipped with a mirror so located as to reflect to the driver a view of the highway for a distance of at least two hundred feet to the rear of such vehicle.

66-3-846. WINDSHIELDS MUST BE UNOBSTRUCTED AND EQUIPPED WITH WIPERS--WINDOWS MUST BE TRANSPARENT--EXCEPTION.--

A. No person shall drive any motor vehicle with any sign, poster or other nontransparent material upon or in the front windshield, windows to the immediate right and left of the driver or in the rearmost window if the latter is used for driving visibility, except as provided in Section 66-3-846.1 NMSA 1978. The rearmost window is not necessary for driving visibility where outside rearview mirrors are attached to the vehicle.

B. Except as otherwise provided in this section, a sun screening material:

(1) when used in conjunction with the windshield, shall be nonreflective, shall not be red, yellow or amber in color and shall be used only along the top of the windshield, not extending downward beyond the ASI line or more than five inches from the top of the windshield, whichever is closer to the top of the windshield; and

(2) when used in conjunction with the safety glazing materials of the side wings or side windows located at the immediate right and left of the driver, the side windows behind the driver and the rearmost window shall be nonreflective, shall have a light transmission of not less than twenty percent and shall be used only on the windows of a motor vehicle equipped with one right and one left outside rearview mirror.

C. Each manufacturer shall:

(1) certify to the division that a sun screening material used by that manufacturer is in compliance with the nonreflectivity and light transmission requirements of this section;

(2) provide a label not to exceed one and one-half square inches in size that:

(a) is installed permanently and legibly between the sun screening material and each glazing surface to which it is applied;

E. The provisions of this section do not apply to a motor vehicle registered in this state in the name of a person, or the person's legal guardian, who has an affidavit signed by a physician or an optometrist

licensed to practice in this state that states that the person has a physical condition that makes it necessary to equip the motor vehicle with sun screening material that is in violation of this section. The affidavit shall be in the possession of the person with such a physical condition, or the person's legal guardian, at all times while being transported in the motor vehicle.

F. The light transmission requirement of this section does not apply to windows behind the driver on truck tractors, buses, recreational vehicles multipurpose passenger vehicles and motor homes. The provisions of this section shall not apply to motor vehicle glazing which complies with federal motor vehicle standards.

G. The provisions of this section do not apply to motor vehicles that have sun screening material on the windshield or any window prior to the effective date of this section.

H. As used in this section:

(1) "light transmission" means the ratio of the amount of total light that passes through a product or material, expressed in percentages, to the amount of the total light falling on the product or material;

(2) "manufacturer" means any person engaged in the manufacturing or assembling of sun screening products or materials designed to be used in conjunction with motor vehicle glazing materials for the purpose of reducing the effects of the sun;

(3) "nonreflective" means designed to absorb light rather than [than] to reflect it; and

66-3-847. RESTRICTIONS AS TO TIRE EQUIPMENT.--

A. When use is permitted, every solid rubber tire on a vehicle shall have rubber on its entire traction surface at least one-inch thick above the edge of the flange of the entire periphery.

B. A person shall not operate or move on a highway a motor vehicle, trailer or semitrailer having any tire surface in contact with the roadway that is wholly or partly of metal or other hard nonresilient material, except a snow tire with metal studs designed to increase traction on ice or snow.

C. No tire on a vehicle moved on a highway shall have on its periphery a block, flange, cleat or spike or any other protuberance of any material other than rubber that projects beyond the tread of the traction surface of the tire. However, it shall be permissible to use farm machinery with tires having protuberances that will not injure the highway and tire chains of reasonable proportions or snow tires with metal studs designed to increase traction on ice or snow upon any vehicle when required for safety because of snow, ice or other conditions tending to cause a vehicle to skid.

D. The state transportation commission and local authorities, in their respective jurisdictions, may, in their discretion, issue special permits authorizing the operation upon a highway of traction engines or tractors having movable tracks with transverse corrugations upon the periphery of the movable tracks or farm tractors or other farm machinery that would otherwise be prohibited under the Motor Vehicle Code.

E. A vehicle equipped with solid rubber or cushion tires shall not be permitted upon any highway of this state without special permission from the state transportation commission or the local authority having jurisdiction over the highway affected, and in no event may any such vehicle be operated at a speed in excess of that specified by law.

66-3-848. SAFETY GLAZING MATERIALS IN MOTOR VEHICLES.--

A. No motor vehicle sold as new on or after January 1, 1954, shall be registered in this state on or after that date unless it is equipped with safety glazing material of a type approved by the director wherever glazing material is used in doors, windows or windshields; nor shall any new motor vehicle be sold in this state after such date unless it complies with this requirement. The foregoing provisions shall apply to all passenger-type motor vehicles including passenger buses and school buses, but in respect to trucks, including truck tractors, the requirements as to safety glazing material shall apply to all glazing material used in doors, windows and windshields in the driver's compartments of such vehicles.

B. The term "safety glazing materials" means glazing materials so constructed, treated or combined with other materials as to reduce substantially, in comparison with ordinary sheet glass or plate glass, the likelihood of injury to persons by objects from exterior sources or by these safety glazing materials when they may be cracked or broken.

C. The director shall compile and publish a list of types of glazing material by name approved by him as meeting the requirements of this section and the director shall not register after January 1, 1954, any motor vehicle which is subject to the provisions of this section unless it is equipped with an approved type of safety glazing material, and he shall thereafter suspend the registration of any motor vehicle so subject to this section which he finds is not so equipped until it is made to conform to the requirements of this section.

D. On and after January 1, 1954, it shall be unlawful for any person to replace any glass in any vehicle or portion thereof, which under the provisions of Subsection A of this section must be equipped with safety glazing material, with any material other than safety glazing material of a type approved by the director.

66-3-851. MEANING OF TERM "MOTOR VEHICLE" AS USED IN SECTIONS 66-3-852 THROUGH 66-3-857 NMSA 1978--UNATTENDED VEHICLES.--

A. For the purposes of Sections 66-3-852 through 66-3-857 NMSA 1978 "motor vehicle" means every bus, truck, truck tractor, road tractor and every driven vehicle in driveaway-towaway operations, required by Section 66-3-859 NMSA 1978 to have emergency equipment thereon.

B. No motor vehicle shall be left unattended until the parking brake has been securely set. All reasonable precautions shall be taken to prevent the movement of any vehicle left unattended.

66-3-852. STOPPED VEHICLES NOT TO INTERFERE WITH OTHER TRAFFIC.--No motor vehicle shall be stopped, parked or left standing, whether attended or unattended, upon the traveled portion of any highway outside of a business or residence district, when it is practicable to stop, park or leave such vehicle off the traveled portion of the highway. In the event that conditions make it impracticable to move such motor vehicle from the traveled portion of the highway, the driver shall make every effort to leave all possible width of the highway opposite the standing vehicle for the free passage of other vehicles and he shall take care to provide a clear view of the standing vehicle as far as possible to the front and rear.

66-3-853. EMERGENCY SIGNALS--DISABLED VEHICLE.--Whenever any motor vehicle is disabled upon the traveled portion of any highway or the shoulder thereof, when lighted lamps are required, except in cities, towns and villages where there is sufficient highway lighting to make it clearly discernible to persons and vehicles on the highway at a distance of five hundred feet, the following requirements shall be observed:

A. the driver of such vehicle shall immediately place on the traveled portion of the highway at the traffic side of the disabled vehicle, a lighted fusee and a lighted red electric lantern, or a red emergency reflector;

B. except as provided in Subsections C and D of this section, as soon thereafter as possible, but in any event within the burning period of the fusee, the driver shall place three liquid-burning flares or pot torches, or three red emergency reflectors on the traveled portion of the highway in the following order:

(1) one at a distance of approximately one hundred feet from the disabled vehicle in the center of the traffic lane occupied by such vehicle and toward traffic approaching in that lane;

(2) one at a distance of approximately one hundred feet in the opposite direction from the disabled vehicle in the center of the traffic lane occupied by such vehicle; and

(3) one at the traffic side of the disabled vehicle, not less than ten feet to the front or rear thereof. If a red electric lantern or red emergency reflector has been placed on the traffic side of the vehicle in accordance with Subsection A of this section, it may be used for this purpose;

C. if disablement of any motor vehicle shall occur within five hundred feet of a curve, crest of a hill or other obstruction to view, the driver shall so place the warning signal in that direction as to afford ample warning to other users of the highway, but in no case less than one hundred feet nor more than five hundred feet from the disabled vehicle; and

D. if gasoline or any other flammable or combustible liquid or gas seeps or leaks from a fuel container of a motor vehicle disabled or otherwise stopped upon a highway, no emergency warning signal producing a flame shall be lighted or placed except at such a distance from any such liquid or gas as will assure the prevention of a fire or explosion.

66-3-854. EMERGENCY SIGNALS--STOPPED OR PARKED VEHICLES.

Whenever for any cause other than disablement or necessary traffic stops, any motor vehicle is stopped upon the traveled portion of any highway, or shoulder thereof, during the time lights are required, except within cities, towns and villages where there is sufficient highway lighting to make clearly discernible persons and vehicles on the highway at a distance of five hundred feet, the following requirements shall be observed:

A. the driver of such vehicle shall immediately place on the traveled portion of the highway at the traffic side of the vehicle, a lighted fusee and a lighted red electric lantern, or a red emergency reflector; and

B. if the stop is to exceed ten minutes, the driver shall place emergency signals as required and in the manner prescribed by Section 66-3-853B, C and D NMSA 1978.

In lieu thereof, red electric lanterns or red emergency reflectors shall be used, the placement of which shall be in the same manner as prescribed in Section 66-3-853B and C NMSA 1978.

66-3-857. RED FLAGS--STOPPED VEHICLES.--During the time when lighted lamps are not required, whenever a motor vehicle is disabled, stopped or parked upon the traveled portion of any highway or shoulder thereof, except within the business or residence district of cities, towns and villages, the driver of such vehicle shall place red flags as follows:

A. one at a distance of approximately one hundred feet from the vehicle in the center of the traffic lane occupied by such vehicle toward traffic approaching in that lane; and

B. one at a distance of approximately one hundred feet in the opposite direction from the vehicle in the center of the traffic lane occupied by such vehicle.

66-3-873. FORMULATION OF RULES AND REGULATIONS GOVERNING TRANSPORTATION OF COMPRESSED GASES AND CORROSIVE LIQUIDS.--

A. The director is empowered and directed to formulate, adopt and promulgate rules and regulations containing reasonable standards of safety, having uniform force and effect throughout this state for the transportation of compressed gases and corrosive liquids by tank vehicle upon the public highways, including standards covering safety and the safe operation thereof. Of the aforesaid standards, those applicable to compressed gases and those applicable to corrosive liquids shall each be separately formulated and distinguished. The director shall, and local authorities may, enforce such rules and regulations.

B. Standards of safety incorporated in any rule or regulation adopted pursuant to this section shall be consistent with recognized good practice for tank vehicle transportation of each of the aforementioned products as evidenced by standards therefor promulgated by nationally recognized authorities on the subject, except that suitable and reasonable exceptions may be provided under which the continued operation of tank vehicles in service prior to the adoption of the rules and regulations authorized by this section may be permitted.

C. No rule or regulation shall be adopted under the provisions of this section or made effective until after a public hearing thereon, of which at least twenty days' written notice shall have been given by registered mail to each motor carrier, producer, refiner, distributor or other person who or which shall have registered his or its name and mailing address with the director as a party interested in such proceedings, and at which any such interested party may appear and present testimony. Every such notice shall contain a copy of each rule and regulation proposed for adoption pursuant to such hearing.

66-4-6. PLACE OF BUSINESS.--

A. No license shall be issued to a dealer or auto recycler unless an established place of business as defined in the Motor Vehicle Code is maintained by the dealer or auto recycler. Each license to carry on or conduct the business of a dealer or auto recycler becomes invalid when the licensee fails to maintain an established place of business as defined in the Motor Vehicle Code.

B. No license shall be issued to a title service company unless that company maintains a physical place of business accessible to the public and provides the department with the physical address of that place of business. A place of business shall be open to inspection by a peace officer or the department during reasonable business hours. The license of the title service company may be suspended or canceled if the title service company fails to maintain a place of business accessible to the public or does not allow inspection during reasonable business hours by a peace officer or the department.

(Laws 2005, Chapter 324, Section 16)

18.19.4.50 - ESTABLISHED PLACE OF BUSINESS – GENERAL

A. An established place of business must be devoted exclusively to the business for which the dealer is licensed and to any business incidental to the dealer's principal activity. Incidental business may include, but is not limited to, sales of automobile liability insurance, maintenance contracts, repairs, motor vehicle parts and after market accessories.

B. An established place of business must be located in an enclosed building on a permanent foundation that meets all local zoning requirements.

C. If a location proposed as an established place of business is to be leased, the lease shall be for a term of not less than six months. Lease provisions which allow for cancellation of the remaining lease term by either the lessor or lessee at his sole discretion shall be deemed to create a term of less than six months. A. An established place of business can not be located in common areas, such as at a shopping mall, or in areas open to the general public, such as parking lots for buildings not devoted exclusively to the business of the dealer. Absent clearly convincing evidence to the contrary, such location shall be presumed not to be devoted exclusively to the business for which the dealer is licensed. The burden of proof shall be on the dealer to show that the common area or other area open to the general public is physically restricted to the exclusive use of the dealership. This burden may be met by submitting evidence of physical barriers, such as walls or permanent fences, or other means which preclude all uses of the area other than for those associated with the dealer's business.

B. If the proposed established place of business is located within a portion of a larger structure, such as a shopping mall, which also contains other types of businesses, the established place of business must be within a permanently enclosed area which forms part of the larger structure. While the established place of business may be one of the tenants in the mall, the established place of business can not be located in or on the common areas of the mall. The established place of business must meet all the other requirements of Section 66-1-4.5(B) NMSA 1978.

- (1) contains equipment or records not related to the dealership, or
- (2) is not suited by size, configuration or access to human use or occupation.

B. The burden of proof shall be on the dealer to show that a portion of an enclosed building should be qualified as an established place of business.

For licenses other than those issued pursuant to the New Mexico Commercial Driver's License Act, submission of a complete application with payment of the fee entitles the applicant to not more than three attempts to pass the examination within a period of six months from the date of application.

B. An application for a REAL ID-compliant driver's license, an instruction permit or provisional license, or renewal of a REAL ID-compliant driver's license, instruction permit or provisional license shall contain the applicant's full legal name; date of birth; sex; and current New Mexico residence address and shall briefly describe the applicant and indicate whether the applicant has previously been licensed as a driver and, if so, when and by what state or country and whether any such license has ever been suspended or revoked or whether an application has ever been refused and, if so, the date of and reason for the suspension, revocation or refusal.

C. An application for a standard driver's license or a renewal of a standard driver's license shall contain the applicant's full name; date of birth; sex; and New Mexico residence address of the applicant and briefly describe the applicant and indicate whether the applicant has previously been licensed as a driver and, if so, when and by what state or country and whether any such license has ever been suspended or revoked or whether an application has ever been refused and, if so, the date of and reason for the suspension, revocation or refusal.

D. A valid license shall satisfy the department's identity, age and New Mexico residency requirements for the issuance or renewal of a standard driver's license to an applicant.

E. The secretary shall establish by regulation documents that may be accepted as evidence of the residency of the applicant. A person applying for or renewing a REAL ID-compliant driver's license shall provide documentation required by the federal government of the applicant's identity; date of birth; social security number, if applicable; address of current residence; and lawful status. For an applicant for a REAL ID-compliant driver's license or a renewal of a REAL ID-compliant driver's license, the department shall verify the applicant's lawful status and social security number, if applicable, through a method approved by the federal government.

F. Pursuant to the federal REAL ID Act of 2005, the secretary shall establish a written, defined exception process to allow a person to demonstrate the person's identity, age and lawful status. The process shall

allow a person to use a certified letter of enrollment or a valid identification card issued by a federally recognized Indian nation, tribe or pueblo to demonstrate the person's identity or age or to demonstrate the person's lawful status, if applicable.

G. A person with lawful status may apply for a REAL ID-compliant driver's license or a standard driver's license.

H. An applicant shall indicate whether the applicant is applying for a REAL ID-compliant driver's license or a standard driver's license. The department shall issue a standard driver's license to an applicant who is otherwise eligible for a REAL ID-compliant driver's license but who does not provide proof of lawful status and who affirmatively acknowledges that the applicant understands that a standard driver's license may not be valid for federal purposes. An applicant who does not provide proof of lawful status shall only apply for a standard driver's license. Except as otherwise provided in the Motor Vehicle Code, the department shall treat driving authorization cards and standard driver's licenses as REAL ID-compliant driver's licenses.

J. An application for a standard driver's license shall include proof of the applicant's identity and age.

K. An applicant shall indicate whether the applicant has been convicted of driving while under the influence of intoxicating liquor or drugs in this state or in any other jurisdiction. Failure to disclose any such conviction prevents the issuance of a license for a period of one year if the failure to disclose is discovered by the department prior to issuance. If the nondisclosure is discovered by the department subsequent to issuance, the department shall revoke the license for a period of one year. Intentional and willful failure to disclose, as required in this subsection, is a misdemeanor.

To provide a reasonable, objective and fair method by which the department may determine whether an individual shows disrespect for the traffic laws of this state through frequency of conviction for violations or is habitually reckless or negligent and to promote the public safety by removing such drivers from the roads, the department establishes a "point system" with 18.19.5.50 through 18.19.5.56 NMAC. misdemeanor (Sections 66-8-116 through 66-8-119 NMSA 1978 or the forfeiture of bail or other collateral deposited to secure the violator's appearance in court; "conviction" also includes a conviction for a traffic violation in any other state, territory or possession of the United States, the District of Columbia and any province of the Dominion of Canada so long as the conviction in that jurisdiction is for a violation of a traffic law for which points would be assessed if the conviction were for a violation of the traffic laws of this state. "Conviction" does not include the imposition of sentence.

C. For the purposes of 18.19.5.50 through 18.19.5.56 NMAC, "driver" means an individual who operates a motor vehicle upon the trafficways of this state whether or not that individual holds a valid driver's license issued either by this state under the provisions of the Motor Vehicle Code or by another jurisdiction under the laws of that jurisdiction.

66-5-49. DRIVER LICENSE COMPACT--ENACTED.--The Driver License Compact is entered into with all other jurisdictions legally joining therein in a form substantially as follows:

DRIVER LICENSE COMPACT

ARTICLE I

Findings and Declaration of Policy

A. The party states find that:

(1) the safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles;

(2) violation of state law or local ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property; and

(3) continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

B. It is the policy of each of the party states to:

(1) promote compliance with the laws, ordinances and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where they drive motor vehicles; and

(2) make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuation or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II

Definitions

As used in the Driver License Compact:

A. "state" means a state, territory or possession of the United States, the District of Columbia or the commonwealth of Puerto Rico;

B. "home state" means the state which has issued, and has the power to suspend or revoke the use of, the license or permit to operate a motor vehicle; and

C. "conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE III

Reports of Conviction

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. The report shall:

- A. clearly identify the person convicted;**
- B. describe the violation, specifying the section of the statute, code or ordinance violated;**
- C. identify the court in which action was taken;**
- D. indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and**
- E. include any special findings made in connection therewith.**

ARTICLE IV

Effect of Conviction

A. The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported pursuant to Article III of the Driver License Compact as it would if the conduct had occurred in the home state in the case of convictions for:

- (1) manslaughter or negligent homicide resulting from the operation of a motor vehicle;**
- (2) driving a motor vehicle under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;**
- (3) any felony in the commission of which a motor vehicle is used; and**
- (4) failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury to another.**

B. As to other convictions reported pursuant to Article III, the licensing authority in the home state shall give the effect to the conduct as is provided by the laws of the home state.

C. If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in Subsection A of this article, that party state shall construe the denominations and descriptions appearing in Subsection A as being applicable to, and identifying, those offenses or violations of a substantially similar nature, and the laws of that party state shall contain provisions necessary to ensure that full effect is given to this article.

ARTICLE V

Applications for New Licenses

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of, a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

A. the applicant has held a license, but it has been suspended by reason, in whole or in part, of a violation and if the suspension period has not terminated;

B. the applicant has held a license, but it has been revoked by reason, in whole or in part, of a violation and if the revocation has not terminated, except that after expiration of one year from the date the license was revoked, the person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to the applicant if, after investigation, it determines that it will not be safe to grant to the person the privilege of driving a motor vehicle on the public highways; or

C. the applicant is the holder of a license to drive issued by another party state and currently in force, unless he surrenders the license.

ARTICLE VI

Applicability of Other Laws

Except as expressly required by provisions of the Driver License Compact, nothing contained in the compact shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstances, or to invalidate or prevent any driver license

agreement or other cooperative arrangement between a party state and a nonparty state.

ARTICLE VII

Compact Administrator and Interchange of Information

A. The head of the licensing authority of each party state shall be the administrator of the Driver License Compact for his state. The administrators, acting jointly, may formulate all necessary and proper procedures for the exchange of information under the Driver License Compact.

ARTICLE VIII

Entry into Force and Withdrawal

A. The Driver License Compact shall enter into force and become effective as to any state when it has enacted the compact into law.

B. Any party state may withdraw from the Driver License Compact by enacting a statute repealing the compact, but no withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX

Construction and Severability

The Driver License Compact shall be liberally construed to effectuate its purposes. The provisions of the compact are severable and if any phrase, clause, sentence or provision is declared to be contrary to the constitution of any party state, or of the United States, or its applicability to any government, agency, person or circumstance is held invalid, the validity or [of] the remainder of the compact and its applicability to any government, agency, person or circumstance shall not be affected. A motor vehicle insurance policy shall insure a person named as insured against loss from the liability imposed upon the person by law for damages arising out of the use, with the express or implied permission of the owner or person in lawful possession, of a motor vehicle that the insured person does not own. The policy shall insure the person within the same territorial limits and in compliance with the requirement of evidence of financial responsibility as set forth in the Mandatory Financial Responsibility Act with respect to a motor vehicle insurance policy. A motor vehicle liability policy in which the described vehicle is a private passenger car is not required to provide liability insurance coverage for a non-owned truck tractor designed to pull a trailer or semitrailer.

C. Permitted exceptions to coverage otherwise required by Subsections A and B of this section may include the following if excluded by the motor vehicle insurance policy:

(1) an automobile business exclusion;

(2) a furnished for regular use exclusion;

(3) a vehicle rented for business use exclusion if the exclusion is contained in the motor vehicle insurance policy and is enforceable;

(4) an exclusion for any liability of the United States government or its agencies when the provisions of the Federal Tort Claims Act apply;

(5) an exclusion for liability of the insured under any workers' compensation law;

(6) an exclusion for damages to property owned by, rented to, in the charge of or transported by an insured; provided, however, that this exclusion shall not apply to damages to a residence or private garage rented by an insured; and

(7) an exclusion to apply when a vehicle is rented to others or used to carry persons for a charge, including when a vehicle is being used while logged on to a transportation network company's digital network or while a driver provides a prearranged ride; provided, however, that this exclusion shall not apply to use on a shared expense basis.

D. The motor vehicle insurance policy shall state the name and address of the insured, the coverage afforded by the policy, the premium charged, the policy period and the limits of liability. The policy shall also contain an agreement or endorsement that states that the insurance is:

(1) provided in accordance with the coverage defined in the Mandatory Financial Responsibility Act regarding bodily injury and death or property damage or both; and

(2) subject to all the provisions of that act.

E. Every motor vehicle insurance policy shall be subject to the following provisions, which may be contained in the policy:

(1) the policy may not be canceled or annulled as to the liability of the insurance carrier with respect to the insurance required by the Mandatory Financial Responsibility Act by an agreement between the insurance carrier and the insured after the occurrence of the injury or damage;

(2) the satisfaction by the insured of a judgment for injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to pay on account of injury or damage;

(3) the insurance carrier has the right to settle a claim covered by the policy. If the settlement is made in good faith, the amount of the settlement is deductible from the limits of liability specified in the Mandatory Financial Responsibility Act; and

(4) the policy, the declarations page, the written application and a rider or an endorsement that does not conflict with the provisions of the Mandatory Financial Responsibility Act constitute the entire contract between the parties.

F. A binder issued pending the issuance of a motor vehicle insurance policy is deemed to fulfill the requirements for the policy.

(Laws 2016, Chapter 80, Section 23)

66-5-206. REGISTRATION WITHOUT INSURANCE OR EVIDENCE OF FINANCIAL RESPONSIBILITY PROHIBITED--SUSPENSION REQUIRED.--

A. The department shall not issue or renew the registration for any motor vehicle not covered by a motor vehicle insurance policy or by evidence of financial responsibility currently valid meeting the requirements of the laws of New Mexico and of the secretary, unless specifically exempted from the Mandatory Financial Responsibility Act.

B. Upon a showing by its records or other sufficient evidence that the required insurance or evidence of financial responsibility has not been provided or maintained for a motor vehicle, the department shall suspend its registration of the motor vehicle.

66-5-207. EXEMPT MOTOR VEHICLES.--The following motor vehicles are exempt from the Mandatory Financial Responsibility Act:

A. a motor vehicle owned by the United States government, any state or any political subdivision of a state;

B. an implement of husbandry or special mobile equipment that is only incidentally operated on a highway;

C. a motor vehicle operated upon a highway only for the purpose of crossing such highway from one property to another;

D. a commercial motor vehicle registered or proportionally registered in this and any other jurisdiction, provided such motor vehicle is covered by a motor vehicle insurance policy or equivalent coverage or other form of financial responsibility in compliance with the laws of any other jurisdiction in which it is registered;

E. a motor vehicle approved as self-insured by the superintendent of insurance pursuant to Section 66-5-207.1 NMSA 1978; and

F. any motor vehicle when the owner has submitted to the department a signed statement, in the form prescribed by the department, declaring that the vehicle will not be operated on the highways of New Mexico and explaining the reasons therefor.

66-5-207.1. SELF-INSURERS.--

A. The superintendent of insurance shall issue a certificate of self-insurance to any applicant with motor vehicles registered in his name in this state, provided that the applicant has met the same criteria for self-insurance as set by the superintendent of insurance for workmen's compensation liability.

B. Upon not less than five days' notice and a hearing pursuant to such notice, the superintendent upon reasonable grounds may cancel a certificate of self-insurance. Failure to pay any judgment within thirty days after the judgment is final constitutes a reasonable ground for the cancellation of a certificate of self-insurance.

66-5-208. EVIDENCE OF FINANCIAL RESPONSIBILITY--AMOUNTS AND CONDITIONS. --"Evidence of financial responsibility," as used in the Mandatory Financial Responsibility Act, means evidence of the ability to respond in damages for liability, on account of accidents occurring subsequent to the effective date of the evidence, arising out of the ownership, maintenance or use of a vehicle of a type subject to registration under the laws of New Mexico, in the following amounts:

A. twenty-five thousand dollars (\$25,000) because of bodily injury to or death of one person in any one accident;

B. subject to this limit for one person, fifty thousand dollars (\$50,000) because of bodily injury to or death of two or more persons in any one accident;

C. ten thousand dollars (\$10,000) because of injury to or destruction of property of others in any one accident; and

D. if evidence is in the form of a surety bond or a cash deposit, the total amount shall be sixty thousand dollars (\$60,000).

66-5-209. MEANING OF "JUDGEMENT".--"Judgment," as used in the Mandatory Financial Responsibility Act, means any judgment which becomes final by expiration without appeal of the time within which an appeal might have been perfected or by final affirmation on appeal rendered by a court of competent jurisdiction of any state or of the United States, upon a cause of action arising out of the ownership, maintenance or use of any motor vehicle of a type subject to registration under the laws of New Mexico, for damages, including damages for care and loss of services, because of bodily injury to or death of any person or for damages because of injury to or destruction of property, including the loss of use thereof, or upon a cause of action on an agreement of settlement for such damages.

66-5-210. SETTLEMENT AGREEMENTS FOR PAYMENT OF DAMAGES.--

A. Any two or more of the persons involved in or affected by a motor vehicle accident may at any time enter into a written settlement agreement for the payment of an agreed amount with respect to all claims of any of the persons because of bodily injury to or the death of any person or property damage arising from the accident, which agreement may provide for payment in installments, and may file a signed copy of the settlement agreement with the division.

B. In the event of a default in any payment under such settlement agreement and upon notice of default, the division shall take action suspending the license or registration, or both if the owner and driver are the same person, or any nonresident's operating privilege of the person in default.

C. The suspension shall remain in effect and the license or registration shall not be restored until:

(1) the person in default has paid the balance of the agreed amount; or

(2) one year has elapsed following the effective date of the suspension and evidence satisfactory to the division has been filed with it that during such period no action at law upon the settlement agreement has been instituted and is pending.

66-5-211. WHEN COURTS TO REPORT NONPAYMENT OF JUDGEMENTS.--Whenever any person fails within thirty days to satisfy any judgment, then upon the written request of the judgment creditor or his attorney it shall be the duty of the clerk of the court, or the judge of a court which has no clerk, in which any such judgment is rendered within this state to forward to the division immediately upon such request a certified copy of such judgment.

66-5-212. APPLICATION TO NONRESIDENTS--UNLICENSED DRIVERS--UNREGISTERED VEHICLES AND ACCIDENTS IN OTHER STATES.--

A. When a nonresident's operating privilege is suspended under the Mandatory Financial Responsibility Act and Sections 66-5-301 through 66-5-303 NMSA 1978, the division may transmit a certified copy of the record of such action to the official in charge of the issuance of licenses and registration certificates in the state in which the nonresident resides if the law of the other state provides for action in relation thereto similar to that provided for in Subsection B of this section.

B. Upon receipt of certification that the driving privilege of a resident of New Mexico has been suspended or revoked in any other state pursuant to a law providing for its suspension or revocation for failure to pay settlement agreements or judgments arising out of a motor vehicle accident or for failure to give and maintain evidence of financial responsibility under circumstances which would require the division to suspend a nonresident's operating privilege had the accident occurred in New Mexico, the division may suspend the license of the resident if he was the driver and all of his registrations if he was the owner of a motor vehicle involved in the accident. The suspension shall continue until the resident furnishes evidence of his compliance with the law of the other state.

66-5-213 EXCEPTION WHEN CONSENT GRANTED BY JUDGMENT CREDITOR.--If the judgment creditor or party to a settlement agreement consents in writing in such form as the division may prescribe that the judgment debtor or other party to a settlement agreement be allowed license and registration or nonresident's operating privilege, the same may be allowed by the division, in its discretion, for six months from the date of the consent and thereafter until the consent is revoked in writing, notwithstanding default in the payment of the judgment or of any installments thereof prescribed in Section 66-5-216 NMSA 1978 or default in payment of a settlement agreement, provided the judgment debtor or the released party to a settlement agreement furnishes evidence of financial responsibility.

66-5-214. DISCHARGE IN BANKRUPTCY.--A discharge in bankruptcy shall not relieve any person from any of the requirements of the Mandatory Financial Responsibility Act.

66-5-215. PAYMENTS SUFFICIENT TO SATISFY REQUIREMENTS.--

A. Judgments herein referred to shall, for the purpose of the Mandatory Financial Responsibility Act only, be deemed satisfied when:

(1) twenty-five thousand dollars (\$25,000) has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of one person as the result of any one accident;

(2) subject to the limit of twenty-five thousand dollars (\$25,000) because of bodily injury to or death of one person, the sum of fifty thousand dollars (\$50,000) has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of two or more persons as the result of any one accident; or

(3) ten thousand dollars (\$10,000) has been credited upon any judgment or judgments rendered in excess of that amount because of injury to or destruction of property of others as a result of any one accident.

B. However, payments made in settlements of any claims because of bodily injury, death or property damage arising from the accident shall be credited in reduction of the amounts provided for in this section.

66-5-216. INSTALLMENT PAYMENT OF JUDGEMENTS; DEFAULT.--

A. A judgment debtor, upon due notice to the judgment creditor, may apply to the court in which the judgment was rendered for the privilege of paying the judgment in installments, and the court in its discretion and without prejudice to any other legal remedies which the judgment creditor may have may so order and fix the amounts and times of payment of the installments.

B. The division shall not suspend a license, registration or nonresident's operating privilege and shall restore any license, registration or nonresident's operating privilege suspended following nonpayment of a judgment when the judgment debtor gives evidence of financial responsibility and obtains an order permitting the payment of the judgment in installments and while the payment of any installments is not in default.

66-5-217. ACTION IF BREACH OF AGREEMENTS.--In the event the judgment debtor fails to pay any installment as specified by the order, upon notice of the default the division shall forthwith suspend the license, registration or nonresident's operating privilege of the judgment debtor until the judgment is satisfied as provided in the Mandatory Financial Responsibility Act.

66-5-218. ALTERNATE METHODS OF GIVING EVIDENCE.--Evidence of financial responsibility, when required under the Mandatory Financial Responsibility Act, may be given by filing:

A. evidence of a motor vehicle insurance policy;

B. a surety bond as provided in Section 66-5-225 NMSA 1978; or

C. a certificate of deposit of money as provided in Section 66-5-226 NMSA 1978.

66-5-220. DEFAULT BY NONRESIDENT INSURER.--If any insurance carrier not authorized to transact business in New Mexico that has qualified to furnish evidence of financial responsibility defaults in any undertakings or agreements, the department shall not thereafter accept evidence of financial responsibility of that carrier, whether previously filed or thereafter tendered as evidence, so long as the default continues.

66-5-222. DRIVER EXCLUSION ENDORSEMENT FORM.--Any motor vehicle insurance policy may be endorsed to exclude a named driver from coverage. The endorsement shall be signed by at least one named insured. Endorsements shall be substantially similar to the following form:

“DRIVER EXCLUSION ENDORSEMENT

(signature)

66-5-224. ACT NOT TO AFFECT OTHER POLICIES.--

A. The Mandatory Financial Responsibility Act does not apply to or affect policies of motor vehicle insurance against liability which may now or hereafter be required by any other law of New Mexico, and such policies, if they contain an agreement or are endorsed to conform with the requirements of the Mandatory Financial Responsibility Act, may be considered as evidence of financial responsibility under that act.

B. The Mandatory Financial Responsibility Act does not apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the insured's employ or on his behalf of motor vehicles not owned by the insured.

66-5-225. BOND AS EVIDENCE.--Evidence of financial responsibility may be demonstrated by a surety bond of a surety company authorized to transact business within New Mexico.

66-5-226. CASH DEPOSIT AS EVIDENCE.--Evidence of financial responsibility may be demonstrated by the certificate of the state treasurer that the person named in the certificate has deposited with him sixty thousand dollars (\$60,000) in cash.

66-5-227. APPLICATION OF CASH DEPOSIT.--The cash deposit provided for in Section 66-5-226 NMSA 1978 shall be held by the state treasurer to satisfy, in accordance with the provisions of the Mandatory Financial Responsibility Act, any execution on a judgment issued against the person making the deposit, for damages, including damages for care and loss of services because of bodily injury to or death of any person or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use or operation of a motor vehicle of a type subject to registration under the laws of New Mexico after the deposit was made. Money so deposited shall not be subject to attachment or execution unless such attachment or execution arises out of a suit for damages as provided in this section.

66-5-228. SUBSTITUTION OF EVIDENCE.--The department shall consent to the cancellation of any bond or the department shall direct and the state treasurer shall return any money to the person entitled thereto upon the substitution and acceptance of any other adequate evidence of financial responsibility as set forth in Section 66-5-218 NMSA 1978.

66-5-229. DURATION OF EVIDENCE--WHEN FILING OF EVIDENCE MAY BE WAIVED.--

A. Except as provided in Subsection B of this section, the department shall, upon request, consent to the immediate cancellation of any bond or the department shall direct and the state treasurer shall return to the person entitled to it any money deposited pursuant to the Mandatory Financial Responsibility Act as evidence of financial responsibility or the department shall waive the requirement of filing evidence of financial responsibility in any of the following events:

(1) after one year of providing satisfactory evidence as specified in Section 66-5-218 NMSA 1978;

(2) the death of the person on whose behalf evidence was filed or the permanent incapacity of the person to operate a motor vehicle; or

(3) the person who has filed evidence surrenders the person's license and registration to the department.

B. The department shall not consent to the cancellation of any bond or the return of any money or waive the requirement of filing evidence of financial responsibility in the event any action for damages upon a liability covered by the evidence is then pending or any judgment upon any such liability is then unsatisfied or in the event the person who has filed the bond or deposited the money has, within one year immediately preceding the request, been involved as a driver or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts or that the applicant has been released from all of the applicant's liability or has been finally adjudicated not to be liable for such injury or damage shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the department.

C. An owner or operator of a vehicle subject to the Mandatory Financial Responsibility Act shall carry evidence of financial responsibility as defined by that act in the vehicle at all times while the vehicle is in operation on the highways of this state.

D. When financial responsibility is satisfied through coverage under a motor vehicle insurance policy, the owner's or operator's carrying of evidence in print or accessible through a portable electronic device is acceptable. An owner or operator of a vehicle who provides evidence of financial responsibility through a portable electronic device:

(1) assumes all liability for any resulting damage to the portable electronic device; and

(2) is presumed not to consent to provide access to a law enforcement officer to any other information stored in the portable electronic device.

E. The failure to comply with Subsection C of this section is a misdemeanor punishable as set forth in Section 66-8-7 NMSA 1978 unless the person charged with violating that subsection produces in court evidence of financial responsibility valid at the time of issuance of the citation.
(Laws 2019, Chapter 154, Section 1)

66-5-230. SURRENDER OF LICENSE AND REGISTRATION.--

A. Any person whose license or registration is suspended under any provision of the Mandatory Financial Responsibility Act or whose policy of insurance or bond, when required under the Mandatory Financial Responsibility Act, is canceled or terminated shall immediately return his license or registration to the division. If any person fails to return to the division the license or registration as provided in this section, the division shall forthwith notify the person by certified mail that within ten days after receipt of such notice he shall return to the division by mail his license or registration or shall be subject to the full penalty prescribed by law.

B. Any person willfully failing to return the license or registration as required in Subsection A of this section shall be fined not more than one thousand dollars (\$1,000) or imprisoned not to exceed six months or both.

66-5-231. FORGED EVIDENCE.--Any person who forges or, without authority, signs any evidence of financial responsibility or who files or offers for filing any such evidence knowing or having reason to believe that it is forged or signed without authority shall be fined not more than one thousand dollars (\$1,000) or imprisoned for not more than one year or both.

66-5-232. SAMPLING--LETTER TO OWNER.--

A. The department, at various times as it considers necessary or appropriate to assure compliance with the Mandatory Financial Responsibility Act, shall select for financial responsibility affirmation an appropriate sample number of the motor vehicles registered in New Mexico. The department is authorized to emphasize, in accordance with rules adopted by the department, for affirmation of financial responsibility, individuals whose affirmations of financial responsibility have previously been found to be incorrect.

B. When a motor vehicle is selected for financial responsibility affirmation under Subsection A of this section, the department shall mail an affirmation form to the registered owner of the motor vehicle notifying him that his motor vehicle has been selected for financial responsibility affirmation and requiring him to respond and to affirm, by at least one signature shown on the affirmation form, the existence of evidence satisfying the financial responsibility requirements of the Mandatory Financial Responsibility Act for the motor vehicle.

C. Failure by an owner to return the affirmation of financial responsibility to the department within fifteen days after mailing by the department or a determination by the department that an affirmation is not accurate constitutes reasonable grounds under Section 66-5-235 NMSA 1978 to believe that a person is operating a motor vehicle in violation of Section 66-5-205 NMSA 1978 or has falsely affirmed the existence of means of satisfying the financial responsibility requirements of the Mandatory Financial Responsibility Act.

D. The department may investigate all affirmations required by the Mandatory Financial Responsibility Act returned to the department. If the owner affirms the existence of a motor vehicle insurance policy covering the motor vehicle, the department may forward the affirmation to the listed insurer to determine whether the affirmation is correct. An insurer shall mail notification to the department within twenty working days of receipt of the affirmation inquiry in the event the affirmation is not correct. The notification shall be prima facie evidence of failure to satisfy the financial responsibility requirements of the Mandatory Financial Responsibility Act. The department may determine the correctness of affirmation of other means of satisfying the financial responsibility requirements of that act for the motor vehicle.

E. The department may use accident reports as basic material for the construction of its sampling procedure.

F. No civil liability shall accrue to the insurer or any of its employees for reports made to the department under this section when the reports are

made in good faith based on the most recent information available to the insurer.

G. The affirmation form used when sampling shall require the report of the name of the company issuing the policy, the policy number or any other information that identifies the policy.

66-5-233. AFFIRMATION FORM.--The affirmation of financial responsibility required under Sections 66-5-208, 66-5-225 and 66-5-226 NMSA 1978 shall be in a form prescribed by the department and shall require an applicant to provide such information as may be required by the department. If a person affirms the existence of a motor vehicle insurance policy, the affirmation form shall require him to report at least the name of the insurer issuing the policy and the policy number.

66-5-234. REGISTRATION--APPLICATION AND REFNEWAL.--

A. The department shall indicate in boldface print on every new application form for registration and every registration form that the owner of the motor vehicle affirms that he is financially responsible within the meaning of the Mandatory Financial Responsibility Act. The payment of the registration fee and acceptance by the department of the application for registration shall be affirmation by the owner of the registered vehicle that he has complied with the requirements of that act.

B. The department shall not renew the registration of a motor vehicle unless the owner of the motor vehicle affirms the existence of a motor vehicle insurance policy covering the motor vehicle or the existence of some other means of satisfying the financial responsibility requirements of the Mandatory Financial Responsibility Act for the motor vehicle.

66-5-235. FALSE AFFIRMATION--VIOLATION.--When the department has reasonable grounds to believe that a person is operating a motor vehicle in violation of Section 66-5-205 NMSA 1978 or has falsely affirmed the existence of a motor vehicle insurance policy or the existence of some other means of satisfying the financial responsibility requirements of the Mandatory Financial Responsibility Act, the department shall demand satisfactory evidence from the person that the person meets the requirements of that act as provided in Section 66-5-233 NMSA 1978. If the person cannot provide evidence of financial responsibility within twenty days after receipt of the department's demand for satisfactory proof of financial responsibility, the department may suspend the person's registration as provided in Section 66-5-236 NMSA 1978.

66-5-236. SUSPENSION FOR NONPAYMENT OF JUDGMENT OR FOR FALSE AFFIRMATION.--

A. Except as otherwise provided, the secretary shall suspend:

(1) the motor vehicle registration for all motor vehicles and the driver's license of any person against whom a judgment has been rendered, the department being in receipt of a certified copy of the judgment on a form provided by the department; or

(2) the registration for a period not to exceed one year of a person who is operating a motor vehicle in violation of Section 66-5-205 NMSA 1978 or falsely affirms the existence of a motor vehicle insurance policy or some other means of satisfying the financial responsibility requirements of the Mandatory Financial Responsibility Act, but only if evidence of financial responsibility is not submitted within twenty days after the date of the mailing of the department's demand for that evidence. The department shall notify the person that the person may request a hearing before the administrative hearings office within twenty days after the date of the mailing of the department's demand.

B. The registration shall remain suspended and shall not be renewed, nor shall any registration be issued thereafter in the name of that person, unless and until every judgment is stayed, satisfied in full or to the extent provided in the Mandatory Financial Responsibility Act and evidence of financial responsibility as required in Section 66-5-218 NMSA 1978 is provided to the department.

(Laws 2015, Chapter 73, Section 33)

66-5-237. PAST APPLICATION OF ACT.--The Mandatory Financial Responsibility Act does not apply with respect to any accident or judgment arising therefrom or violation of the motor vehicle laws of New Mexico occurring prior to January 1, 1984.

66-5-238. ACT NOT TO PREVENT OTHER PROCESS. -- Nothing in the Mandatory Financial Responsibility Act shall be construed to prevent the plaintiff in any action at law from relying for relief upon the other processes provided by law.

66-5-239. NO CIVIL LIABILITY.--No civil liability shall accrue to the division or any of its employees for reports made in good faith based on the most recent information available to the division.

66-5-301. INSURANCE AGAINST UNINSURED AND UNKNOWN MOTORISTS--REJECTION OF COVERAGE BY THE INSURED.--

A. No motor vehicle or automobile liability policy insuring against loss resulting from liability imposed by law for bodily injury or death suffered by any person and for injury to or destruction of property of others arising out of the ownership, maintenance or use of a motor vehicle shall be delivered or issued for delivery in New Mexico with respect to any motor vehicle registered or principally garaged in New Mexico unless coverage is provided therein or supplemental thereto in minimum limits for bodily injury or death and for injury to or destruction of property as set forth in Section 66-5-215 NMSA 1978 and such higher limits as may be desired by the insured, but up to the limits of liability specified in bodily injury and property damage liability provisions of the insured's policy, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of bodily injury, sickness or disease, including death, and for injury to or destruction of property resulting therefrom, according to the rules and regulations promulgated by, and under provisions filed with and approved by, the superintendent of insurance.

B. The uninsured motorist coverage described in Subsection A of this section shall include underinsured motorist coverage for persons protected by an insured's policy. For the purposes of this subsection, "underinsured motorist" means an operator of a motor vehicle with respect to the ownership, maintenance or use of which the sum of the limits of liability under all bodily injury liability insurance applicable at the time of the accident is less than the limits of liability under the insured's uninsured motorist coverage. No motor vehicle or automobile liability policy sold in New Mexico shall be required to include underinsured motorist coverage until January 1, 1980.

C. The uninsured motorist coverage shall provide an exclusion of not more than the first two hundred fifty dollars (\$250) of loss resulting from injury to or destruction of property of the insured in any one accident. The named insured shall have the right to reject uninsured motorist coverage as described in Subsections A and B of this section; provided that unless the named insured requests such coverage in writing, such coverage need not be provided in or supplemental to a renewal policy where the named insured has rejected the coverage in connection with a policy previously issued to him by the same insurer.

66-5-302. UNINSURED MOTORIST--PAYMENT OF ARBITRATION FEE.--No arbitrator shall require the payment of a fee in advance of the arbitration of any controversy arising under an uninsured motorist provision of a motor vehicle or automobile liability insurance policy. The arbitrator may award the costs of arbitration to the prevailing party.

66-5-303. UNINSURED MOTORIST--JUDICIAL REVIEW [OF] ARBITRATION FEE.--After a party to an arbitration proceeding involving an uninsured motorist receives notice of an award, the party may make a motion to the district court for an order confirming the award, at which time the court shall issue a confirming order unless the award is modified or corrected pursuant to Section 44-7A-21 or 44-7A-25 NMSA 1978 or is vacated pursuant to Section 44-7A-24 NMSA 1978.

66-5-401. IDENTIFICATION CARDS--APPLICATION.--

A. A person who does not have a valid New Mexico driver's license may be issued an identification card by the department. An application for an identification card or renewal of an identification card shall be made upon a form furnished by the department.

B. The department shall establish two distinct identification cards as provided in Section 66-5-405 NMSA 1978:

- (1) a REAL ID-compliant identification card; and
- (2) a standard identification card.

C. An application for a REAL ID-compliant identification card shall contain the applicant's full legal name; date of birth; sex; and current New Mexico residence address and shall briefly describe the applicant.

D. An application for a standard identification card shall bear the applicant's full name; date of birth; sex; and current New Mexico residence address and shall briefly describe the applicant.

E. The secretary shall establish by rule documents that may be accepted as evidence of the residency of the applicant.

F. A person applying for or renewing a REAL ID-compliant identification card shall provide documentation required by the federal government of the applicant's identity; date of birth; social security number, if applicable; address of current residence; and lawful status. The department shall verify the applicant's lawful status and social security number, if applicable, through a method approved by the federal government. Pursuant to the federal REAL ID Act of 2005, the secretary shall establish a written, defined exception process to allow a person to demonstrate the person's identity, age and lawful status. The process shall allow a person to use a certified letter of enrollment or a valid identification card issued by a federally recognized Indian nation, tribe or pueblo to demonstrate the person's identity or age or to demonstrate the person's lawful status, if applicable. A person with lawful status may apply for a REAL ID-compliant identification card or a standard identification card. Every application for an identification card shall be signed by the applicant or the applicant's parent or guardian. The secretary may, for good cause, revoke or deny the issuance of an identification card.

G. An application by a foreign national with lawful status for a REAL ID-compliant identification card shall contain the unique identifying number and expiration date, if applicable, of the foreign national's valid passport, valid visa, employment authorization card issued under the applicant's approved deferred action status or other arrival-departure record or document issued by the federal government that conveys lawful status. The department may issue to an eligible foreign national applicant a REAL ID-compliant identification card that is valid for a period not to exceed the duration of the applicant's

lawful status; provided that if that date cannot be determined by the department and the applicant is not a legal permanent resident, the identification card shall expire one year after the effective date of the identification card.

H. The department shall issue a standard identification card to an applicant who is otherwise eligible but who does not provide proof of lawful status and who affirmatively acknowledges that the applicant understands that a standard identification card may not be valid for federal purposes. An applicant who does not provide proof of lawful status shall only apply for a standard identification card. An application for a standard identification card shall include proof of the applicant's identity and age.

I. The secretary may adopt rules providing for the proration of fees due to shortened validity periods authorized pursuant to the provisions of this section.

J. Within the forms prescribed by the department for identification card applications, a space shall be provided to show whether the applicant is a donor as provided in the Jonathan Spradling Revised Uniform Anatomical Gift Act. A person applying for an identification card may indicate that person's status on the space provided on the application. The donor status indicated by the applicant shall be displayed on the identification card. The form and identification card shall be signed by the donor in the presence of a witness who shall also sign the form in the donor's presence.

(Laws 2019, Chapter 167, Section 10)

66-5-402. PERSONS ELIGIBLE FOR IDENTIFICATION CARDS.--The department may issue an identification card only to a person who is a New Mexico resident and who does not have a valid New Mexico license. (Laws 2016, Chapter 79, Section 10)

66-5-403. EXPIRATION OF IDENTIFICATION CARDS--DURATION--RENEWAL.--

A. Except as provided in Subsections B through E of this section, every identification card shall be issued for a period not to exceed four years and shall expire four years after the effective date of the identification card.

B. An identification card may be renewed within ninety days prior to its expiration or at an earlier date approved by the department. 66-6-23.1. FORMULAIC DISTRIBUTION.--

A. The balance from Section 66-6-23 NMSA 1978 shall be transferred or distributed by the state treasurer on or before the last day of the month next after its receipt, as follows:

(1) seventy-four and sixty-five hundredths percent shall be distributed to the state road fund;

(2) seven and six-tenths percent shall be transferred to each county in the proportion, determined by the department in accordance with Subsection B of this section, that the registration fees for vehicles in that county are to the total registration fees for vehicles in all counties;

(3) seven and six-tenths percent shall be transferred to the counties, with each county receiving an amount equal to the proportion, determined by the secretary of transportation in accordance with Subsection D of this section, that the mileage of public roads maintained by the county is to the total mileage of public roads maintained by all counties of the state. Amounts distributed to each county in accordance with this paragraph shall be credited to the respective county road fund and be used for the improvement and maintenance of the public roads in the county and to pay for the acquisition of rights of way and material pits. For this purpose, the board of county commissioners of each of the respective counties shall certify by April 1 of each year to the secretary of transportation the total mileage as of April 1 of that year; provided that in their report, the boards of county commissioners shall identify each of the public roads maintained by them by name, route and location. By agreement and in cooperation with the department of transportation, the boards of county commissioners of the various counties may use or designate any of the funds provided in this paragraph for a federal aid program;

(4) four and six-hundredths percent shall be allocated among the counties in the proportion, determined by the department in accordance with Subsection B of this section, that the registration fees for vehicles in that county are to the total registration fees for vehicles in all counties. The amount allocated to each county shall be transferred to the incorporated municipalities within the county in the proportion, determined by the department of finance and administration in accordance with Subsection C of this section, that the sum of net taxable value, as that term is defined in the Property Tax Code, plus the assessed value, as that term is used in the Oil and Gas Ad Valorem Production Tax Act and in the Oil and Gas Production Equipment Ad Valorem Tax Act, determined for the incorporated municipality is to the sum of net taxable value plus assessed value determined for all incorporated municipalities within the county. Amounts transferred to incorporated municipalities pursuant to the provisions of this paragraph shall be used for the construction, maintenance and repair of streets within

the municipality and for payment of paving assessments against property owned by federal, county or municipal governments. In a county in which there are no incorporated municipalities, the amount allocated pursuant to this paragraph shall be transferred to the county government road fund and used in accordance with the provisions of Paragraph (3) of this subsection; and

(5) six and nine-hundredths percent shall be allocated among the counties in the proportion, determined by the department of finance and administration in accordance with Subsection C of this section, that the registration fees for vehicles in that county are to the total registration fees for vehicles in all counties. The amount allocated to each county shall be transferred to the county and incorporated municipalities within the county in the proportion, determined by the department of finance and administration in accordance with Subsection B of this section, that the computed taxes due for the county and each incorporated municipality within the county bear to the total computed taxes due for the county and incorporated municipalities within the county. For the purposes of this paragraph, the term “computed taxes due” for a jurisdiction means the sum of the net taxable value, as that term is defined in the Property Tax Code, plus the assessed value, as that term is used in the Oil and Gas Ad Valorem Production Tax Act and in the Oil and Gas Production Equipment Ad Valorem Tax Act, for that jurisdiction multiplied by an average of the rates for residential and nonresidential property imposed for that jurisdiction pursuant to Subsection B of Section 7-37-7 NMSA 1978.

B. To carry out the provisions of this section, during the month of June of each year:

(1) the department shall determine and certify to the department of finance and administration the proportions that the department is required to determine pursuant to Subsection A of this section using information for the preceding calendar year on the number of vehicles registered in each county based on the address of the owner or place where the vehicle is principally located, the registration fees for the vehicles registered in each county, the total number of vehicles registered in the state and the total registration fees for all vehicles registered in the state; and

(2) the department of finance and administration shall determine the proportions that the department of finance and administration is required to determine pursuant to this subsection based upon the net taxable value, as that term is defined in the Property Tax Code, and the assessed value, as that term is used in the Oil and Gas Ad Valorem Production Tax Act and the Oil and Gas Production Equipment Ad Valorem Tax Act, for the preceding tax year and the tax rates imposed pursuant to Subsection B of Section 7-37-7 NMSA 1978 in the preceding September.

C. By June 30 of each year, the department of finance and administration shall determine the appropriate percentage of money to be transferred to each county and municipality for each purpose in accordance with Subsection A of this section based upon the proportions determined by or certified to the department of finance and administration. The percentages determined shall be used to compute the amounts to be transferred to the counties and municipalities during the succeeding fiscal year.

D. The board of county commissioners of each of the respective counties shall, by April 1 of every year, certify reports to the secretary of transportation of the total mileage of public roads maintained by each county as of April 1 of every year; provided that in their reports, the boards of county commissioners shall identify each of the public roads maintained by them by name, route and location. By July 1 of every year, the secretary of transportation shall verify the reports of the counties and revise, if necessary, the total mileage of public roads maintained by each county. The mileage verified by the secretary of transportation shall be the official mileage of public roads maintained by each county. Distribution of amounts to a county for road purposes shall be made in accordance with this section.

E. If a county has not made the required mileage certification pursuant to Section 67-3-28.3 NMSA 1978 by April 1 of any year, the secretary of transportation shall estimate the mileage maintained by those counties for the purpose of making distribution to all counties, and the amount calculated to be distributed each month to those counties not certifying mileage shall be reduced by one-third each month for that fiscal year, and that amount not distributed to those counties shall be distributed equally to all counties that have certified mileages.

66-6-25. REGISTRATION BY COUNTY OR MUNICIPALITY PROHIBITED.--

A. No county or municipality shall require registration or charge fees for any vehicle subject to registration under the Motor Vehicle Code.

B. Notwithstanding the provisions of Subsection A of this section, a county or municipality designated as an agent pursuant to Section 66-2-14.1 NMSA 1978 may impose a fee in an amount not to exceed five dollars (\$5.00) per year in addition to any other registration fee required. This fee shall not be imposed if the county or municipality has imposed a gasoline tax pursuant to the County and Municipal Gasoline Tax Act, the proceeds of which are used to fund a vehicle emission inspection program. Any money collected as a result of the imposition of an additional fee pursuant to this subsection shall be used only to fund a vehicle emission inspection program.

66-6-26. REGISTERED VEHICLE EXEMPT FROM PROPERTY TAX--EXCEPTION.--No vehicle upon which the registration fees provided for in the Motor Vehicle Code have been paid shall be assessed or taxed upon any property assessment rolls in this state for the period for which the fees are paid, except that mobile homes shall be subject to assessment and property tax in addition to the vehicle registration fee.

66-6-36. PAYMENT IN FOREIGN CURRENCY.--To the extent permitted by the laws of the United States and by treaties entered into by the United States, the secretary may require all amounts due under the Motor Vehicle Code or the Motor Transportation Act to be paid in currency of the United States. To the extent the secretary permits or is required to permit payment of amounts due under the Motor Vehicle Code or the Motor Transportation Act to be made in foreign currency, the secretary after consultation with the secretary of finance and administration shall establish a procedure for selecting an appropriate exchange rate to be used in determining the amount due expressed in the foreign currency. The secretary may require, as a condition for accepting payment in a foreign currency, that any cost incurred or to be incurred by the department in converting the currency be added to the amount due. Amounts received by the department to defray the cost of converting currency are appropriated to the department for that purpose.

 - (b) require that the golf cart be in compliance with Section 66-3-887 NMSA 1978; and**
 - (c) not be inconsistent with the provisions of Sections 66-3-1001 through 66-3-1016 NMSA 1978.****

B. No local authority shall erect or maintain any stop sign or traffic-control signal at any location so as to require the traffic on any state highway to stop or yield before entering or crossing any intersecting highway unless approval in writing has first been obtained from the state transportation commission.

C. No ordinance or regulation enacted under Paragraph (4), (5), (6), (7) or (10) of Subsection A of this section shall be effective until signs giving notice of the local traffic regulations are posted upon or at the entrances to the highway or part thereof affected as may be most appropriate.

66-7-10. NO INTERFERENCE WITH RIGHTS OF OWNERS OF REAL PROPERTY WITH REFERENCE THERETO.--Nothing in Article 7 of Chapter 66 NMSA 1978 shall be construed to prevent the owner of real property, used by the public for purposes of vehicular travel by permission of the owner and not as matter of right, from prohibiting such use, or from requiring other or different or additional conditions than those so specified or otherwise regulating such use as may seem best to such owner.

66-7-11. NEW MEXICO STATE POLICE POWER TO CLOSE CERTAIN HIGHWAYS IN EMERGENCIES.--Notwithstanding any rule or agreement of the department of transportation, the New Mexico state police, in cases of emergency where the condition of a state, United States or interstate highway presents a substantial danger to vehicular travel by reason of storm, fire, accident, spillage of hazardous materials or other unusual or dangerous conditions, may temporarily close such highway to vehicular travel; provided that the state police shall use all means necessary to reroute traffic around the accident or incident scene using lanes, shoulders, frontage roads or alternative routes that may be available and physically unaffected by the accident or incident. The department of transportation shall be notified of the highway closure as soon as practicable and assist the state police with traffic control. During the course of any investigation where evidence is present in the travel portion of the roadway, such evidence shall be documented and collected first so that the roadway can be cleared and traffic can be routed through the scene. Any other law enforcement agency that may be investigating an accident or incident where the investigating agency believes closure of the highway is necessary shall contact the state police immediately. The state police shall evaluate the emergency situation and determine if the closure is necessary and, with the assistance of the investigating agency, shall reroute traffic around the accident or incident scene. The state police shall make the final determination regarding the length of time it is necessary to have the highway closed and other law enforcement agencies shall adhere to the directions of the state police.

66-7-101. STATE TRANSPORTATION COMMISSION TO ADOPT SIGN MANUAL.--The state transportation commission shall adopt a manual and specifications for a uniform system of traffic-control devices consistent with the provisions of Chapter 66, Article 7 NMSA 1978 for use upon highways within this state. The uniform system shall correlate with and so far as possible conform to the system then current as approved by the American association of state highway officials.

66-7-102. STATE TRANSPORTATION COMMISSION TO SIGN ALL STATE HIGHWAYS.--

A. The state transportation commission shall place and maintain such traffic-control devices, conforming to its manual and specifications, upon all state highways as it deems necessary to indicate and to carry out the provisions of Chapter 66, Article 7 NMSA 1978 or to regulate, warn or guide traffic.

B. No local authority shall place or maintain any traffic-control device upon any highway under the jurisdiction of the state transportation commission except by permission of the commission.

66-7-102.1 STATE TRANSPORTATION COMMISSION--SPEED LIMIT SIGNS.--The state transportation commission shall erect billboard-size signs at entry points into New Mexico on interstate and major state highways, warning and informing motorists of New Mexico speed limits, the fines for speeding in New Mexico and New Mexico's commitment to enforce its speed limits.

66-7-103. LOCAL TRAFFIC-CONTROL DEVICES.--Local authorities in their respective jurisdiction [jurisdictions] shall place and maintain such traffic-control devices upon highways under their jurisdiction as they may deem necessary to indicate and to carry out the provisions of Article 7 of Chapter 66 NMSA 1978 or local traffic ordinances or to regulate, warn or guide traffic. All such traffic-control devices hereafter erected shall conform to the state manual and specifications.

66-7-103.1. ADVANCE SIGNAL WARNIGN REQUIRED.--

A. As used in this section:

(1) "camera monitor" means a device or instrument that records a visual image of a motor vehicle being operated in violation of a traffic signal's red light directive to stop;

(2) "controller assembly" means a complete electrical device mounted in a cabinet for controlling the operation of a traffic signal;

(3) "rumble strips" means grooves in pavement or rows of raised pavement markers placed perpendicular to the direction of travel in a street or highway lane to alert inattentive drivers to a lane or traffic condition;

(4) "traffic signal" means a power-operated traffic control device by which traffic is alternately directed to stop and permitted to proceed; and

(5) "warning beacon" means a power-operated traffic control device with one or more signal sections that operates in a flashing mode.

B. When a county or municipality, including a home-rule municipality that has adopted a charter pursuant to Article 10, Section 6 of the constitution of New Mexico, uses a camera monitor in conjunction with a traffic signal at an intersection or other location to detect violation of the traffic signal's red light directive to stop, the county or municipality shall install, on streets or highways approaching the traffic signal from directions covered by the camera monitor, a warning sign or signs supplemented by a warning beacon or rumble strips.

C. The warning beacon described in Subsection B of this section shall be installed, together with the warning sign or signs, at a location and interconnected with the traffic signal controller assembly in a manner that will cause the beacon to flash yellow during the period when a person driving a motor vehicle passing the beacon at the legal speed for the street or highway will encounter a traffic signal red light, or a queue of motor vehicles resulting from the display of the red light, upon arrival at the signalized location.

D. If rumble strips described in Subsection B of this section are used, they shall be installed, together with warning signs, at a location in advance of a traffic signal so as to provide a driver, moving over the rumble strips at the legal speed for the street or highway, with warning that if the traffic signal is displaying a yellow signal, the driver will encounter a traffic signal red light, or a queue of motor vehicles resulting from the display of the red light, upon arrival at the signalized location.

E. Warning signs used with beacons or rumble strips shall warn a driver that the driver may encounter a traffic signal displaying a red light at an upcoming intersection and that the traffic signal is photo-enforced. When

used with rumble strips, a warning sign shall be installed facing traffic approaching a signalized location on the near side of the street or highway and, if appropriate, a warning sign shall also be installed facing traffic approaching a signalized location on a median dividing opposite directions of traffic.

F. The warning sign and warning beacon described in Subsection B of this section shall comply with signs and beacons appropriate for the purposes of this section provided in the manual of uniform traffic control devices adopted by the state transportation commission pursuant to Section 66-7-101 NMSA 1978.

66-7-104. OBEDIENCE TO ANY REQUIRED TRAFFIC-CONTROL DEVICE.--

A. The driver of any vehicle shall obey the instructions of any official traffic-control device applicable thereto placed in accordance with the provisions of Article 7 of Chapter 66 NMSA 1978, unless otherwise directed by a traffic or police officer, subject to the exceptions granted the driver of an authorized emergency vehicle in Article 7 of Chapter 66 NMSA 1978.

B. No provision of Article 7 of Chapter 66 NMSA 1978 for which signs are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official sign is not in proper position and sufficiently legible to be seen by an ordinarily observant person. Whenever a particular section does not state that signs are required, such section shall be effective even though no signs are erected or in place.

66-7-105. TRAFFIC-CONTROL SIGNAL LEGEND.--Whenever traffic is controlled by traffic-control signals exhibiting different colored lights, or colored lighted arrows, succesively [successively], one at a time or in combination, only the colors green, yellow and red shall be used, except for special pedestrian control signals carrying a word legend, and the lights indicated [indicate] and apply to drivers of vehicles and pedestrians:

A. green alone:

(1) vehicular traffic facing the signal may proceed straight through or turn right or left unless a sign at the place prohibits either turn. Vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time the signal is exhibited; and

(2) pedestrians facing the signal may proceed across the roadway within any marked or unmarked crosswalk;

B. yellow alone when shown following the green signal:

(1) vehicular traffic facing the signal is warned that the red signal will be exhibited immediately thereafter and the vehicular traffic shall not enter the intersection when the red signal is exhibited except to turn as hereinafter provided; and

(2) no pedestrian facing the signal shall enter the roadway until the green is shown alone unless authorized to do so by a pedestrian "walk" signal;

C. red alone:

(1) vehicular traffic facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if there is no crosswalk, then before entering the intersection, and may turn right after standing until the intersection may be entered safely, provided that such vehicular traffic shall yield the right-of-way to all pedestrians and vehicles lawfully in or approaching the intersection. Whenever the local authorities in their respective jurisdictions determine on the basis of an engineering and traffic investigation that a turn as hereinabove provided should be prohibited at a particular intersection, such turn may be prohibited by the posting of signs at the intersection indicating that such a turn is prohibited;

(2) vehicular traffic on a one-way street facing the signal shall stop before entering the crosswalk on the near side of the intersection or if there is no crosswalk, then before entering the intersection, and if a left turn onto a one-way street in the proper direction is intended, may turn left after stopping until the intersection may be entered safely, provided that such vehicular traffic shall yield the right-of-way to all pedestrains [pedestrians] and vehicles lawfully in or approaching the intersection;

(3) whenever the local authorities in their respective jurisdictions determine on the basis of an engineering and traffic

investigation that a turn as hereinabove provided should be prohibited at a particular intersection, such turn may be prohibited by the posting of signs at the intersection indicating that such a turn is prohibited; and

(4) no pedestrian facing the signal shall enter the roadway until the green is shown alone unless authorized to do so by a pedestrian "walk" signal;

D. red with green arrow:

(1) vehicular traffic facing the signal may cautiously enter the intersection only to make the movement indicated by the arrow, but shall yield the right-of-way to pedestrians lawfully within a crosswalk and to other traffic lawfully using the intersection; and

(2) no pedestrian facing the signal shall enter the roadway unless he can do so safely and without interfering with any vehicular traffic;

E. if an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section apply except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking, the stop shall be made at the signal; and

F. when a sign is in place permitting a turn, vehicular traffic facing a steady red signal may cautiously enter the intersection to make the turn indicated by the sign after stopping as required by Paragraphs (1) and (2) of Subsection C of this section. Vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

66-7-106. PEDESTRIAN-CONTROL SIGNALS.—

A. Whenever special pedestrian control signals exhibiting the words "walk" or "don't walk" are in place:

(1) "walk" indicates that pedestrians facing the signal may proceed across the roadway in the direction of the signal and shall be given the right of way by drivers of all vehicles; and

(2) "don't walk" indicates that no pedestrian shall start to cross the roadway in the directions of the signal, but any pedestrian who has partially completed the pedestrian's crossing on the walk signal shall proceed to a sidewalk or safety island while the don't walk signal is showing.

B. A person who violates the provisions of this section is guilty of a penalty assessment misdemeanor.

(Laws 2018, Chapter 74, Section 41)

66-7-107. FLASHING SIGNALS.--

A. Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal, it shall require obedience by vehicular traffic as follows:

(1) flashing red (stop signal): when a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked or, if none, before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign; or

(2) flashing yellow (caution signal): when a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or pass such signal only with caution.

B. This section does not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules as set forth in Section 66-7-341 NMSA 1978.

C. A person who violates the provisions of this section is guilty of a penalty assessment misdemeanor.

(Laws 2018, Chapter 74, Section 42)

66-7-108. DISPLAY OF UNAUTHORIZED SIGNS, SIGNALS OR MARKINGS.--

A. A person shall not place, maintain or display upon or in view of any highway any unauthorized sign, signal, marking or device that purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal or that attempts to direct the movement of traffic or that hides from view or interferes with the effectiveness of any official traffic-control device or any railroad sign or signal. A person shall not place or maintain nor shall a public authority permit upon a highway any traffic sign or signal bearing any commercial advertising.

B. Every such prohibited sign, signal, marking or device is declared to be a public nuisance, and the authority having jurisdiction over the highway is empowered to remove the sign, signal, marking or device or cause it to be removed without notice.

**C. A person who violates the provisions of this section is guilty of a penalty assessment misdemeanor.
(Laws 2018, Chapter 74, Section 43)**

66-7-109. INTERFERENCE WITH OFFICIAL TRAFFIC-CONTROL DEVICES OR RAILROAD SIGNS OR SIGNALS.--No person shall without lawful authority attempt to or in fact alter, deface, injure, knock down or remove any official traffic-control device or any railroad sign or signal or any inscription, shield or insignia thereon, or any part thereof.

A. The driver of any vehicle involved in an accident resulting in injury to or death of any person shall immediately stop the vehicle at the scene of the accident or as close thereto as possible, but shall then immediately return to and in every event shall remain at the scene of the accident until he has fulfilled the requirements of Section 66-7-203 NMSA 1978. Every such stop shall be made without obstructing traffic more than is necessary.

B. Any person failing to stop or to comply with the requirements of Section 66-7-203 NMSA 1978 where the accident results in great bodily harm or death is guilty of a fourth degree felony and shall be sentenced pursuant to the provisions of Section 31-18-15 NMSA 1978.

C. Any person who knowingly fails to stop or to comply with the requirements of Section 66-7-203 NMSA 1978 where the accident results in great bodily harm or death is guilty of a third degree felony and shall be sentenced pursuant to the provisions of Section 31-18-15 NMSA 1978.

DUTY TO GIVE INFORMATION AND RENDER AID.--The driver of any vehicle involved in an accident resulting in injury to or death of any person or damage to any vehicle which is driven or attended by any person shall give his name, address and the registration number of the vehicle he is driving and shall upon request exhibit his driver's license to the person struck or the driver or occupant of or person attending any vehicle collided with and shall render to any person injured in such accident reasonable assistance, including the carrying, or the making of arrangements for the carrying, of such person to a physician, surgeon or hospital for medical or surgical treatment if it is apparent that such treatment is necessary or if such carrying is requested by the injured person.

66-7-204. DUTY UPON STRIKING UNATTENDED VEHICLE.--The driver of any vehicle which collides with any vehicle which is unattended shall immediately stop and shall then and there either locate and notify the operator or owner of such vehicle of the name and address of the driver and owner of the vehicle striking the unattended vehicle or shall leave in a conspicuous place in the vehicle struck a written notice giving the name and address of the driver and of the owner of the vehicle doing the striking and a statement of the circumstances thereof.

A. The driver of a vehicle involved in an accident resulting in bodily injury to or death of any person or total property damage to an apparent extent of five hundred dollars (\$500) or more shall, within five days after the accident, forward a written report of the accident to the department of transportation.

B. The department of transportation may require any driver of a vehicle involved in an accident of which report must be made as provided in this section to file supplemental reports whenever the original report is insufficient in the opinion of the department of transportation and may require witnesses of accidents to render reports concerning the accidents to the department of transportation.

C. Every law enforcement officer who, in the regular course of duty, investigates a motor vehicle accident of which report must be made as required in this section, either at the time of and at the scene of the accident or thereafter by interviewing participants or witnesses, shall, within twenty-four hours after completing the investigation, forward a written report of the accident to the department of transportation. A law enforcement officer shall also, within twenty-four hours after completing the investigation, forward the written report of the accident to the motor transportation division of the department of public safety if the accident involves a commercial motor vehicle and results in:

B. Whenever the driver is physically incapable of making a written report of an accident as required in Section 66-7-207 NMSA 1978 and such driver is not the owner of the vehicle, then the owner of the vehicle involved in such accident shall within five days after learning of the accident make such report not made by the driver.

A. The state highway and transportation department shall prepare and, upon request, supply to police departments, district medical investigators, sheriffs, garages and other suitable agencies or individuals forms for accident reports required under Section 66-7-207 NMSA 1978 appropriate with respect to the persons required to make the reports and the purposes to be served. The written reports to be made by persons involved in accidents and by investigating officers shall call for sufficiently detailed information to disclose with reference to a traffic accident the cause, conditions then existing and the persons and vehicles involved. The report of the investigating officer shall also state whether the persons involved in the accident have motor vehicle or automobile liability insurance and the name and address of each insurance carrier.

B. Every accident report required to be made in writing shall be made on an appropriate form approved by the state highway and transportation department in conjunction with the state police division of the public safety department and shall contain all of the information required on the form unless not available.

C. Every accident report shall also contain information sufficient to enable the state highway and transportation department to determine whether the requirements for the deposit of security under any of the laws of this state are inapplicable by reason of the existence of insurance or other exceptions specified therein.

66-7-211. DISTRICT MEDICAL INVESTIGATORS TO REPORT.--Every district medical investigator or other official performing like functions shall, on or before the tenth day of each month, report in writing to the state highway and transportation department the death of any person within his jurisdiction during the preceding calendar month as the result of a traffic accident, giving the time and place of the accident and the circumstances relating to the accident.

66-7-212. GARAGES, DEALERS AND WRECKERS OF VEHICLES TO REPORT.--The person in charge of any garage or repair shop and dealers or wreckers of vehicles to whom is brought any motor vehicle which shows evidence of having been involved in an accident of which report must be made as provided in Section 66-7-207 NMSA 1978 or struck by any bullet shall report to the state highway and transportation department within twenty-four hours after the motor vehicle is received, giving the engine number, registration number and the name and address of the owner or operator of the vehicle.

D. A certified copy of the investigating officer's accident report may be introduced into evidence in any arbitration or civil action involving the insurer's liability under a motor vehicle or automobile liability policy containing uninsured motorist coverage as required by Section 66-5-301 NMSA 1978 to prove that the owner or operator of the other motor vehicle involved in the accident is either insured or uninsured. The investigating agency shall furnish a certified copy of the investigating officer's accident report to either party to the arbitration or civil action or to the court on request. The certified copy of the investigating officer's report is prima facie evidence that the owner or operator of the other motor vehicle is either insured or uninsured.

66-7-214. AGENCY TO TABULATE AND ANALYZE ACCIDENT REPORTS.--The state highway and transportation department shall tabulate and may analyze all accident reports and shall publish annually or at more frequent intervals statistical information based thereon as to the number and circumstances of traffic accidents.

66-7-215. ANY INCORPORATED CITY MAY REQUIRE ACCIDENT REPORTS.--Any incorporated city, town, village or other municipality may by ordinance require that the driver of a vehicle involved in an accident shall also file with a designated city department a report of such accident or a copy of any report herein required to be filed with the division. All such reports shall be for the confidential use of the city department and subject to the provisions of Section 66-7-213 NMSA 1978.

66-7-301. SPEED REGULATION.--

A. No person shall drive a vehicle on a highway at a speed greater than:

(1) fifteen miles per hour on all highways when passing a school while children are going to or leaving school and when the school zone is properly posted;

(2) thirty miles per hour in a business or residence district;

(3) fifty-five miles per hour on a county road, as defined in Section 66-7-304 NMSA 1978, without a posted speed limit;

(4) seventy-five miles per hour; and (5) the posted speed limit in construction zones posted as double fine zones or other safety zones

posted as double fine zones as designated by the department of transportation; provided that the posted speed limit shall be determined by an engineering study performed by the department of transportation.

B. In every event, speed shall be so controlled by the driver as may be necessary:

(1) to avoid colliding with a person, vehicle or other conveyance on or entering the highway;

(2) to comply with legal requirements as may be established by the department of transportation or the New Mexico state police division of the department of public safety and the duty of all persons to use due care; and

(3) to protect workers in construction zones posted as double fine zones or other safety zones posted as double fine zones as designated by the department of transportation.

C. The speed limits set forth in Subsection A of this section may be altered as authorized in Section 66-7-303 NMSA 1978.

(Laws 2015, Chapter 45, Section 1)

66-7-302.1 SPEED LIMIT--CONVICTION--USE LIMITED.--

A. The division shall not use a violation of Section 66-7-301 NMSA 1978, where the posted speed limit is designated as fifty-five or sixty-five miles an hour, for the purpose of suspending or revoking a driver's license unless the driver was exceeding the speed of seventy-five miles an hour.

B. An insurer shall not consider a violation of Section 66-7-301 NMSA 1978, where the posted speed limit is designated as fifty-five or sixty-five miles an hour, as a moving traffic violation against a person unless the person was exceeding the speed of seventy-five miles an hour for the purpose of establishing rates of motor vehicle insurance charged by the insurer, and the insurer shall not cancel or refuse to renew any policy of insurance for such a violation.

(Laws 2013, Chapter 31, Section 1)

66-7-302.2. CERTAIN SPEEDING CONVICTIONS TO BE DISREGARDED IN THE DEVELOPMENT OR APPLICATION OF A POINT SYSTEM.--

A. Except as provided in Subsection B of this section, in developing and applying a point system that is used as a basis for suspension or revocation of driving privileges, the division shall not assign points for convictions for speeding on rural highways of the state. As used in this section, "rural highway" means that part of a highway that is located at least two miles outside of the boundaries of an incorporated city, town or village. The two-mile distance shall be measured:

(1) from the point where the highway crosses the boundary, and if there is more than one such intersection, from the intersection most distant from the geographic center of the city, town or village; or

(2) if there are milepost markers on the highway, to the first milepost marker indicating two or more miles.

B. The provisions of this section do not apply to:

(1) rural highways in Bernalillo county;

(2) a conviction for speeding if the citation out of which the conviction arises indicated that excessive speed of the motorist cited was a factor in the accident; or

(3) motor vehicles weighing twelve thousand pounds or more.

66-7-303. ESTABLISHMENT OF SPEED ZONES.--

A. Whenever the secretary of highway and transportation determines upon the basis of an engineering survey and traffic investigation, a detailed report of which is filed with the traffic safety bureau of the state highway and transportation department, that any speed established by law is greater or less than is reasonable or safe under the conditions found to exist upon any part of a state highway, the secretary of highway and transportation may declare the speed limit for that part, and that speed limit shall be authorized and effective when appropriate signs giving notice thereof are erected at that particular part of the highway; provided that no speed limit shall be declared greater than seventy-five miles per hour. The declaration of speed limits by the secretary of highway and transportation shall not be considered rules for purposes of the State Rules Act.

B. Whenever a local authority determines upon the basis of an engineering survey and traffic investigation that any speed limit permitted under state law or local ordinance is greater or less than is reasonable or safe under the conditions found to exist upon any part of a highway within its jurisdiction, it may declare a speed limit for that part, and that speed limit shall be authorized and effective when appropriate signs giving notice thereof are erected at that particular part of the highway; provided that no speed limit shall be declared greater than seventy-five miles per hour.

C. Engineering surveys and traffic investigations made by local authorities shall be on a form approved by the secretary of highway and transportation. If engineers are not available to the local authorities, the state highway and transportation department may make the surveys and investigations for the local authorities.

D. Speed zones may be marked by a sign containing a flashing yellow light and, when the light is in operation, the speed limit, instructions or regulations on the sign are in effect.

E. Alteration of speed limits on state highways by local authorities is not effective until approved by the secretary of highway and transportation.

F. The provisions of Subsections A and B of this section shall not apply to changes of speed limit in construction zones authorized pursuant to Section 66-7-303.1 NMSA 1978.

66-7-303.1. CONSTRUCTION ZONES--TRAFFIC CONTROL DEVICES--PENALTY.--

A. When construction, repair or reconstruction of any street or highway is being done, the state highway department or the local authority with jurisdiction over that street or highway is authorized to designate as a construction zone that portion of the street or highway where construction, reconstruction or repair is being done and to close the construction zone to traffic or to provide for a single lane of traffic on any two-lane or four-lane highway in the construction zone.

B. The state highway department or any local authority closing all or a portion of a street or highway or providing for a single lane of traffic on any two-lane or four-lane street or highway pursuant to Subsection A of this section shall erect or cause to be erected traffic-control devices or barricades to warn and notify the public of any change in speed limit and that such street or highway is closed or limited to a single lane of traffic.

C. Every pedestrian or person who operates a vehicle on any street or highway shall obey all signs, signals, markings, flagmen or other traffic-control devices that are placed to regulate, control and guide traffic through a construction zone.

D. No person shall remove, change, modify, deface or alter any traffic-control device or barricade which has been erected on any street or highway pursuant to this section.

E. Any person who violates any provision of Subsection C or D of this section is guilty of a misdemeanor and upon conviction shall be sentenced in accordance with Section 66-8-7 NMSA 1978.

66-7-304. COUNTY ROADS--AUTHORITY TO REGULATE SPEED LIMITS.--

A. The board of county commissioners of a county may alter and establish speed limits lower than those established by law on county roads within its county, provided that:

(1) the speed limit is deemed to be reasonable and safe under local conditions on the basis of an engineering survey and traffic investigation;

(2) the alteration of a speed limit is approved by the state transportation commission; and

(3) the county posts speed limit signs that conform to the specifications as set forth in the manual adopted by the state transportation commission before enforcing the speed limit.

B. As used in this section, "county roads" means any streets, roads or highways built and maintained by the county or the control of which has

been given to the county by the state transportation commission.

66-7-305. MINIMUM SPEED REGULATION.--

A. A person shall not drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or to be in compliance with law.

B. Whenever the state transportation commission or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway consistently impede the normal and reasonable movement of traffic, the commission or the local authority may determine and declare a minimum speed limit below which no person shall drive a vehicle except when necessary for safe operation or to be in compliance with law; provided that local authorities in municipalities of more than one hundred thousand population may prohibit vehicles that by virtue of weight or design are slow moving on local arterials during peak hours of traffic.

66-7-306. SPECIAL SPEED LIMITATIONS.--

A. Subject to the requirements of Section 66-3-847 NMSA 1978, no person shall drive any vehicle equipped with solid rubber or cushion tires at a speed greater than ten miles per hour.

B. A person shall not drive a vehicle over any bridge or other elevated structure constituting a part of a highway at a speed that is greater than the maximum speed that can be maintained with safety to the bridge or structure when such structure is signposted as provided in this section.

C. The state transportation commission upon request from a local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it finds that the structure cannot with safety to itself withstand vehicles traveling at the speed otherwise permissible under the Motor Vehicle Code, the commission shall determine and declare the maximum speed of vehicles that the structure can withstand and shall cause or permit suitable signs stating the maximum speed to be erected and maintained at a minimum distance of three hundred feet before each end of the structure.

D. Upon the trial of a person charged with a violation of this section, proof of determination of the maximum speed by the state transportation commission and the existence of suitable signs constitutes conclusive evidence of the maximum speed that can be maintained with safety to the bridge or structure.

66-7-307. CHARGING VIOLATIONS--RULE IN CIVIL ACTIONS.--

A. In every charge of violation of any speed regulation under the Motor Vehicle Code, the complaint and the uniform traffic citation shall specify the speed at which the defendant is alleged to have driven and the maximum speed applicable within the district or at the location.

B. Provisions of the Motor Vehicle Code for maximum speed limitations shall not be construed to relieve the plaintiff in any civil action from the burden of proving negligence on the part of the defendant as the proximate cause of an accident.

66-7-308. DRIVE ON RIGHT SIDE OF ROADWAY--EXCEPTIONS.--

A. Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, and where practicable, entirely to the right of the center thereof, except as follows:

(1) when overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

(2) when the right half of a roadway is closed to traffic while under construction or repair;

(3) upon a roadway divided into three marked lanes for traffic under the rules applicable thereon; or

(4) upon a roadway designated and signposted for one-way traffic.

B. Upon all roadways any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another car proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway.

66-7-309. PASSIGN VEHICLES PROCEEDING IN OPPOSITE DIRECTION [DIRECTIONS].--Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than one line of traffic in each direction each driver shall give to the other at least one-half of the main-traveled portion of the roadway as nearly as possible.

66-7-310. OVERTAKING A VEHICLE ON THE LEFT.--The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to those limitations, exceptions and special rules hereinafter stated:

A. the driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle; and

B. except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

66-7-311. WHEN OVERTAKING ON THE RIGHT IS PERMITTED.--

A. The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

(1) when the vehicle overtaken is making or about to make a left turn;

(2) upon a street or highway with unobstructed pavement not occupied by parked vehicles of sufficient width for two or more lines of moving vehicles in each direction; or

(3) upon a one-way street, or upon any roadway on which traffic is restricted to one direction of movement, where the roadway is free from obstructions and of sufficient width for two or more lines of moving vehicles.

B. The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. In no event shall such movement be made by driving off the pavement or main-traveled portion of the roadway.

66-7-312. LIMITATIONS ON OVERTAKING ON THE LEFT.--No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless such left side is clearly visible and free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to the right-hand side of the roadway before coming within one hundred feet of any vehicle approaching from the opposite direction.

66-7-313. FURTHER LIMITATIONS ON DRIVING TO LEFT OF CENTER OF ROADWAY.--

A. No vehicle shall at any time be driven to the left side of the roadway under the following conditions:

(1) when approaching the crest of a grade or upon a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;

(2) when approaching within one hundred feet of or traversing any intersection or railroad grade crossing; or

(3) when the view is obstructed upon approaching within one hundred feet of any bridge, viaduct or tunnel.

B. The foregoing limitations shall not apply upon a one-way roadway.

66-7-314. MOVEMENT OF HAZARDOUS VEHICLE--ESCORT MAY BE REQUIRED.-- When, in the judgment of the New Mexico state police division of the department of public safety or local authorities with respect to highways under their jurisdiction, the movement of any vehicle is deemed a hazard to traffic upon a highway over which the vehicle is to travel, the granting of permission for the movement of the vehicle may be conditioned upon a special escort accompanying the hazardous vehicle.
(Laws 2015, Chapter 3, Section 35)

66-7-315. NO-PASSING ZONES.--

A. The state transportation commission and local authorities may determine those portions of any highway under their respective jurisdictions where overtaking and passing or driving on the left of the roadway would be especially hazardous and may, by appropriate signs or markings on the roadway, indicate the beginning and end of such zones. When the signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the directions of the signs or markings.

B. Where signs or markings are in place to define a no-passing zone as set forth in Subsection A of this section, no driver shall at any time drive on the left side of the roadway within the no-passing zone or on the left side of any pavement striping designed to mark the no-passing zone throughout its length.

C. This section does not apply under the conditions described in Paragraph (2) of Subsection A of Section 66-7-308 NMSA 1978 or to the

driver of a vehicle turning left into or from an alley, private road or driveway.

66-7-316. ONE-WAY ROADWAYS AND ROTARY TRAFFIC ISLANDS.--

A. The state transportation commission may designate any highway or any separate roadway under its jurisdiction for one-way traffic and shall erect appropriate signs giving notice of that designation.

B. Upon a roadway designated and signposted for one-way traffic, a vehicle shall be driven only in the direction designated.

C. A vehicle passing around a rotary traffic island shall be driven only to the right of the island.

66-7-317. DRIVING ON ROADWAYS LANED FOR TRAFFIC.--Whenever any roadway has been divided into two or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

A. a vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety;

B. upon a roadway which is divided into three lanes a vehicle shall not be driven in the center lane except when overtaking a [and] passing another vehicle where the roadway is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to given [give] notice of such allocation; and

C. official signs may be erected directing slow-moving traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway and drivers of vehicles shall obey the directions of every such sign.

66-7-318. FOLLOWING TOO CLOSELY.--

A. The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway.

B. The driver of any motor truck or motor vehicle drawing another vehicle when traveling upon a roadway outside of a business or residence district shall not follow another motor truck or motor vehicle drawing another vehicle within three hundred feet, except that this shall not prevent a motor truck or motor vehicle drawing another vehicle from overtaking and passing by any like vehicle or other vehicle.

C. Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade whether or not towing other vehicles shall not follow the preceding vehicle closer than three hundred feet. This provision shall not apply to funeral processions, nor shall it apply within or outside of a business or residence district to motor vehicle escort vehicles of a motor vehicle escort service, which may, if necessary to maintain the continuity of the escorted unit or units, precede or follow at a distance closer than three hundred feet to the escorted unit or units.

66-7-319. DRIVING ON DIVIDED HIGHWAYS.--Whenever any highway has been divided into two roadways by leaving an intervening space or by a physical barrier or clearly indicated dividing section so constructed as to impede vehicular traffic, every vehicle shall be driven only upon the right-hand roadway and no vehicle shall be driven over, across or within any such dividing space, barrier or section, except through an opening in such physical barrier or dividing section or space or at a crossover or intersection established by public authority.

66-7-320. RESTRICTED ACCESS.--No person shall drive a vehicle onto or from any controlled-access roadway except at such entrances and exits as are established by public authority.

66-7-321. RESTRICTIONS ON USE OF CONTROLLED-ACCESS ROADWAY.--

A. The state transportation commission, by resolution or order entered in its minutes, and local authorities, by ordinance, may regulate or prohibit the use of any controlled-access roadway within their respective jurisdictions by any class or kind of traffic that is found to be incompatible with the normal and safe movement of traffic.

B. The state transportation commission or the local authority adopting any such prohibition shall erect and maintain official traffic-control devices on the controlled-access roadway on which the prohibitions are applicable, and, when in place, no person shall disobey the restrictions stated on the devices.

66-7-322. REQUIRED POSITION AND METHOD OF TURNING AT INTERSECTIONS.--The driver of a vehicle intending to turn at an intersection shall do so as follows:

A. both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway;

B. at any intersection where traffic is permitted to move in both directions on each roadway entering the intersection, an approach for a left turn, except where left-turn provisions are made, shall be made in that portion of the right half of the roadway nearest the center line thereof and by passing to the right of such center line where it enters the intersection and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the center line of the roadway being entered. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection;

C. upon a roadway with two or more lanes for through traffic in each direction, where a center lane has been provided by distinctive pavement markings for the use of vehicles turning left from both directions, no vehicle shall turn left from any other lane. A vehicle shall not be driven in this center lane for the purpose of overtaking or passing another vehicle proceeding in the same direction. Any maneuver other than a left turn from this center lane will be deemed a violation of this section;

D. at any intersection where traffic is restricted to one direction on one or more of the roadways, the driver of a vehicle intending to turn left at any such intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle and after entering the intersection the left turn shall be made so as to leave the intersection, as nearly as practicable, in the left-hand lane lawfully available to traffic moving in such direction upon the roadway being entered; and

E. local authorities in their respective jurisdictions may cause markers, buttons or signs to be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection, and when markers, buttons or signs are so placed no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by the markers, buttons or signs.

66-7-323. TURNING ON CURVE OR CREST OR [OF] GRADE PROHIBITED.--No vehicle shall be turned so as to proceed in the opposite direction upon any curve, or upon the approach to, or near the crest of a grade, where such vehicle cannot be seen by the driver of any other vehicle approaching from either direction within one thousand feet.

66-7-324. STARTING PARKED VEHICLE.--No person shall start a vehicle which is stopped, standing or parked unless and until such movement can be made with reasonable safety.

66-7-325. TURNING MOVEMENTS AND REQUIRED SIGNALS.--

A. No person shall turn a vehicle at an intersection unless the vehicle is in proper position upon the roadway as required in Section 66-7-322 NMSA 1978, or turn a vehicle to enter a private road or driveway or otherwise turn a vehicle from a direct course or move right or left upon a roadway unless and until such movement can be made with reasonable safety. No person shall so turn any vehicle without giving an appropriate signal in the manner hereinafter provided in the event any other traffic may be affected by such movement.

B. A signal of intention to turn right or left when required shall be given continuously during not less than the last one hundred feet traveled by the vehicle before turning.

C. No person shall stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided herein to the driver of any vehicle immediately to the rear when there is opportunity to give such signal.

66-7-326. SIGNALS BY HAND AND ARM OR SIGNAL DEVICE.--

A. Any stop or turn signal when required herein shall be given either by means of the hand and arm or by a signal lamp or lamps or mechanical signal device except as otherwise provided in Subsection B.

B. Any motor vehicle in use on a highway shall be equipped with, and required signal shall be given by, a signal lamp or lamps or mechanical signal device when the distance from the center of the top of the steering post to the left outside limit of the body, cab or load of such motor vehicle exceeds twenty-four inches, or when the distance from the center of the top of the steering post to the rear limit of the body or load thereof exceeds fourteen feet. The latter measurement shall apply to any single vehicle, also to any combination of vehicles.

66-7-327. METHOD OF GIVING HAND AND ARM SIGNALS.--All signals herein required given by hand and arm shall be given from the left side of the vehicle in the following manner and such signal shall indicate as follows:

- A. left turn: hand and arm extended horizontally;**
 - B. right turn: hand and arm extended upward; and**
 - C. stop or decrease speed: hand and arm extended downward.**
-

66-7-328. VEHICLE APPROACHING OR ENTERING INTERSECTION.--

A. The driver of a vehicle approaching an intersection shall yield the right-of-way to a vehicle which has entered the intersection from a different highway.

B. When two vehicles enter an intersection from different highways at approximately the same time the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right.

C. The right-of-way rules declared in Subsections A and B are modified at through highways and otherwise as hereinafter stated in Sections 66-7-328 through 66-7-332 NMSA 1978.

66-7-329. VEHICLES ENTERING LEFT AT INTERSECTION.--The driver of a vehicle within an intersection intending to turn to the left shall yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard, but said driver, having so yielded and having given a signal when and as required by the Motor Vehicle Code, may make such left turn and the drivers of all other vehicles approaching the intersection from said opposite direction shall yield the right-of-way to the vehicle making the left turn.

66-7-330. VEHICLES ENTERING STOP OR YIELD INTERSECTION.--

A. Preferential right-of-way at an intersection may be indicated by stop signs or yield signs as authorized in the Motor Vehicle Code.

B. Except when directed to proceed by a police officer or traffic-control signal, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop as required by Section 66-7-345 C [NMSA 1978] and after having stopped shall yield the right-of-way to any vehicle which has entered the intersection from another highway or which is approaching so closely on the highway as to constitute an immediate hazard during the time when the driver is moving across or within the intersection.

C. The driver of a vehicle approaching a yield sign shall, in obedience to the sign, slow down to a speed reasonable for the existing conditions, and shall yield the right-of-way to any vehicle in the intersection or approaching on another highway so closely as to constitute an immediate hazard during the time the driver is moving across or within the intersection. If the driver is involved in a collision with a vehicle in the intersection, after driving past a yield sign without stopping, the collision shall be deemed prima facie evidence of his failure to yield right-of-way.

66-7-331. VEHICLE ENTERING HIGHWAY FROM PRIVATE ROAD OR DRIVEWAY.--The driver of a vehicle about to enter of [or] cross a highway from a private road or driveway shall yield the right-of-way to all vehicles approaching on said highway.

66-7-332. OPERATION OF VEHICLES ON APPROACH OF MOVING AUTHORIZED EMERGENCY VEHICLES--OPERATION OF VEHICLES ON APPROACH OF CERTAIN STATIONARY VEHICLES.--

A. Upon the immediate approach of an authorized emergency vehicle displaying flashing emergency lights or when the driver is giving audible signal by siren, the driver of every other vehicle shall yield the right of way and shall immediately drive to a position parallel to, and as close as possible to, the right-hand edge or curb of the roadway clear of any intersection and shall stop and remain in that position until the authorized emergency vehicle has passed, except when otherwise directed by a police officer.

B. Upon approaching a stationary authorized emergency vehicle or a recovery or repair vehicle displaying flashing emergency or hazard lights, unless otherwise directed, the driver of a vehicle shall:

(1) if reasonably safe to do so, drive in a lane not adjacent to the stationary vehicle, decrease the speed of the vehicle to a speed that is reasonable and prudent under the circumstances and proceed with caution; or

(2) if it is not reasonably safe to drive in a lane not adjacent to the stationary vehicle, decrease the speed of the vehicle to a speed that is reasonable and prudent under the circumstances, proceed with caution and be prepared to stop.

C. This section shall not operate to relieve the driver of an authorized emergency vehicle or the driver of any other vehicle from the duty to drive and park with due regard for the safety of all persons using the highway. (Laws 2017, Chapter 75, Section 2)

66-7-332.1. APPROACH OF ONCOMING VEHICLE--YIELD RIGHT OF WAY.--

A. Notwithstanding any other provision of law, on all roadways, upon the immediate approach of an oncoming vehicle overtaking or attempting to overtake a vehicle proceeding in the same direction, the driver of that vehicle shall yield the right of way and shall drive to a position parallel to and as close as possible to the right hand edge or curb of the roadway and shall remain as close as possible to the right hand edge or curb of the roadway until the oncoming vehicle has passed.

B. This section shall not operate to relieve the driver of an oncoming vehicle from the duty to drive with due regard for the safety of all persons using the highway.

66-7-333. PEDESTRIANS SUBJECT TO TRAFFIC.--

A. Pedestrians shall be subject to traffic-control signals at intersections as provided in Section 66-7-105 NMSA 1978 unless required by local ordinance to comply strictly with such signals, but at all other places pedestrians shall be accorded the privileges and shall be subject to the restrictions stated in Sections 66-7-333 through 66-7-340 NMSA 1978.

B. A pedestrian shall not suddenly leave a curb or other place of safety and walk or run into the path of a vehicle that is so close that it is impossible for the driver to yield.

C. Subsection A of this section shall not apply under the conditions stated in Subsection B of Section 66-7-335 NMSA 1978.

D. Whenever a vehicle is stopped at a marked crosswalk or at an unmarked crosswalk at an intersection to permit a pedestrian to cross the roadway, the driver of another vehicle approaching from the rear shall not overtake and pass the stopped vehicle.

66-7-336. SCHOOL CROSSINGS.--

A. Crosswalks may be established over highways abutting a school or the grounds adjacent to a school, and all children crossing the highways shall be required to do so within the marked crosswalks. The state transportation commission, with respect to state highways, and local authorities, with respect to streets under their jurisdiction, with advice of the local superintendent of schools, shall establish and mark or cause to be marked these highway crossings.

B. Crosswalks over highways not abutting school grounds may be established by the state transportation commission, with respect to state highways, and by local authorities, with respect to streets under their jurisdiction, with advice of the local superintendent of schools and after adequate assurance has been given that proper safety precautions will be maintained pursuant to regulations of the state transportation commission and of the local authorities. Responsibility for maintaining the crossing will be with the appropriate county or municipality wherein the school is located.

C. At all school crossings except as provided in this section, appropriate signs shall be provided as prescribed by the state transportation commission or local authorities within their respective jurisdictions, indicating the crossings and regulating traffic movement within the school zones.

D. School crossings are not required to be specially posted when they are located at:

(1) a signalized intersection;

(2) an intersection where traffic is controlled by a stop sign;

or

(3) a point where a pedestrian tunnel or overhead crossing is provided.

66-7-337. DRIVERS TO EXERCISE DUE CARE.--Notwithstanding the foregoing provisions of Sections 66-7-333 through 66-7-340 NMSA 1978 every driver of a vehicle shall exercise due care to avoid colliding with any pedestrian upon any roadway and shall give warning by sounding the horn when necessary and shall exercise proper precaution upon observing any child or any confused or incapacitated person upon a roadway.

A. A person driving a vehicle approaching a railroad-highway grade crossing shall:

(1) obey traffic control devices, crossing gates or barriers or the directions of an enforcement official at the crossing;

(2) stop not more than fifty feet and not less than fifteen feet from the nearest rail of a crossing if:

C. The penalty assessment for violation of this section is included in Section 66-8-116 NMSA 1978.

(Laws 2003, Chapter 51, Section 8)

66-7-342. ALL VEHICLES MUST STOP AT CERTAIN RAILROAD GRADE CROSSINGS.--The state transportation commission and local authorities with the approval of the state transportation commission are hereby authorized to designate particularly dangerous highway grade crossings of railroads and to erect stop signs at those crossings. When such stop signs are erected, the driver of any vehicle shall stop within fifty feet but not less than fifteen feet from the nearest rail of the railroad and shall proceed only upon exercising due care.

66-7-343. RAILROAD-HIGHWAY GRADE CROSSING VIOLATIONS--CERTAIN VEHICLES REQUIRED TO ALWAYS STOP--EXCEPTIONS.-

A. Except as set forth in Subsection D of this section, a driver of a vehicle carrying passengers for hire, a school bus carrying school children or a vehicle carrying hazardous materials, radioactive or explosive substances or flammable liquids as cargo or as part of its cargo, before entering a railroad-highway grade crossing, is required to stop no more than fifty feet and no less than fifteen feet from the nearest rail of the railroad.

(4) a railroad-highway grade crossing where use of the railroad has been abandoned and there is a sign indicating that the railroad has been abandoned; or

(5) an industrial or spur line railroad-highway grade crossing marked with a sign reading "exempt crossing" that has been designated as exempt by appropriate state or local authorities.

E. Penalties for violation of this section are included in Section 66-8-116 NMSA 1978.

(Laws 2003, Chapter 51, Section 9)

66-7-344. MOVING HEAVY EQUIPMENT AT RAILROAD CROSSINGS.--

A. No person shall operate or move any crawler-type tractor, steam shovel, derrick, roller or any equipment or structure having a normal operating speed of ten or less miles per hour or a vertical body or load clearance of less than one-half inch per foot of the distance between any two adjacent axles or in any event of less than nine inches, measured above the level surface of a roadway, upon or across any tracks at a railroad grade crossing without first complying with this section.

B. Notice of any such intended crossing shall be given to a station agent of such railroad and a reasonable time be given to such railroad to provide proper protection at such crossing.

C. Before making any such crossing the person operating or moving any such vehicle or equipment shall first stop the same not less than fifteen feet nor more than fifty feet from the nearest rail of such railroad and while so stopped shall listen and look in both directions along such track for any approaching train and for signals indicating the approach of a train, and shall not proceed until the crossing can be made safely.

D. No such crossing shall be made when warning is given by automatic signal or crossing gates or a flagman or otherwise of the immediate approach of a railroad train or car. If a flagman is provided by the railroad, movement over the crossing shall be under his direction.

E. This section shall not apply to the normal movement of farm equipment in the regular course of farm operation.

66-7-345. AUTHORITY TO DESIGNATE THROUGH HIGHWAYS AND STOP AND YIELD INTERSECTIONS.--

A. The state transportation commission, with reference to state and county highways, and local authorities, with reference to other highways under their jurisdiction, may designate through highways and erect stop signs or yield signs at specified entrances thereto or may designate any intersection as a stop intersection or as a yield intersection and erect stop signs or yield signs at one or more entrances to the intersection.

B. Preferential right of way at an intersection may be indicated by stop signs or yield signs as authorized in the Motor Vehicle Code.

C. 18.19.8.10 - WHEN SPECIAL PERMIT FOR EXCESSIVE SIZE OR WEIGHT REQUIRED

A special permit is required when any person proposes to move on any state highway a vehicle or combination, with or without load, which exceeds the maximum size or weight limits established by law. Special permits may be issued only when the move meets all requirements set forth in the law and the conditions specified by 18.19.8 NMAC. Unless specifically exempted by statute, no vehicle or load which exceeds statutory size or weight limits will be allowed to move without a special permit.

[10/14/92, 9/15/98; 18.19.8.10 NMAC - Rn & A, 18 NMAC 19.8.10.1, 9/14/00]

18.19.8.11 - MULTI-STATE AGREEMENTS

The department may enter into multi-state oversize/overweight special permit issuance agreements, provided such agreement is in compliance with applicable statutes of all states which are a party to such agreement.

[10/14/92, 9/15/98; 18.19.8.11 NMAC - Rn & A, 18 NMAC 19.8.10.2, 9/14/00]

18.19.8.12 - SPECIAL PERMIT ISSUANCE POLICY

A. A special permit issued by the department authorizes the permittee to move or operate a designated vehicle, combination or load of a size or weight in excess of the statutory limits and under specified conditions of operation stipulated in the special permit.

B. Special permits are issued only to those persons who, as permittees, own and operate the transporting vehicle, or who operate the vehicle under a bona fide lease agreement. Compliance with New Mexico motor vehicle registration and tax statutes and regulations is a mandatory requirement for the issuance of any special permit.

C. The department will issue a special permit for the movement of an oversize or overweight vehicle, combination or load if the move:

- (1) is determined to be feasible;
- (2) will not adversely affect the overall motoring public; and
- (3) will not create any undue hazards to public or private property.

D. Special permits will be issued only for irreducible loads. Irreducible loads are those loads which cannot be reasonably reduced to legal limits.

E. Unless otherwise provided by law or regulation, the department shall designate the maximum dimensions or weights for which special permits may be issued and shall develop the restrictions and requirements applicable to the movement of the vehicle or load. In considering whether or not a special permit will be issued, the department shall consider the following or other factors:

- (1) safety of the motoring public;
- (2) damage to personal or public property, such as but not limited to roadbeds, bridges, and overhead structures; and
- (3) economic impact.

F. Any request which does not meet the requirements of the statutes or 18.19.8 NMAC shall be denied. Data contained in the application constitutes, in part, the basis for the department's determination of the conditions of the operation of the proposed move and subsequent granting of the permit. An otherwise valid permit shall be voided if it is subsequently discovered that:

- (1) the agreement contained within the application has been violated;
- (2) the facts in the application were not accurately stated; or
- (3) the requirements of law or 18.19.8 NMAC have not been met.

18.19.8.13 - FREE ZONES

The department may designate, depending upon port of entry locations and other factors, "free zones" over which oversize or overweight loads moving in interstate commerce may operate without a special permit except that the applicant must obtain the required special permit at the first available department location which issues special permits. In determining the location of the "free zones" the department will consider:

- A. the distance to the nearest port of entry;

- B. the condition of the highways within the proposed free zone;
- C. overall volume of traffic over such highways; and
- D. any other factor which the department determines will impact the safe movement of motor vehicles in the "free zone".

18.19.8.14 - APPLICATION FOR A SPECIAL PERMIT - GENERAL REQUIREMENTS

A. When applying for a special permit, the applicant must demonstrate that the load to be moved cannot reasonably be dismantled, reduced or disassembled. A special permit will not be issued if the load can be reasonably reduced to legal limits. Reductions shall be made whenever possible, even though the use of additional vehicles becomes necessary.

- B. The application for a special permit shall:
- (1) specifically identify the vehicle or combination or load to be moved under the special permit;
 - (2) identify the points of origin and destination;
 - (3) describe the route of travel; and
 - (4) if required, demonstrate that a feasibility study of the proposed movement or engineering analysis of the highway or the route to be traveled has been completed.

[10/14/92, 9/15/98; 18.19.8.14 NMAC - Rn, 18 NMAC 19.8.10.5, 9/14/00]

18.19.8.15 - SECURITY MAY BE REQUIRED

If requested by the department or municipality, before a permit is issued, the applicant must deposit with the department or municipality a surety bond, cash equivalent or other security satisfactory to the department or municipality in the amount sufficient to cover any damages anticipated to road surfaces, bridges or other appurtenances which may be caused by the proposed movement. The amount of the security shall be determined by the department or municipality following an analysis of the proposed move and the roadways and structures along its route.

[10/14/92, 9/15/98; 18.19.8.15 NMAC - Rn, 18 NMAC 19.8.10.6, 9/14/00]

18.19.8.16 - APPLICATION CONSTITUTES AN AGREEMENT

The application for a special permit, should the special permit be issued, is an agreement that:

- A. the limitation as to the size or weight of the vehicle or vehicles as specified on the special permit will not be exceeded;
- B. the movement will be made over the route or routes specified in the application, unless otherwise designated on the special permit by the department;
- C. the move(s) will be made during the time specified on the special permit;
- D. all laws applicable to the operation of vehicles on public highways in New Mexico will be observed;
- E. the move will be made in compliance with the terms and provisions listed on the application form; and

F. all provisions or conditions specified in the special permit will be observed.

A. An application for an oversize or overweight special permit is a legal document submitted by the applicant to the department which consists of:

- (1) a request for a special permit;
- (2) a statement as to the manner in which the move is to be made and that the conditions of operation will be observed; and
- (3) a declaration as to the applicant's legal competency.

B. The submission of an application and acceptance of a special permit shall be construed as an affirmation by the applicant that:

- (1) all legal requirements concerning operational authority imposed by state law or the interstate commerce commission have been met by the applicant;
- (2) the vehicle or combination has been properly registered in accordance with New Mexico law;
- (3) the driver and owner of the vehicle and load have met all financial responsibility requirements imposed by the Mandatory Financial Responsibility Act; and
- (4) the driver is properly licensed to operate the vehicle to be used in the move.

18.19.8.18 - UNDERTAKING OF MOVE IS EVIDENCE OF ACCEPTANCE

The commencement of a move shall constitute acceptance by the special permittee of all conditions, provisions and limitations stated in the special permit. Unless changes or amendments are requested prior to starting the move, all conditions, provisions and limitations in the special permit are binding, and the permittee is barred from alleging error or mistake, either in data submitted in the application or in the terms of the special permit.

18.19.8.19 - SUPPLEMENTAL OR AMENDED SPECIAL PERMITS

A. Special permits are issued, where practical, in accordance with data contained in the application. Prior to starting the move, the permittee must review the special permit to assure the accuracy of the information contained in the special permit. If a permittee finds that the special permit does not cover the move or that it is incorrect, the permittee must contact the department prior to starting the move and request necessary changes or amendments to the special permit. The move shall not commence until such changes or amendments to the special permit have been issued in writing by the department. A special permit which contains incorrect information shall be voided under the provisions of 18.19.8.28 NMAC.

B. The department may, depending upon the circumstances, issue supplemental special permits or amend existing special permits to address situations which did not exist and were not anticipated at the time of the application for the special permit. In such cases, additional documentation may be required by the department to support the issuance of the supplemental special permit or amendment of the existing special permit.

18.19.8.20 - SPECIAL PERMIT REQUIRED PRIOR TO MOVE - DISPLAY REQUIRED:

No movement shall be started until a special permit has been issued and is in the possession of the permittee. During the movement, the special permit must be carried in the vehicle to which it applies. The driver of the vehicle, who is deemed to be the legal representative of the permittee, must present the special permit upon the request of the escort driver, any police officer or authorized employee of the department.

[10/14/92, 9/15/98; 18.19.8.20 NMAC - Rn, 18 NMAC 19.8.10.11, 9/14/00]

18.19.8.21 - SPECIAL PERMIT NON-TRANSFERABLE

The special permit is not transferable from carrier to carrier, or from vehicle to vehicle. Special permits shall be issued in the name of the permittee, but not the owner of a load, unless the permittee and the owner are the same.

[10/14/92, 9/15/98; 18.19.8.21 NMAC - Rn, 18 NMAC 19.8.10.12, 9/14/00]

18.19.8.22 - COMPLIANCE WITH OTHER LAWS, ORDINANCES AND REGULATIONS

The special permit is effective only insofar as the department has jurisdiction. Issuance of a special permit does not release the permittee from complying with other existing laws which may apply to the vehicle, the driver or the movement. The move must comply with all applicable municipal ordinances and regulations.

18.19.8.23 - MOVEMENT LIMITED TO CERTAIN HIGHWAYS

- A. Under a special permit, movements may not be made on any highway:
- (1) other than the highways designated by the special permit as the route of travel;
 - (2) on any bridge posted for a specific load limit which is less than the permitted load limit, unless otherwise indicated on the special permit; or
 - (3) closed to traffic.

B. The right to use highways other than those specified on the special permit is neither implied nor granted. Permission or permits are to be obtained from proper local authorities if any portion of the move is to be made over local streets.

[10/14/92, 9/15/98; 18.19.8.23 NMAC - Rn, 18 NMAC 19.8.10.14, 9/14/00]

18.19.8.24 - MOVEMENT RESTRICTED TO SINGLE TRAFFIC LANE - FLOW OF TRAFFIC - SPEED OF MOVEMENT

A. Insofar as practical, movements shall be confined to a single traffic lane, must not obstruct the rest of the roadway and must not unnecessarily obstruct the flow of traffic. Also, insofar as practical, other traffic will be given the right-of-way over the movement.

B. The driver of the vehicle must remove the vehicle from the roadway when necessary to allow accumulated traffic to pass, when traffic is detained ten minutes or longer or when so directed by a peace officer. The driver must maintain, consistent with the safety of the motoring public, the speed specified by the special permit. The driver must avoid creating traffic

congestion by maintaining a proper interval between vehicles and temporarily relinquishing the travel-way to provide vehicles an opportunity to pass.

[10/14/92, 9/15/98; 18.19.8.24 NMAC - Rn, 18 NMAC 19.8.10.15, 9/14/00]

18.19.8.25 - PROPERTY DAMAGE AND PERSONAL INJURY

The permittee assumes all responsibility for injury to persons or damage to public or private property, including injury to the driver or damage to the driver's property, or to the object being transported, caused directly or indirectly by the movement of vehicles, or vehicles and objects authorized under the special permit. The permittee agrees to hold the state harmless from all suits, claims, damages or proceedings of any kind, and to indemnify the state for any claim which the state may be required to pay arising from the movement.

18.19.8.26 - SPECIAL PERMIT NOT GUARANTEE OF INFRASTRUCTURE

The granting of a special permit is not a guarantee of the sufficiency or clearance of any highway or structure included in the authorized route of the move. It shall be considered an unreasonable use of any bridge or structure to operate or conduct upon or over the same, any vehicle, tractor or engine, not in accordance with the provisions of the New Mexico Motor Vehicle Code.

[10/14/92, 9/15/98; 18.19.8.26 NMAC - Rn, 18 NMAC 19.8.10.17, 9/14/00]

18.19.8.27 - VOIDING OF SPECIAL PERMIT - HIGHWAY CONDITIONS

It is an unreasonable use of any improved highway, roadway or street to operate, drive or haul thereon any truck, tractor or engine when the surface is in a soft or plastic condition or the road or portion thereof has been closed pursuant to law or by order of the state highway and transportation department. At such times, any special permit which has been issued is void until such time that the state highway and transportation department has given approval for the continued use of that highway, roadway or street.

[10/14/92, 9/15/98; 18.19.8.27 NMAC - Rn, 18 NMAC 19.8.10.18, 9/14/00]

18.19.8.28 - CERTAIN VIOLATIONS RENDER SPECIAL PERMIT VOID

- A. A special permit shall be voided for any of the following violations:
- (1) commencing a move under a special permit which contains incorrect information if amendments to the permit have not been issued by the department correcting the information;
 - (2) the movement is made on highways, roadways or streets other than those specifically noted on the special permit, other than to detour around construction zones or to clear obstructions;
 - (3) the size or weight limitations specified in the special permit are exceeded;
 - (4) improper identification or substitution of a vehicle, load or object as specified in the special permit without proper authority from the department;
 - (5) the special permit is not in the possession of the driver during the move;

- (6) the permittee is not the owner or lessee of the transporting vehicle;
- (7) speeds specified in the special permit are not observed;
- (8) special provisions contained in the special permit to protect highways are not observed;
- (9) any misrepresentation, use of a fraudulent or altered special permit, or the unauthorized use of a special permit; and
- (10) cessation of required escort services (See 18.19.8.105 NMAC) by the escort during the movement.

B. The effect of voiding a special permit is the same as if no special permit had been issued and the violator, in addition to the charge of violation of the traffic laws of this state, will be subject to prosecution under the provisions of Section 66-7-416 NMSA 1978. No refund of, or credit for, fees paid for a voided permit will be made. After-the-fact special permits will not be issued to nullify citations.

[10/14/92, 9/15/98; 18.19.8.28 NMAC - Rn & A, 18 NMAC 19.8.10.19, 9/14/00]

18.19.8.29 - SURRENDER OF VOIDED SPECIAL PERMIT

A special permit is void and the permittee is considered in violation of applicable New Mexico size and/or weight statutes when any condition or restriction contained within the special permit is not met or is otherwise violated. In such an event, the special permit must be surrendered, upon demand, to the appropriate police officer or department personnel. A new special permit is required prior to any recommencement of the move.

[10/14/92, 9/15/98; 18.19.8.29 NMAC - Rn, 18 NMAC 19.8.10.20, 9/14/00]

18.19.8.30 - SECURING A NEW SPECIAL PERMIT FOLLOWING SURRENDER OF VOIDED SPECIAL PERMIT

A. Following any citation or arrest by a police officer or department inspector for a violation of the terms and conditions of a special permit, and the surrender of that special permit, a new special permit must be secured in the same manner and following the same procedure as for an original special permit before the move can be resumed. The fact that a new special permit may be issued to continue the move carries no assumption of intent, error, mistake or mitigating circumstances concerning the limitations, conditions or provisions contained in the original special permit.

B. Arrest or citation for a violation of a special permit may be cause for suspension or cancellation of all special permit privileges of the permittee. Based on the severity of the violation, the department may cancel any or all special permits which have been issued to the permittee for any current or future movements of oversize or overweight loads and may suspend the permittee's right to apply for special permits in the future.

[10/14/92, 9/15/98; 18.19.8.30 NMAC - Rn, 18 NMAC 19.8.10.21, 9/14/00]

18.19.8.31 - SUBSEQUENT SPECIAL PERMITS

The issuance of a new special permit to continue the move, following the violation and surrender of the original special permit, will be withheld until:

A. the vehicle, combination or load have been reduced or corrected to meet the requirements of the special permit; and

B. the department has received clearance from the arresting officer or the magistrate that the driver has been released or has posted bond; or

C. the department has received notice that another permittee will continue the move.
[10/14/92, 9/15/98; 18.19.8.31 NMAC - Rn, 18 NMAC 19.8.10.22, 9/14/00]

18.19.8.32 - CONTINUOUS MOVEMENT

A. The department, after conducting an evaluation of road conditions, economic impact, overall motor vehicle safety and other considerations, may authorize the issuance of a special permit which allows continuous movement for dimensions or weights that exceed the legal limits. Specific permission for continuous movement shall be stated on the special permit. If continuous movement is granted, specific restrictions may be imposed to maximize the safety of the motoring public as, for example, a requirement that the extreme dimensions of the oversize load be marked with clearance lights. Unless otherwise allowed within the special permit, movement is prohibited on Sundays or those legal holidays determined by the provisions of 18.19.8.35 NMAC and during inclement weather. Additional restrictions applicable to specific roads and highways may also apply and will be listed on the special permit.

B. A special permit for a continuous move will not be issued for any vehicle, combination or load which exceeds:

(1) a width of twelve feet (12') measured at the widest point;

(2) a height of fourteen feet and six inches (14'6") measured at the highest point;

(3) a length of ninety feet (90') measured from the foremost point to the rearmost point; or

(4) a weight of one hundred and twenty thousand pounds (120,000 lbs.).

C. For purposes of 18.19.8.32 NMAC, the term "special permit" includes either a single trip special permit or a multiple trip special permit.

D. If continuous movement of an overwidth or overlength vehicle, combination or load is authorized by the department, a rear escort must be utilized for movement during non-daylight hours. In addition, a front escort is required during non-daylight hours for continuous movement on undivided roads and highways.

[10/14/92, 9/15/98; 18.19.8.32 NMAC - Rn & A, 18 NMAC 19.8.10.23, 9/14/00]

18.19.8.33 - CONTINUOUS MOVEMENT OF OVERSIZED MANUFACTURED HOMES

A permittee may request continuous movement for manufactured homes having a width of more than 8'6" but not exceeding 12' or an overall length, including towing unit of more than 65' but not exceeding 80', provided that during non-daylight hours, a rear escort is required on highways with four or more traffic lanes and a front and rear escort is required on roads and highways with fewer than four traffic lanes. Movement shall be prohibited during inclement weather or during legal holidays. Continuous movement is allowed only by a special permit issued by the department and is not allowed under a special permit self-issued by a dealer or transporter of manufactured homes under the provisions of Subsection J of Section 66-7-413

NMSA 1978 and 18.19.8.220 NMAC.

[10/14/92, 9/15/98; 18.19.8.33 NMAC - Rn & A, 18 NMAC 19.8.10.24, 9/14/00]

18.19.8.34 - MOVEMENT RESTRICTED DURING NON-DAYLIGHT HOURS, WEEKENDS AND HOLIDAYS

Unless specifically stated on the special permit, movement after sunset or before sunrise on weekdays and Saturdays, or movement at any time on Sundays or on legal holidays shall not be permitted. When considering whether a move can be permitted during non-daylight hours, or on Sundays or legal holidays, the department will consider the following:

- A. the size and/or weight of the vehicle or load to be permitted;
- B. the route to be traveled;
- C. the safety to the overall motoring public;
- D. advice of the state highway and transportation department officials or law enforcement officials concerning various aspects of the move; and
- E. any other consequence of allowing or not allowing the move during such times.

[10/14/92, 9/15/98; 18.19.8.34 NMAC - Rn, 18 NMAC 19.8.10.25, 9/14/00]

18.19.8.35 - LEGAL HOLIDAYS UPON WHICH SPECIAL PERMIT MOVEMENTS ARE PROHIBITED

A. Unless expressly specified on the special permit, movement is prohibited on the following legal holidays:

- (1) New Year's Day;
- (2) Memorial Day;
- (3) Independence Day;
- (4) Labor Day;
- (5) Thanksgiving Day; and
- (6) Christmas Day.

B. The department may designate other holidays on which movement will also be prohibited. When any of these holidays falls on or is observed on a day other than a Monday or Saturday, movement restrictions shall run from sunset of the day preceding such holiday to sunrise of the day following such holiday. When the holiday falls on or is observed on a Monday, movement is prohibited after sunset of the preceding Saturday until sunrise on the following Tuesday unless otherwise permitted in writing by the department or unless otherwise specified on the special permit. When the holiday falls on or is observed on a Saturday, movement is prohibited after sunset of the preceding Friday until sunrise on the following Monday unless otherwise permitted in writing by the department or unless otherwise specified on the special permit.

18.19.8.36 - INCLEMENT WEATHER

Special permits may restrict movement during inclement weather to direct movement to

the nearest point of safety.

18.19.8.37 - SPECIAL PERMITS TO GOVERNMENTAL ENTITIES

A governmental entity, whether federal, state or local, is required to obtain a special permit before moving a vehicle, combination or load that exceeds legal limits. In such cases, the permittee shall comply with all applicable restrictions and provisions. No fees will be charged for the issuance of a special permit to any governmental entity but this waiver of fee does not apply to any private person moving the vehicle, combination or load for the governmental entity.

[10/14/92, 9/15/98; 18.19.8.37 NMAC - Rn, 18 NMAC 19.8.10.28, 9/14/00]

18.19.8.38 - EMERGENCY SPECIAL PERMIT

A. Emergency special permits shall be issued only in clear cases of emergency and only in those instances where it is not possible to follow normal procedures for obtaining a special permit. Emergency special permits will not be issued to anyone who has had the opportunity to foresee the situation and time to acquire a single or multiple-trip special permit. When the transportation of military cargo is proposed, involving oversize or overweight vehicles, combinations or loads, the proper military authority must furnish the department a certificate of military necessity before such movement begins.

B. An emergency special permit shall expire upon the conclusion of the emergency condition for which it was issued and all regulations, restrictions and other requirements applicable to over dimension vehicles or loads will apply to the continued movement of the vehicle, combination or load as if the emergency special permit had not been issued.

[10/14/92, 9/15/98; 18.19.8.38 NMAC - Rn, 18 NMAC 19.8.10.29, 9/14/00]

18.19.8.39 - TOWING UNIT WHEELBASE REQUIREMENT

The towing unit, except a unit used to move manufactured homes, must have an overall wheelbase of at least ninety-nine inches and must be of sufficient capacity that transporting or pulling of the oversize or overweight load will not create any unnecessary hazard to the motoring public.

[10/14/92, 9/15/98; 18.19.8.39 NMAC - Rn, 18 NMAC 19.8.10.30, 9/14/00]

18.19.8.40 – LOADING

A. Loads for which a special permit has been issued may consist of one or more oversize objects, or of an oversized object and other objects of legal limits, provided that the additional object or objects:

- (1) are loaded in accordance with 18.19.8 NMAC;
- (2) do not result in exceeding the maximum legal gross weight or axle weights, unless so specified in the special permit; and
- (3) because of the positioning of the objects on the vehicle, do not result in exceeding other maximum legal dimensions. Positioning, in order to maximize the available loading area of the vehicle, of one object in a manner which causes the load to be oversize, which

in another position would remain within the legal limits, is considered a reducible arrangement and a special permit shall not be issued in such cases.

B. Consideration must be given to the weight and balance of the combined load to assure stability of the load and safety of the move. Any load having two dimensions which exceed the limitations for width, height or length must be loaded in a manner that minimizes the overall combination of dimensions.

[10/14/92, 9/15/98; 18.19.8.40 NMAC - Rn & A, 18 NMAC 19.8.10.31, 9/14/00]

18.19.8.41 - FLAGS REQUIRED

A permitted vehicle or load must be properly flagged at all times. "Properly flagged" means that flags colored red, florescent red or florescent orange and which are no less than twelve inches (12") on any side are affixed to the vehicle or load in accordance with the Motor Carrier Safety Act and 18.2.3 NMAC.

[10/14/92, 9/15/98; 18.19.8.41 NMAC - Rn & A, 18 NMAC 19.8.10.32, 9/14/00]

18.19.8.42 - SIGNS REQUIRED

The appropriate oversize load signs must be properly affixed on both the front and the rear of the permitted vehicle. The "OVERWIDTH", "OVERHEIGHT", "OVERLENGTH" or "OVERSIZE" signs must be at least five feet (5') wide by twelve inches (12") high. An "OVERSIZE" sign may be used to designate over-width, over-length or over-height loads. The lettering must be black, one inch (1") wide by ten inches (10") high. The background of the sign must be bright yellow.

[10/14/92, 9/15/98; 18.19.8.42 NMAC - Rn, 18 NMAC 19.8.10.33, 9/14/00]

18.19.8.43 - OVERWIDTH VEHICLES, COMBINATIONS OR LOADS

A. The overall width of a vehicle, combination or load includes any projections, lashing, chains, cables, load binders, or any object or device that constitutes the extreme width unless such devices are used exclusively to secure the load provided such devices do not exceed three inches (3") on either side.

B. Unless otherwise specified on the special permit, the permitted load shall be properly flagged and have appropriate signs designating it as an overwidth or oversize load.

[10/14/92, 9/15/98; 18.19.8.43 NMAC - Rn, 18 NMAC 19.8.10.34, 9/14/00]

18.19.8.44 - BLOCKING OF BLADES, BUCKETS AND OTHER ATTACHMENTS

If the overwidth dimension consists of a bulldozer or other construction equipment that includes a "blade" or other attachments, such device must be blocked at the highest possible setting and must be angled as much as possible to minimize the width.

[10/14/92, 9/15/98; 18.19.8.44 NMAC - Rn, 18 NMAC 19.8.10.35, 9/14/00]

18.19.8.45 - OVERHEIGHT VEHICLES, COMBINATIONS OR LOADS

A. Special permits may be issued for vehicles, combinations or loads in excess of the statutory limit for height of fourteen feet (14'), measured from the upper-most point of the

vehicle or load to the roadbed, provided the substitution of a different type of trailer would not make the vehicle or load fourteen feet (14') or less in height.

B. If a special permit is requested for a height greater than sixteen feet (16'), the applicant must check the desired route for clearance of any overhead structures such as traffic signals, wires, utility lines and overpasses. Depending on the route requested, the department may require a full route survey. Proof of a route survey may be requested by the department prior to issuance of the special permit. Certification in writing from utility companies may be required if the vehicle or load exceeds a height of eighteen feet (18').

C. The permittee must protect all overhead wires, structures and roadside property. Any damage to these or to the roadway, pavement, road guards or shoulders must be restored at the sole expense of the permittee. The granting of a special permit shall not be construed to relieve the permittee of any responsibility for public liability or property damage or of other responsibility under the New Mexico motor vehicle laws.

D. The department may use state highway and transportation department maps, guidelines or directives when determining if a second person or escort will be required to check all overhead clearances during the move. Any requirement for a second person or escort will be stated on the face of the special permit.

E. Movements that will not clear highway construction, wires, utility lines, bridges, overpasses or other overhead structures shall be detoured. Use of off-ramps or frontage roads to clear overhead and other obstacles is permitted, provided overall traffic flow is not adversely affected and traffic safety is not jeopardized.

[10/14/92, 9/15/98; 18.19.8.45 NMAC - Rn, 18 NMAC 19.8.10.36, 9/14/00]

18.19.8.46 - OVERLENGTH OBJECTS

A. Special permits may be issued for the movement of objects which cannot be readily disassembled or dismantled and which exceed sixty-five feet (65') in length. Single units, including front and rear overhang, shall not exceed forty feet (40') in length, except by special permit. A combination, including front and rear overhang, shall not exceed sixty-five feet (65') in length, except by special permit.

B. Overlength special permits will be denied when:

- (1) pipe, when welded together, is in excess of eighty feet (80') in length; and
- (2) crane or tower booms, when bolted or pinned, are in excess of forty feet (40').

C. Unless otherwise specified on the special permit, the permitted load must be properly flagged and have the appropriate signs designating it as an overlength or oversize load.

[10/14/92, 9/15/98; 18.19.8.46 NMAC - Rn, 18 NMAC 19.8.10.37, 9/14/00]

18.19.8.47 - FRONT OR REAR OVERHANGS AND PROJECTING LOADS

Special permits may be issued for excessive front or rear overhangs (as defined in Section 66-7-406 NMSA 1978) on vehicles such as, but not limited to, motor cranes, well-drilling rigs, camera-boom trucks and other similar types of equipment provided, however, that the overhang does not cause excessive axle-weight which diminishes the effectiveness of the steering axle or axles and further provided the overhang does not constitute a hazard. The department may

require an escort as a condition of issuing a special permit for movement of a vehicle or load with an excessive overhang.

[10/14/92, 9/15/98; 18.19.8.47 NMAC - Rn & A, 18 NMAC 19.8.10.38, 9/14/00]

18.19.8.48 - STATE HIGHWAY AND TRANSPORTATION DEPARTMENT SHALL MAKE ROUTE DETERMINATION AND SHALL BE FINAL AUTHORITY ON ISSUANCE OF OVERWEIGHT SPECIAL PERMIT

The state highway and transportation department, upon the request of the department, shall perform an analysis of the proposed route to be used to transport an overweight, permitted load with a total weight of less than 170,000 pounds. The state highway and transportation department shall determine if the route is capable of handling the overweight movement. The analysis shall include a review of any bridges, culverts, overpasses or other structures that may be affected. The state highway and transportation department shall promptly perform the analysis and advise the department whether the special permit may be granted. The state highway and transportation department may also request that specific restrictions or requirements be imposed on the permittee. Any special permit for the movement of a vehicle, combination or load which exceeds 170,000 pounds in total weight must be approved by the state highway and transportation department.

[10/14/92, 9/15/98; 18.19.8.48 NMAC - Rn, 18 NMAC 19.8.10.39, 9/14/00]

18.19.8.49 - WRECKER SERVICES - MAXIMUM WIDTH AND HEIGHT

A. Twelve feet (12') is the maximum width allowed when towing disabled or wrecked vehicles, including the towing of a vehicle on a dolly, under a multiple trip special permit. This limit includes the width of the towed vehicle plus all load binders or other equipment required to tie or hold the unit together.

B. The legal maximum height of fourteen feet (14') applies when towing vehicles under a multiple trip special permit, unless damage to the wrecked or disabled vehicle causes protruding pieces which cannot be reasonably removed before towing, in which case, fifteen feet (15') is the maximum permissible height.

C. A disabled or wrecked vehicle which exceeds twelve feet (12') in width or fifteen feet (15') in height may not be moved under a multiple trip special permit. A single-trip special permit must be obtained when width is greater than twelve feet or the height is greater than fifteen feet. Single trip emergency special permits shall not be issued or used to circumvent requirements imposed on multiple trip special permits. The department may require an escort as a condition of the single-trip special permit.

D. The provisions of 18.19.8.49 NMAC apply to all classes of wrecker service.
[10/14/92, 9/15/98; 18.19.8.49 NMAC - Rn & A, 18 NMAC 19.8.10.40, 9/14/00]

18.19.8.50 - MOVEMENT OF HOUSES AND BUILDINGS

A. Single-trip special permits may be issued for the movement of houses, buildings and similar structures which exceed statutory size and weight limitations. Special permits shall not be issued for any movement along or across a highway when a building is mounted on skids.

Porches or protruding sections must be removed to reduce the house or building to acceptable proportions. Loose boards, bricks and similar items must also be removed for safety. The movement of any house or building with a width in excess of thirty feet (30') must be approved by the department.

B. Houses and buildings may be mounted on house-moving dollies equipped with pneumatic tires and towed by a truck or truck tractor, or they may be loaded on a truck, semi-trailer or trailer and transported under the same operational requirements for the movement of oversize and overweight vehicles and loads as are specified in 18.19.8.10 through 18.19.8.49 NMAC. The movement of a house, building or similar structure, when mounted on a trailer, wagon or other wheeled device shall not be authorized when the unit is to be pulled or towed by a farm tractor.

C. When house-moving dollies are used, the dollies and tires must be in good condition and a sufficient number must be used to carry the weight of the structure being moved. The truck or tractor must be in good condition and must have the capacity and power to control the movement of the structure. All vehicles used in the move must conform with all safety standards prescribed by law.

18.19.8.51 - PRELIMINARY APPLICATIONS FOR A SPECIAL PERMIT TO MOVE BUILDINGS

When the purchase or acquisition of a house, building or similar structure is contingent upon the availability of a special permit to move the structure over highways in this state, the preliminary application for the special permit should state that it is being submitted for informational purposes. The data on the preliminary application must be sufficient to allow the department to evaluate the proposed move. If it is determined that the proposed move is feasible, the mover will be notified that the special permit can be issued. The special permit will be held, not to exceed a period of thirty (30) days, until the mover is prepared to make the move. Upon written notification to the department and upon payment of the proper fee, the special permit will be issued.

**66-7-413(B), (C). PERMITS FOR EXCESSIVE SIZE AND WEIGHT--
SPECIAL NOTIFICATION REQUIRED ON MOVEMENT OF
MANUFACTURED HOMES.--**

...

B. The department of transportation shall promulgate rules in accordance with the State Rules Act pertaining to safety practices, liability insurance and equipment for escort vehicles provided by the motor carrier and for escort vehicles provided by a private business in this state.

(1) The department of public safety or the department of transportation shall provide the escort personnel with a copy of applicable rules and shall inspect the escort vehicles for the safety equipment required by the rules. If the escort vehicles and personnel meet the requirements set forth in the rules, the department of public safety shall issue the special permit.

(2) The movement of vehicles upon the highways of this state requiring a special permit and required to use an escort of the type noted in Paragraph (1) of this subsection is subject to the authority of the department of transportation and the department of public safety and to inspection at all times.

(3) The department of transportation shall conduct engineering investigations and engineering inspections to determine which four-lane highways are safe for the operation or movement of manufactured homes without an escort. After making that determination, the department of transportation shall hold public hearings in the area of the state affected by the determination, after which it may adopt rules designating those four-lane highways as being safe for the operation or movement of manufactured homes without an escort. If a portion of such a four-lane highway lies within the boundaries of a municipality, the department of transportation, after obtaining the approval of the municipal governing body, shall include such portions in its rules.

C. Except for the movement of manufactured homes, special permits may be issued for a single vehicle or combination of vehicles by the department of transportation for a period not to exceed one year for a fee of two hundred fifty dollars (\$250). The special permits may allow excessive height, length and width for a vehicle or combination of vehicles or load thereon and may include a provision for excessive weight if the weight of the vehicle or combination of vehicles is not greater than one hundred forty thousand pounds. Utility service vehicles, operating with special permits pursuant to this subsection, shall be exempt from prohibitions or restrictions relating to hours or days of operation or restrictions on movement because of poor weather conditions.

18.19.8.100 - ESCORT NEED DETERMINATION

The department, after evaluating the dimensions of the vehicle, combination of vehicles or load to be permitted and the route to be traveled, shall determine whether an escort will be required. The permittee must furnish escort vehicles whenever specified on the face of the special permit or whenever required by the escort vehicle map.

18.19.8.101 - TYPES OF ESCORTS

A. Escorts shall be either "private" or "police". If a private escort is used, the escort vehicle must be properly certified and must comply with all equipment and safety requirements imposed by the department.

B. Private escorts include:

- (1) For-hire escorts; and
- (2) Permittee escorts.

C. An intrastate movement requiring an escort which is made by a for-hire carrier must use a for-hire escort with state corporation commission or public regulation commission authority. If the movement requiring the escort is interstate, a for-hire carrier which has been granted current authority by the commission may use its own escort. A for-hire carrier without current commission authority must use a for-hire escort service which has current commission authority. It is the responsibility of the permittee to assure that the for-hire escort used in the move has current operating authority from the commission.

D. A private carrier may furnish its own escort vehicles and drivers for both intrastate and interstate movements. Permittee escorts must be approved by the department and must comply with all of the requirements set forth in 18.19.8 NMAC.

E. Police escorts include:

- (1) State police escorts; and
- (2) Municipal police escorts.

F. A state police escort is required for movement of structures of a width of twenty feet (20') or more for a distance of five (5) miles or more. A state police escort may also be required by the department for any other move that will adversely affect traffic, will create undue hazards or will in any manner jeopardize the safety of the motoring public. If the move is entirely within a municipality, the permittee may use a police escort provided by the municipality in lieu of a state police escort.

[10/14/92, 9/15/98; 18.19.8.101 NMAC - Rn, 18 NMAC 19.8.11.2, 9/14/00]

18.19.8.102 - POLICE ESCORTS

A. The New Mexico state police has the authority to escort the movement for a distance of five (5) miles or more of a vehicle, combination of vehicles or load which is twenty feet (20') or more in width on state highways outside the corporate limits of municipalities or when passing through municipalities. The commander or delegate of the state police district where the move is to begin, upon notification by the applicant of a pending move of a house or building, shall determine, unless otherwise provided by law or regulation, whether a state police

escort will be required.

B. Whenever it is determined that a state police escort will be required, the district commander shall contact any other state police district in which the move will occur to ascertain manpower availability, special conditions or other factors that will affect the proposed move. The applicant will not be required to contact any state police district other than the district from which the move is originating. The district commanders shall schedule officers to minimize any delay in the movement when a house or building moves from one district to another. The appropriate state police escort fee will be assessed and shall be based on the number of days required to escort the move and not the number of police units utilized. If the move is wholly within a municipality, a special permit will not be issued until the department is assured that the permittee has arranged with local police for assistance.

18.19.8.103 - PRIVATE ESCORT - VEHICLE REQUIREMENTS

A. A private escort vehicle must be inspected by the department on an annual basis. The department shall issue a certificate of acceptance for the vehicle upon the satisfactory evaluation of the vehicle for a period of one year or until insurance coverage of the vehicle expires, whichever first occurs. The wheelbase of the vehicle must be at least one-hundred inches (100"). Unless otherwise approved upon written application to the department, escort vehicles must not exceed a "ton & one-half capacity" as rated by the manufacturer.

B. The escort vehicle must be equipped with two (2) red or florescent orange flags when escorting a load. Such flags must be square or rectangular and no less than twelve inches (12") on any side.

C. The escort vehicle must display two rotating amber rotating, flashing or strobe lights atop the vehicle at the vehicle width or at a width not to exceed eight feet. Such lights must be of sufficient intensity to be visible at a distance of at least 1,000 feet in normal sunlight. Lights must be hooded or removed when not in use. All exterior vehicle lights must be turned on during escort operations.

D. In addition, a yellow sign at least twelve inches by five feet (12" x 5') reading "OVERSIZE LOAD" with black letters at least ten inches (10") high and one inch (1") wide must be displayed on the escort vehicle when escorting any oversize or overweight vehicle. The required flags and signage must be mounted on the front bumper of a front escort vehicle, on the rear bumper of a rear escort vehicle, or on the roof of the front or rear escort vehicle, whichever position provides the greatest visibility for the motoring public.

E. The private escort vehicle and the vehicle which is transporting or hauling the oversize load must be equipped with two-way radios to provide direct communication between the vehicles. The escort vehicle must be equipped with an outside rear view mirror on both the driver's side and the passenger's side of the vehicle.

F. The escort vehicle must be equipped with at least one fire extinguisher of minimum size, 2 and 1/2 pound carbon dioxide (CO₂) extinguisher or dry-chemical type, or extinguishers of other types having equivalent or better extinguishing capacities. Extinguishers are to be mounted so as to be readily accessible for use. Escort vehicles must have on board at all

times the safety equipment specified in Section 66-3-849 NMSA 1978 relating to flares or other warning devices and the equipment required for use by flagmen under 18.19.8.113 NMAC.

G. If the escort vehicle is operated by a for-hire escort service, the vehicle must display the name, address and state corporation commission or public regulation commission authority number on both sides of the vehicle. This information may be displayed using removable, magnetic signs. Escort vehicles shall not display any sign, insignia, device or emblem that is similar in size, shape or color to any police insignia or badge.

H. The escort vehicle must be registered in accordance with provisions of New Mexico motor vehicle laws and must be insured in accordance with New Mexico Financial Responsibility laws. Unless otherwise required by law, liability insurance amounts must be at least \$50,000.00 for each person, \$100,000.00 for each accident, and must cover property damage of not less than \$25,000.00 for each accident. Escort vehicles regulated by the state corporation commission or public regulation commission must comply with any liability insurance requirements promulgated by the Commission.

I. The required equipment, the certificate of convenience and necessity which is required by the state corporation commission or public regulation commission and any documentation of vehicle registration and insurance on the escort vehicle shall be available for inspection on demand by proper authorities.

J. The escort vehicle in operation as an escort vehicle must not tow any trailer or vehicle, be loaded in a manner to obstruct the driver's vision to the front, side or rear or be loaded with any items, other than required safety equipment, that protrude beyond the front, rear or sides of the escort vehicle.

18.19.8.104 - PRIVATE ESCORT - VEHICLE DRIVER REQUIREMENTS

A. The driver of a private escort vehicle must be at least eighteen years of age and be licensed in accordance with the driver licensing requirements for escort vehicle drivers imposed by the state or jurisdiction in which the driver resides.

B. The escort driver may not wear any uniform of a color or design similar to uniforms used by police agencies in New Mexico. The driver may not display any badge, shield or emblem of a type similar to police badges or emblems. The wearing of side-arms of any type, while performing escort vehicle driver services under 18.19.8.100 through 18.19.8.113 NMAC, is prohibited.

C. Any person currently employed by the department shall not perform as a driver of a private escort vehicle.

[10/14/92, 9/15/98; 18.19.8.104 NMAC - Rn & A, 18 NMAC 19.8.11.5, 9/14/00]

18.19.8.105 - DUTIES AND RESPONSIBILITIES OF ESCORT VEHICLE DRIVERS

A. The general purpose of the escort vehicle is to enhance the safety of moving oversize vehicles or loads over the highways and to reduce delays and inconveniences to the normal flow of traffic. Although escort drivers are responsible for the safe flow of traffic in the immediate area of the move, private escort drivers do not have police powers and shall not issue

any type of citation or initiate any attempted arrest. A private escort driver shall not operate the escort vehicle as an emergency vehicle such as a police, fire or rescue squad vehicle.

B. It is the purpose of an escort vehicle to alert the motoring public to the presence or approach of an oversize vehicle or load. Escort drivers are responsible for controlling the movement of the vehicle or load on the highway, in a manner that maximizes safety for the motoring public. Escort drivers are also responsible for assisting the driver of the permitted vehicle or load to comply with all applicable traffic laws. Special permits are not issued to escort drivers, but every escort driver must comply with the escort requirements and restrictions noted on the special permit.

C. The duties of the escort driver include meeting with the driver of the oversize vehicle or load before commencement of the move to discuss various aspects of the move, to review the routing specified in the special permit to make sure the directions are understood by everyone involved in the move and to determine the position of the escort vehicle(s). Before the move, the escort vehicle driver(s) should review the special permit for any special requirements, restrictions or instructions and should assure that all mandatory equipment, such as signs and flags, required on the escort vehicle is in proper working condition. The escort vehicle driver must possess at all times during the move a current driver's license and the required escort vehicle certificate of acceptance.

D. Specific responsibilities of a front escort vehicle driver shall include, but are not limited to:

- (1) warning oncoming traffic of the presence of an oversize vehicle or load;
- (2) maintaining communication with the driver of the oversize vehicle or load by using the two-way radio to provide notification of hazards, obstructions, pedestrians and other potential problems that would affect the safe movement of the load and the motoring public;
- (3) making sure the oversize vehicle or load driver is following the route prescribed on the special permit;
- (4) assisting the driver of the oversize vehicle or load in locating safe places to allow the oversize vehicle or load and the escort vehicle(s) to clear the roadway so traffic following the oversize vehicle or load can safely pass; and
- (5) warning motorists to stop at the end of narrow structures to permit safe passage of the oversize vehicle or load through the obstruction.

E. Specific responsibilities of a rear escort vehicle driver shall include, but are not limited to:

- (1) warning traffic approaching from the rear of the presence of an oversize vehicle or load ahead;
- (2) assisting the oversize vehicle or load driver by providing notification of flat tires, objects coming loose from the vehicle or load or other occurrences of which the driver may not be aware;
- (3) notifying the front escort driver (when applicable) and the oversize vehicle or load driver of traffic buildup and other delays to the normal flow of traffic;
- (4) notifying the oversize vehicle or load driver of motorists attempting to pass the vehicle or load; and

(5) warning motorists to stop at narrow structures and other roadway restrictions to permit safe passage of the oversize vehicle or load through the obstruction.

F. During the trip, the escort driver(s) and the load driver shall act as a team to ensure that safety of the motoring public is sustained. The escort vehicle driver and the load driver shall conduct the move in full compliance with all traffic laws and regulations. If the escort driver(s) determines the load driver will not comply with any provision of the special permit or is otherwise operating in a manner that creates a hazardous or dangerous situation, the escort driver(s) must notify the load driver of the escort driver(s) intent to cease providing escort services, thereby invalidating the special permit. Should the escort driver(s) actually cease to provide escort service, the escort driver(s) must promptly notify the department.

G. Front and rear escort drivers must maintain a distance between their vehicles and the oversize vehicle or load consistent with the safe operation of the movement. Depending on highway and traffic conditions, a distance of 300 to 1000 feet is usually appropriate. In urban areas or at narrow bridges, shorter distances are usually desirable. Generally in rural areas on narrow winding or hilly roads, the front escort (when required) should travel well ahead of the oversize vehicle or load to warn oncoming traffic of the hazard. Similarly, the rear escort (when required) should travel well behind the load in advance of roadway restrictions to warn motorists following the load.

H. The driver of the escort vehicle and the driver of the oversize vehicle or load must obey all traffic lights when traveling on a route where traffic signals control the movement of traffic. If the escort vehicle passes through the intersection and the escorted vehicle is required to stop for a red light, the escort driver shall stop as soon as possible on the right-hand side of the road and not resume travel until the escorted vehicle approaches the required distance. When the escort driver following the oversize vehicle or load is required to stop at a traffic light when the escorted vehicle has passed through the intersection, the load driver should proceed with the move as planned and the rear escort driver should proceed to resume a normal following distance as soon as the driver can proceed through the intersection.

I. When stopped or slowing at a traffic hazard or when traveling at a speed of less than 30 miles per hour, the escort driver must use the vehicle emergency flashers. The flashers shall not be used when operations exceed 30 miles per hour.

J. Unless roadway hazards exist, the driver of the rear escort vehicle shall not prevent motorists from passing the escorted vehicle. The escort driver must inform the driver of the escorted vehicle, via two-way radio, that a motorist is attempting to pass so appropriate precautions can be taken. Advance warning is especially important when large trucks pass the load. To allow traffic to pass when traffic following the escorted vehicle begins to build up or when traffic is detained for more than 10 minutes, the escort driver(s) shall assist the driver of the escorted vehicle in locating a suitable area where the load and the escort vehicle(s) can be completely and safely removed from the roadway and later may re-safely re-enter the roadway. When it is necessary for the escorted vehicle to pass other vehicles or to make a wide turn, the rear escort driver must clearly signal an intention to pass or turn and move into the passing or turning lane well before the driver of the escorted vehicle initiates the maneuver. The rear escort driver must stay in the passing lane until the escorted vehicle completes the pass or turn.

K. During periods of inclement weather and when mechanical, physical or other problems occur, the escort driver must assist the driver of the escorted vehicle in locating a safe place to remove the oversize vehicle or load and escort vehicle(s) from the roadway until operations can be resumed.

L. When an oversize load is routed upon any highway which is too narrow for two-way travel at all points, the front escort vehicle driver (or flagman) shall advance to a point where two-way traffic can be maintained and warn oncoming traffic to stop at that location. When the oversize vehicle or load reaches the location where traffic is stopped, the oversize vehicle or load must halt and allow traffic to clear from both directions, with assistance being given by the escort driver or flagman. Traffic shall not be detained for more than ten minutes except for extraordinary circumstances. The flagging requirements and methods of 18.19.8.23 NMAC shall be followed when flagging or stopping traffic is required.

M. When the escort operation is completed, the escort driver must turn off all exterior lights, remove or cover the oversize load escort sign and hood or remove the required amber flashing rotating lights.

N. It is the responsibility of the driver of the escort vehicle to operate the "warning vehicle" as such. The driver shall not run traffic signals, fail to stop at stop signs, pass improperly, or otherwise disobey or disregard any traffic law.

[10/14/92, 9/15/98; 18.19.8.105 NMAC - Rn & A, 18 NMAC 19.8.11.6, 9/14/00]

18.19.8.106 – EMERGENCIES

A. In case of an accident involving the oversize vehicle or load or the escort vehicle or in case of an accident involving other vehicles which accident impedes or prohibits the continued movement of the escorted vehicle, the escort driver shall:

- (1) prevent a second accident by pulling completely off the roadway if possible;
- (2) turn on flashing lights and turn signal emergency flashers;
- (3) warn approaching traffic of the accident;
- (4) get help, ask the next person who stops to contact the police, ambulance or other emergency services and use the two-way radio to request aid, but do not rely on it as a sole means of requesting aid;
- (5) turn off ignition of wrecked vehicles to reduce fire hazard and keep smokers away from accident area;
- (6) not move the injured unless they're in a burning vehicle or other immediate danger because unnecessary moving often complicates injuries;
- (7) search area for victims thrown from vehicles; and
- (8) when trained personnel arrive, give a brief summary of what has been done and offer further assistance, but do not interfere with their efforts to care for the injured or otherwise take control of the incident.

B. The driver of the escort vehicle may not leave the scene until authorized to do so by law enforcement personnel.

[10/14/92, 9/15/98; 18.19.8.106 NMAC - Rn, 18 NMAC 19.8.11.7, 9/14/00]

18.19.8.107 - GENERAL ESCORT PROCEDURES

A. The speed limit for the escorted oversize vehicle or load is to be determined by the issuing authority, and in no event is it to exceed posted speed limits. The speed limit indicated by the special permit must be complied with by the escorted oversize vehicle and any escort vehicle accompanying the movement.

B. Movement shall be made on those highways designated on the special permit. Unless otherwise specified on the special permit, no movement shall be made during non-daylight hours or during inclement weather. When the movement is in progress and inclement weather occurs, it shall be the responsibility of the escort driver to coordinate the removal of the escorted vehicles from the traveled portion of the highway to a safe location off the shoulder.

C. Unless otherwise specified on the special permit, when a single escort is required, it must travel to the rear of the oversize vehicle, combination or load on multi-lane highways and in front of the escorted vehicle on two-lane highways. The oversize load must travel as near the right side of the roadway as is safely possible, to ensure that traffic will be able to pass safely. The escort and escorted vehicle shall not infringe upon the opposite-bound lane unless necessary to avoid obstacles in the path of the movement.

D. An escorted vehicle, combination or load approaching any bridge, hill or incline which cannot be traversed safely because of inability to distinguish potential hazards by sight shall be parked (off the roadway where possible) and the escort vehicle shall proceed past the bridge, hill or incline. The oversize vehicle, combination or load shall traverse the bridge, hill or incline only after the escort vehicle has stopped oncoming traffic and provided clearance to proceed by two-way radio.

E. An oversize vehicle, combination or load may not park on the main-traveled portion of the highway unless absolutely necessary, or in case of an extreme emergency. Any time an oversize vehicle, combination or load is parked on the highway right-of-way, it shall be adequately protected by flares, flags, flagmen, or other appropriate emergency warning devices.

18.19.8.108 - ESCORT REQUIRED FOR CERTAIN OVERWIDTH VEHICLES, COMBINATIONS OR LOADS

A. Escort(s) are required for the movement of all widths exceeding 14', and may be required for widths of less than 14' depending upon routes to be traveled. Escorts are required for the movement of loads exceeding 13'6" on any of the following Group A restricted highways:

- (1) NM 2 from Roswell to Artesia;
- (2) US 70 from Ruidoso Downs to Hondo;
- (3) US 380 from San Antonio to Hondo;

- (3) US 64 from Taos to Cimarron.

C. The department, upon consultation and evaluation with the state highway and transportation department, may add or delete highways on the aforementioned group A or group B listings. In addition an escort will be required for movement of a vehicle, combination of vehicles or load which exceeds the established width for certain highways as identified on the "Escort Vehicle Map" developed and maintained by the state highway and transportation department. The department will furnish the escort vehicle map on request.

18.19.8.109 - ESCORT REQUIRED FOR CERTAIN OVERLENGTH VEHICLES, COMBINATIONS OR LOADS

An escort or escorts may be required for the movement of any vehicle, combination or load which exceeds ninety feet (90') in length measured from the foremost to the rearmost part of the vehicle, combination or load. The movement of an overlength vehicle, combination or load may be restricted to certain highways as designated on the special permit whenever necessary to accommodate the overall length of the oversize vehicle, combination or load. The determination of the required number of escort vehicles will be made by the issuing agency based on the route to be traveled and other relevant considerations.

18.19.8.110 - ESCORT REQUIRED FOR CERTAIN OVERHEIGHT VEHICLES, COMBINATIONS OR LOADS

An escort or a person other than the driver may be required to accompany the movement of a vehicle, combination or load which exceeds a height of sixteen feet (16') measured from the roadway to the uppermost part of the vehicle, combination or load. The movement of an overheight vehicle, combination or load may be restricted to certain highways as designated on the special permit whenever necessary to accommodate the maximum height of the oversize vehicle, combination or load. The department may use state highway and transportation department maps, guidelines and directives when determining if a second person or escort will be required. Any requirement for a second person or escort will be stated on the face of the special permit.

18.19.8.111 - POLICE MAY RESTRICT MOVEMENTS

Law enforcement personnel may direct or escort an oversize vehicle, combination or load off the roadway to a place of safety. To allow queued traffic to pass from behind an oversize or overweight vehicle, combination or load, law enforcement personnel or the escort driver may

also direct the driver of the oversize vehicle, combination or load to remove the vehicle from the roadway to a place of safety and temporarily stop until traffic has cleared. After the traffic has cleared, the movement may be resumed.

18.19.8.112 - MOVES IN CONVOYS PROHIBITED

Unless otherwise stipulated on the special permit, an escort vehicle shall be required for each escorted load and a special permit shall be required for each escorted load. Movement in convoy is prohibited unless specifically stated on the special permit.

[10/14/92, 9/15/98; 18.19.8.112 NMAC - Rn, 18 NMAC 19.8.11.13, 9/14/00]

18.19.8.113 – FLAGMEN

A. Flagmen shall be used on all loads twenty feet (20') wide or wider and whenever required by the special permit. Flagmen may not be used in lieu of an escort vehicle but an escort vehicle may be used in lieu of a flagman. A dismounted driver of an escort vehicle may serve as a flagman.

B. The flagman must be an employee or an agent of the permittee or other private escort service, must be at least 18 years of age and must be equipped with a paddle-sign which shall be constructed of rigid durable material in the shape of a standard street stop sign. The paddle-sign must be at least 14 inches, point-to-point, and must have a red background with white lettering, one and one half inch (1.5") brush stroke with the word "STOP". The reverse side must be a yellow or orange background with black lettering, one and one half inch (1.5") brush stroke with the word "CAUTION". The paddle-sign shall have at least an eight inch (8") handle affixed to it in a manner that will display the wording at a proper position when held up to view.

C. Flagmen must wear an orange or red safety jacket. In addition, an orange or red hard hat or bump cap is recommended but is not mandatory.

D. The duty of a flagman is to dismount when movement ceases, and to direct traffic at all locations where traffic may be obstructed, or when it is necessary to infringe on the oppositely-bound traffic lane because of breakdown, pulling onto or off of the pavement, or avoiding obstacles in the path of the movement. The flagman must use the paddle-sign to warn traffic of the approaching oversize vehicle, combination or load at danger points, such as at narrow bridges and sharp corners where the vehicle, combination or load will travel.

E. Flagmen must position themselves far enough in advance of a problem area so that approaching traffic is allowed sufficient distance to reduce speed and come to a stop. Depending upon approach speed and physical conditions at the site, a distance of 200 to 300 feet is usually adequate; however in urban areas where speeds are low and streets are closely spaced, a shorter distance may be appropriate. Flagmen shall face traffic on the edge of the shoulder of the road just outside of the traffic lane and shall always stand where they are visible by approaching motorists.

F. When warning traffic, the paddle-sign must be kept in a horizontal position in the path of the vehicle. The free arm should be raised with palm of the hand toward approaching traffic. The paddle-sign must not be used to signal traffic to move ahead. When signaling traffic

to move ahead, the flagman shall lower the paddle-sign behind his body and signal with the free hand, using a sweeping motion in the direction traffic is to move. To slow traffic, but not stop it, the flagman shall extend the paddle-sign into the traffic lane. The paddle-sign must be lowered before traffic is completely stopped. The paddle-sign is not to be waved. Signals from the flagman must be clear and distinct.

G. If time permits and when possible, flagmen shall inform motorists as to the reason for the delay.

66-7-413(D). PERMITS FOR EXCESSIVE SIZE AND WEIGHT--SPECIAL NOTIFICATION REQUIRED ON MOVEMENT OF MANUFACTURED HOMES.--

...

D. Special permits for a single trip for a vehicle or combination of vehicles or load thereon of excessive weight, width, length and height may be issued by the department of transportation for a single vehicle for a fee of twenty-five dollars (\$25.00) plus the product of two and one-half cents (\$.025) for each two thousand pounds in excess of eighty-six thousand four hundred pounds or major fraction thereof multiplied by the number of miles to be traveled by the vehicle or combination of vehicles on the highways of this state.

(Laws 2021, Chapter 59, Section 13)

18.19.8.80 - SPECIAL PERMITS FOR MULTIPLE TRIP MOVEMENTS

A. A multiple trip special permit allows the movement of a particular vehicle more than once, more than one way and is valid up to one year, but will not exceed the coverage period noted on the applicant's certificate of insurance. An expiration date will be noted on the multiple trip special permit.

B. Multiple trip special permits may be issued for equipment or vehicles which exceed the maximum size and weight limits established by law, provided there is no reasonable way by reduction or division of the vehicle or equipment, to meet the size or weight standards set by law.

C. Multiple trip special permits may include a provision for excessive weight. If the special permit does include a provision for excessive weight, the permittee will be furnished with the locations of two types of structures in the area of operation:

(1) Structures which may be used by the vehicle or combination. The permittee is required to keep records of usage of such structures. The department may inspect such records at the permittee's place of business during normal working hours.

(2) Structures which may not be used by the vehicle or combination. Use of these structures renders the multiple trip special permit void. Under special circumstances, a single-trip special permit may be secured to use one of these structures, but the multiple trip special permit does not authorize their use.

D. Multiple trip special permits are issued for a particular vehicle or combination of vehicles and a particular load. The multiple trip special permit is not valid for any other vehicle, combination or load. Use of a multiple trip special permit by other than the vehicle for which it was issued is a misuse and renders the multiple trip special permit void.

E. Any restrictions associated with the multiple trip special permit, including specific routes, are an integral part of the special permit and any violation of such restrictions renders the multiple trip special permit void.

18.19.8.81 - WRECKER SERVICE - MULTIPLE TRIP SPECIAL PERMITS

A. Multiple trip special permits may be issued for a period not to exceed one year, to a wrecker service holding a valid certificate of convenience and necessity, commensurate with the class of service authorized. A commercial motor carrier which operates wreckers for the towing of its own vehicles and not for hire may also apply for multiple trip special permits.

B. The multiple trip special permit authorizes movement on an emergency basis of oversize and overweight vehicles, combinations or loads day or night, Saturdays, Sundays and holidays, over all highways not otherwise excluded by the multiple trip special permit. For purposes of 18.19.8.81 NMAC, "movement on an emergency basis" means the towing from a highway or right-of-way of a wrecked or disabled vehicle, which cannot otherwise be moved under its own power, when such movement is necessary for the safety and convenience of the public. Unless the requirements of 18.19.8.81 NMAC or of other laws or regulations provide otherwise, "movement on an emergency basis" includes the movement of the vehicle from the site of the wreck or disablement to the vehicle owner's premises, a repair facility or a storage facility operated by the wrecker service.

C. In addition to requirements established by law and regulations in force whether administered by this department or other governmental entities, the following requirements and restrictions apply while operating under the multiple trip special permit:

(1) Towing of one motor vehicle and one trailer in combination will be allowed under the multiple trip special permit except that the second trailer of any three unit combination may also be towed in combination to the nearest point of safety where it must be disconnected from the combination being towed.

(2) Movement during inclement weather is restricted to movement from the site of disablement or wreck to the nearest point of safety.

(3) When towing any combination of vehicles, the driver shall comply with all safety regulations with respect to both the equipment and the driver. When towing any combination of vehicles, the towed combination must be equipped with an oversize load sign, in addition to any other required warning devices.

(4) Unless the towed unit or combination has been issued a valid oversize overweight special permit, the combined weight of the wrecker and the towed unit or combination shall not exceed the weight of the wrecker plus 86,400 pounds and the overall length shall not exceed 115 feet.

(5) If the towed unit or combination has been issued a valid oversize or overweight special permit and the combined length of the unit plus the length of the wrecker exceeds 115 feet or the combined weight of the towed unit and the wrecker exceeds the weight of the wrecker plus 86,400 pounds, the unit may be towed only to the nearest point of safety. The towing of such unit or combination beyond the nearest point of safety will require an additional single trip special permit to be issued based on the combined length and weight of the wrecker and the towed unit or combination.

D. For purposes of 18.19.8.81 NMAC, the nearest point of safety shall be the closest area where the vehicle can be temporarily parked clear of any other motor vehicle traffic and

which is at least thirty (30) feet from the outer edge of the nearest traffic lane of any road or highway at the closest point. The provisions of 18.19.8.81 NMAC do not authorize the trespass on privately owned property by any driver. Except with permission of the owner, private land shall not be used as the nearest point of safety for the purposes of 18.19.8.81 NMAC.

Revenue from the permit fee shall be used to build, maintain, repair or reconstruct the highways and bridges of this state. Revenue from the permit shall be collected for the department of transportation and transferred to the state road fund.

B. The special permits authorized by this section shall not be valid for transportation of excessive weights on the interstate system as currently defined in federal law or as that system may be defined in the future. A special permit issued pursuant to this section shall not be valid for gross vehicle weights in excess of eighty-six thousand four hundred pounds or for a combination vehicle.

C. If the federal highway administration of the United States department of transportation gives official notice that money will be withheld or that this section violates the grandfather provision of 23 USCA 127, the secretary may withdraw all special permits and discontinue issuance of all special permits authorized in this section until such time that final determination is made. If the final determination allows the state to issue the special permits without sanction of funds or weight tables, the secretary shall reissue the special permits previously withdrawn and make the special permits available pursuant to this section.

F. The determination of alcohol concentration shall be based on the grams of alcohol in one hundred milliliters of blood or the grams of alcohol in two hundred ten liters of breath.

G. The presumptions in Subsection B of this section do not limit the introduction of other competent evidence concerning whether the person was under the influence of intoxicating liquor.

B. The department, upon receipt of a statement signed under penalty of perjury from a law enforcement officer stating the officer's reasonable grounds to believe the arrested person had been driving a motor vehicle within this state while under the influence of intoxicating liquor or drugs and that, upon request, the person refused to submit to a chemical test after being advised that failure to submit could result in revocation of the person's privilege to drive, shall revoke the person's New Mexico driver's license or any nonresident operating privilege for a period of one year or until all conditions for license reinstatement are met, whichever is later.

C. The department, upon receipt of a statement signed under penalty of perjury from a law enforcement officer stating the officer's reasonable grounds to believe the arrested person had been driving a motor vehicle within this state while under the influence of intoxicating liquor and that the person submitted to chemical testing pursuant to Section 66-8-107 NMSA 1978 and the test results indicated an alcohol concentration in the person's blood or breath of eight one hundredths or more if the person is twenty-one years of age or older, four one hundredths or more if the person is driving a commercial motor vehicle or two one hundredths or more if the person is less than twenty-one years of age, shall revoke the person's license or permit to drive or his nonresident operating privilege for a period of:

(1) six months or until all conditions for license reinstatement are met, whichever is later, if the person is twenty-one years of age or older;

(3) one year or until all conditions for license reinstatement are met, whichever is later, if the person has previously had his license revoked pursuant to the provisions of this section, notwithstanding the provisions of Paragraph (1) of this subsection.

D. The determination of alcohol concentration shall be based on the grams of alcohol in one hundred milliliters of blood or the grams of alcohol in two hundred ten liters of breath.

E. If the person subject to the revocation provisions of this section is a resident or will become a resident within one year and is without a license to operate a motor vehicle in this state, the department shall deny the issuance of a license to him for the appropriate period of time as provided in Subsections B and C of this section.

F. A statement signed by a law enforcement officer, pursuant to the provisions of Subsection B or C of this section, shall be sworn to by the officer or shall contain a declaration substantially to the effect: "I hereby declare under penalty of perjury that the information given in this statement is true and correct to the best of my knowledge." The statement may be signed and submitted electronically in a manner and form approved by the department. A standard for indigency shall be established pursuant to rules adopted by the department. Failure to request a hearing within ten days shall result in forfeiture of the person's right to a hearing. Any person less than eighteen years of age who fails to request a hearing within ten days shall have notice of revocation sent to the person's parent, guardian or custodian by the department. A date for the hearing shall be set by the administrative hearings office, if practical, within thirty days after receipt of notice of revocation. The hearing shall be held in the county in which the offense for which the person was arrested took place.

C. The administrative hearings office may postpone or continue any hearing on its own motion or upon application from the person and for good cause shown for a period not to exceed ninety days from the date of notice of revocation and, provided that, upon a continuance, the department shall extend the validity of the temporary license for the period of the postponement or continuation.

D. At the hearing, the administrative hearings office may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relevant books and papers.

E. The hearing shall be limited to the following issues:

(1) whether the law enforcement officer had reasonable grounds to believe that the person had been driving a motor vehicle within this state while under the influence of intoxicating liquor or drugs;

(2) whether the person was arrested;

(3) whether this hearing is held no later than ninety days after notice of revocation; and either

(4) whether:

(a) the person refused to submit to a test upon request of the law enforcement officer; and

(b) the law enforcement officer advised that the failure to submit to a test could result in revocation of the person's privilege to drive; or

(5) whether:

(a) the chemical test was administered pursuant to the provisions of the Implied Consent Act; and

(b) the test results indicated an alcohol concentration in the person's blood or breath of eight one hundredths or more if the person is twenty-one years of age or older, four one hundredths or more if the person is driving a commercial motor vehicle or two one hundredths or more if the person is less than twenty-one years of age.

F. The administrative hearings office shall enter an order sustaining the revocation or denial of the person's license or privilege to drive if the hearing officer from the administrative hearings office finds that:

(1) the law enforcement officer had reasonable grounds to believe the driver was driving a motor vehicle while under the influence of intoxicating liquor or drugs;

(2) the person was arrested;

(3) this hearing is held no later than ninety days after notice of revocation; and

(4) either:

(a) the person refused to submit to the test upon request of the law enforcement officer after the law enforcement officer advised the person that the person's failure to submit to the test could result in the revocation of the person's privilege to drive; or

(b) that a chemical test was administered pursuant to the provisions of the Implied Consent Act and the test results indicated an alcohol concentration in the person's blood or breath of eight one hundredths or more if the person is twenty-one years of age or older, four one hundredths or more if the person is driving a commercial motor vehicle or two one hundredths or more if the person is less than twenty-one years of age.

G. If one or more of the elements set forth in Paragraphs (1) through (4) of Subsection F of this section are not found by the hearing officer, the person's license shall not be revoked.

H. A person adversely affected by an order of the administrative hearings office may seek review within thirty days in the district court in the county in which the offense for which the person was arrested took place. The district court, upon thirty days' written notice to the department, shall hear the case. On review, it is for the court to determine only whether reasonable grounds exist for revocation or denial of the person's license or privilege to drive based on the record of the administrative proceeding.

I. Any person less than eighteen years of age shall have results of the person's hearing forwarded by the administrative hearings office to the person's parent, guardian or custodian.

18.19.9.20 - IMPLIED CONSENT HEARING - STANDARD OF INDIGENCY

A. The following standard applies to determining whether a driver applying for a hearing pursuant to this section is indigent.

B. A driver is presumed indigent if the driver is represented by a public defender on account of indigency or if the driver is a current recipient of state or federally administered public assistance programs for the indigent, including Aid to Families with Dependent Children (AFDC), food stamps, Medicaid, Supplemental Security Income (SSI), public assisted housing or department of health case management services (DHMS). A statement of indigency specifying receipt of such assistance must be attached to the application for hearing. No further inquiry regarding indigency is necessary. The amount of the driver's assets, such as home equity, is not to be taken into account if the driver is represented by a public defender on account of indigency or if the driver is a current recipient of any of the programs described above.

C. If the driver is not presumptively indigent, the driver shall submit a statement of

the driver's financial resources, with consideration given to net income, assets and exceptional expenses. The driver shall list on or with the statement the names and ages of all the driver's family members living in the driver's household. The Department may use its records to verify information submitted by the driver.

(1) Income. The driver shall report the driver's adjusted gross income as reported on the driver's federal income tax return for the driver's most recent taxable year or, if the driver was not required to file a federal income tax return but did file a New Mexico income tax return for that taxable year, the driver's adjusted gross income as reported on the New Mexico income tax return.

(2) Assets. The driver shall list all assets of the driver which are readily convertible into cash within a reasonable period of time. Assets include but are not limited to cash on hand, checking and saving account balances, certificates of deposit, uncashed warrants and checks, claimed but not received tax refunds, stocks and bonds. Real estate shall be included to the extent of the potential proceeds of a loan secured by the property.

(3) Exceptional expenses. Unusual expenses of the driver may so diminish the driver's income as to prevent the driver from paying the required fee for a hearing. Exceptional expenses do not include ordinary living expenses such as food, rent, utilities, transportation costs and repayment of consumer or student loans. Exceptional expenses include but are not limited to medical care costs, family support obligations, child care payments and funeral costs, provided:

- (a) medical care and funeral costs exclude all costs covered by insurance;
- (b) family support expenses must be court ordered and actually paid on a regular basis;
- (c) child care payments must be paid on a regular basis; and
- (d) the driver must submit proof of current payments on all exceptional expenses.

D. The driver shall calculate the amount of available funds by adding the amounts determined as the driver's net income and assets and subtracting the amount of the driver's exceptional expenses. If the available funds exceed the maximum amount for the number of family members in the driver's household, the driver is not indigent and must pay the fee required for the hearing.

E. Indigency amounts. For the calendar year beginning January 1, 1994, the maximum amount of available funds for an indigent is \$8,512 plus \$2,975 for each family member in the driver's household. For the 1995 and subsequent calendar years, the two specified dollar amounts will be increased proportionately to the percentage rise in the consumer price index for the 12-month period ending the preceding September 30 over the prior 12-month period.

F. Appeal. If a driver is found to be not indigent under the provisions of this regulation, the driver may appeal that finding to the secretary or to the division director delegated by the secretary to consider appeals. All appeals of a determination that the driver is not indigent must be taken within ten working days from the date of the decision. The secretary or director may hold a hearing on the matter or may decide the issue upon the information submitted by the driver and the department. The decision of the secretary or director is final.

G. The fact that the driver has appealed the finding of non-indigency shall in no way prevent or delay any proceeding by the department against the driver's license under the Implied Consent Act. If the appeal under this regulation is not resolved prior to any hearing on whether the driver's license should be revoked pursuant to the Implied Consent Act, the driver must pay the required fee. If the driver is subsequently found to be indigent upon appeal, the amount of the required fee will be refunded to the driver.

C. Members of the New Mexico state police, sheriffs, and their salaried deputies and members of any municipal police force may not make arrest for traffic violations if not in uniform; however, nothing in this section shall be construed to prohibit the arrest, without warrant, by a peace officer of any person when probable cause exists to believe that a felony crime has been committed or in nontraffic cases.

66-8-126. FAILURE TO OBEY NOTICE TO APPEAR.--

A. It is a penalty assessment misdemeanor for a person to violate that person's written promise to appear in court given to an officer upon issuance of a uniform traffic citation regardless of the disposition of the charge for which the citation was issued.

E. An electronic version of a uniform traffic citation shall include the same information required to be included in a uniform traffic citation. An electronic version of a uniform traffic citation may be signed electronically and a law enforcement officer may submit or file with a court an electronic version of a uniform traffic citation if prior permission of the department has been secured. Where the law requires a law enforcement officer to provide a copy of a citation to a person cited or arrested, a physical copy of the citation shall be provided regardless of whether a paper uniform traffic citation or an electronic version of a uniform traffic citation was used.

(Laws 2013, Chapter 197, Section 3)

66-8-130. ALL TRAFFIC CITATIONS TO CONFORM--MUNICIPALITIES MAY PASS ORDINANCE TO ESTABLISH SIMILAR PROGRAM. --

A. The uniform traffic citation, in paper or electronic form, shall be used by all state and local agencies enforcing laws and ordinances relating to motor vehicles. A municipality may, by passage of an ordinance, establish a municipal penalty assessment program similar to that established in Sections 66-8-116 through 66-8-117 NMSA 1978 for violations of provisions of the Motor Vehicle Code. Every municipality that has adopted an ordinance to establish a penalty assessment program shall assess on all penalty assessment misdemeanors after January 1, 1984, in addition to the penalty assessment, a penalty assessment fee of ten dollars (\$10.00) to be deposited in a special fund in the municipal treasury for use by the municipality only for municipal jailer training; for the construction planning, construction, operation and maintenance of the municipal jail; for paying the costs of housing that municipality's prisoners in other detention facilities in the state; or for complying with match or contribution requirements for the receipt of federal funds relating to jails. Such a municipal program shall be limited to violations of municipal traffic ordinances.

B. All penalty assessments under a municipal program authorized by this section shall be processed by the municipal court, and all fines and fees collected shall be deposited in the treasury of the municipality. A copy of each penalty assessment processed shall be forwarded to the division within ten days of completion of local processing for posting to the driver's record. With the prior approval of the director, the required information may be submitted to the division by electronic means in lieu of forwarding copies of the penalty assessments.

C. Each agency shall provide itself with copies conforming exactly in size and format with the uniform traffic citation and the electronic version of the uniform traffic citation if applicable, prescribed by the director, and any alterations to the format to conform with local conditions must be approved by the director.

(Laws 2013, Chapter 197, Section 4)

C. Within ten days of the later of entry of a final disposition on a conviction for violation of the Motor Vehicle Code or other law or ordinance relating to motor vehicles or the final decision of any higher court that reviews the matter and from which no appeal or review is successfully taken, every trial court judge, including children's court judges, or the clerk of the court in which the entry of the final disposition occurred shall prepare and forward to the department an abstract of the record containing:

With the prior approval of the department, the information required by Subsection C of this section may be transmitted electronically to the department. A report need not be made of any disposition of a charge of illegal parking or standing of a vehicle except when the uniform traffic citation is used.

E. When the uniform traffic citation is used, the court shall provide the information required by Subsection C of this section in the manner prescribed by the department.

F. Every court of record shall also forward a like report to the department upon conviction of any person of any felony if a motor vehicle

was used in the commission. With the prior approval of the department, the information required by this subsection may be submitted electronically to the department. The report shall be forwarded to the department within ten days of the final decision of the court or of any higher court that reviews the matter and from which the decision of no appeal or review is successfully taken.

H. Except as set forth in Subsection I of this section for records of a person holding a commercial driver's license, the department shall keep records received on motorists licensed in this state at its main office. Records showing a record of conviction by a court of law shall be open to public inspection during business hours for three years from the date of their receipt, after which they shall be destroyed by the department, except for records of convictions under Sections 66-8-101 through 66-8-112 NMSA 1978, which may not be destroyed until fifty-five years from the date of their receipt. Any record received on a motorist licensed in another state or country shall be forwarded to the licensing authority of that state or country.

I. The department shall keep records received on a person holding a commercial driver's license or an individual driving a commercial motor vehicle who was required to have a commercial driver's license but was driving a commercial motor vehicle without the appropriate license in its main office. After the department has held a record of a conviction for the time period required under this subsection, that record shall be destroyed. Any record received on a person holding a commercial driver's license licensed in another state or country shall be forwarded to the licensing authority of that state or country. B. If any person is arrested or brought to trial for violation of the Motor Vehicle Code or other law, ordinance or regulation relating to motor vehicles punishable as a misdemeanor by any officer, agent or employee of any political subdivision, or before any municipal judge, whose compensation depends in any way upon the arrest or conviction of persons violating these laws, ordinances or regulations, the fact of such compensation or that the person making the arrest was not in uniform at the time is a defense to the charge.

66-8-137.1. NONRESIDENT VIOLATOR COMPACT--FORM.--The "Nonresident Violator Compact" is enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

NONRESIDENT VIOLATOR COMPACT

ARTICLE I. FINDINGS, DECLARATION OF POLICY AND PURPOSE

A. The party jurisdictions find that:

(1) In most instances, a motorist who is cited for a traffic violation in a jurisdiction other than his home jurisdiction:

(a) must post collateral or bond to secure appearance for trial at a later date; or

(b) if unable to post collateral or bond, is taken into custody until the collateral or bond is posted; or

(c) is taken directly to court for his trial to be held.

(2) In some instances, the motorist's driver's license is deposited as collateral to be returned after he has complied with the terms of the citation.

(3) The purpose of the practices described in Paragraphs (1) and (2) above is to ensure compliance with the terms of a traffic citation by the motorist who, if permitted to continue on his way after receiving the traffic citation, could return to his home jurisdiction and disregard his duty under the terms of the traffic citation.

(4) A motorist receiving a traffic citation in his home jurisdiction is permitted, except for certain violations, to accept the citation from the officer at the scene of the violation and to immediately continue on his way after promising or being instructed to comply with the terms of the citation.

(5) The practice described in Paragraph (1) above causes unnecessary inconvenience and, at times, a hardship for the motorist who is unable at the time to post collateral, furnish a bond, stand trial or pay the fine and thus is compelled to remain in custody until some arrangement can be made.

(6) The deposit of a driver's license as a bail bond, as described in Paragraph (2) above, is viewed with disfavor.

(7) The practices described herein consume an undue amount of law enforcement time.

B. It is the policy of the party jurisdictions to:

(1) Seek compliance with the laws, ordinances and administrative rules and regulations relating to the operation of motor

vehicles in each of the jurisdictions.

(2) Allow motorists to accept a traffic citation for certain violations and proceed on their way without delay whether or not the motorist is a resident of the jurisdiction in which the citation was issued.

(3) Extend cooperation to its fullest extent among the jurisdictions, each as to the other, for obtaining compliance with the terms of a traffic citation issued in one jurisdiction to a resident of another jurisdiction

(4) Maximize effective utilization of law enforcement personnel and assist court systems in the efficient disposition of traffic violations.

C. The purpose of this compact is to:

(1) Provide a means through which jurisdictions may participate in a reciprocal program to effectuate the policies enumerated in Paragraph B above, in a uniform and orderly manner.

(2) Provide for the fair and impartial treatment of traffic violators operating within party jurisdiction in recognition of the motorist's right of due process and the sovereign status of a party jurisdiction.

ARTICLE II. DEFINITIONS.

In the Nonresident Violator Compact, the following words have the meaning indicated.

(1) "Citation" means any summons, ticket or other official document issued by a police officer for a traffic violation containing an order which requires the motorist to respond.

(2) "Collateral" means any cash or other security deposited to secure an appearance for trial, following the issuance by a police officer of a citation for a traffic violation.

(3) "Court" means a court of law or traffic tribunal.

(4) "Driver's license" means any license or privilege to operate a motor vehicle issued under the laws of the home jurisdiction.

(5) "Home jurisdiction" means the jurisdiction that issued the driver's license of the traffic violator.

(6) "Issuing jurisdiction" means the jurisdiction in which the traffic citation was issued to the motorist.

(7) "Jurisdiction" means a state, territory or possession of the United States, the District of Columbia or the commonwealth of Puerto Rico.

(8) "Motorist" means a driver of a motor vehicle operating in a party jurisdiction other than the home jurisdiction.

(9) "Personal recognizance" means an agreement by a

motorist made at the time of issuance of the traffic citation that he will comply with the terms of that traffic citation.

(10) "Police officer" means any individual authorized by the party jurisdiction to issue a citation for a traffic violation.

(11) "Terms of the citation" means those options expressly stated upon the citation.

ARTICLE III. PROCEDURE FOR ISSUING JURISDICTION.

A. When issuing a citation for a traffic violation, a police officer shall issue the citation to a motorist who possesses a driver's license issued by a party jurisdiction and shall not, subject to the exceptions noted in Paragraph B of this article, require the motorist to post collateral to secure appearance, if the officer receives the motorist's signed personal recognizance that he will comply with the terms of the citation.

B. Personal recognizance is acceptable only if not prohibited by law. If mandatory appearance is required, it must take place immediately following issuance of the citation.

C. Upon failure of a motorist to comply with the terms of a traffic citation, the appropriate official shall report the failure to comply to the licensing authority of the jurisdiction in which the traffic citation was issued. The report shall be made in accordance with procedures specified by the issuing jurisdiction and shall contain information as specified in the compact manual as minimum requirements for effective processing by the recipient jurisdiction.

D. Upon receipt of the report, the licensing authority of the issuing jurisdiction shall transmit to the licensing authority in the home jurisdiction of the motorist the information in a form and content as contained in the compact manual.

E. The licensing authority of the issuing jurisdiction may not suspend the privilege of a motorist for whom a report has been transmitted.

F. The licensing authority of the issuing jurisdiction shall not transmit a report on any violation if the date of transmission is more than six months after the date on which the traffic citation was issued.

G. The licensing authority of the issuing jurisdiction shall not transmit a report on any violation where the date of issuance of the citation predates the most recent of the effective dates of entry for the two jurisdictions affected.

ARTICLE IV. PROCEDURE FOR HOME JURISDICTION.

A. Upon receipt of a report of a failure to comply from the licensing authority of the issuing jurisdiction, the licensing authority of the home jurisdiction shall notify the motorist and initiate a suspension action, in accordance with the home jurisdiction's procedures, to suspend the motorist's driver's license until satisfactory evidence of compliance with the terms of the traffic citation has been furnished to the home jurisdiction licensing authority. Due process safeguards will be afforded.

B. The licensing authority of the home jurisdiction shall maintain a record of actions taken and make reports to issuing jurisdictions as provided in the compact manual.

ARTICLE V. APPLICABILITY OF OTHER LAWS.

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party jurisdiction to apply any of its other laws relating to licenses to drive to any person or circumstance, or to invalidate or prevent any driver license agreement or other cooperative arrangement between a party jurisdiction and a nonparty jurisdiction.

ARTICLE VI. COMPACT ADMINISTRATOR PROCEDURES.

A. For the purpose of administering the provisions of this compact and to serve as a governing body for the resolution of all matters relating to the operation of this compact, a board of compact administrators is created. The board shall be composed of one representative from each party jurisdiction to be known as the compact administrator. The compact administrator shall be appointed by the jurisdiction executive and will serve and be subject to removal in accordance with the laws of the jurisdiction he represents. A compact administrator may provide for the discharge of his duties and the performance of his functions as a board member by an alternate. An alternate may not be entitled to serve unless written notification of his identity has been given to the board.

B. Compact administrators shall be entitled to one vote each on the board of directors. No action of the board shall be binding unless taken at a meeting at which a majority of the total number of votes on the board are cast in favor. Action by the board shall be only at a meeting at which a majority of the party jurisdictions are represented.

C. The board shall elect annually, from its membership, a chairman and a vice chairman.

D. The board shall adopt bylaws, not inconsistent with the provisions of this compact or the laws of a party jurisdiction, for the

conduct of its business and shall have the power to amend and rescind its bylaws.

E. PURPOSE.--Recognizing the importance of constructive leisure pursuits by New Mexico citizens, this act is intended to encourage responsible participation in the hobby of collecting, preserving, restoring and maintaining motor vehicles of historic and special interest. Further, New Mexico, recognizing that the current pattern of resource recycling leads to an ever-shortening period of existence for vehicles of historic or special interest establishes this act to ensure the preservation of our American heritage as it relates to the motor vehicle manufacturing industry. Further, this act recognizes that a vehicle representative of this heritage, being held by a hobbyist, finds significance as an historic or special interest vehicle through a personal relevance to the life of the collector holding it and through a general relevance as an example-artifact of the transportation history of New Mexico.

66-11-2. DEFINITIONS.--For the purposes of this act:

66-11-3. Such storage areas shall be kept free of weeds, trash and other objectional [objectionable] items

66-11-4. SPECIAL EQUIPMENT.--

B. Any motor vehicle of historic or special interest, manufactured prior to the date when any emission controls were standard equipment on that particular make or model of vehicle is exempted from the laws requiring any inspection and use of such controls.

C. Any safety equipment that was manufactured as a part of the vehicle's original equipment must be in proper operating condition when the vehicle is operated for highway purposes.

66-11-5. SALE OR TRADE.--The sale or trade and subsequent legal transfer of a motor vehicle or parts car of historic or special interest shall not be contingent upon any condition that would require the vehicle or parts car to be in operating condition at the time of sale or transfer of ownership.

APPROPRIATION.--**

A. An excise tax is imposed upon the sale of every boat required to be registered in the state. To prevent evasion of the excise tax imposed by this section and the duty to collect it, it is presumed that the issuance of every original and subsequent certificate of title, other than a duplicate, for boats of a type required to be registered under the provisions of the Boat Act [this article] constitutes a sale for tax purposes unless specifically exempted by this section or unless there is shown satisfactory proof that the boat for which the certificate of title is sought came into the possession of the applicant as a voluntary transfer without consideration or as a transfer by operation of law. The division shall collect the tax at the time application is made for issuance of a certificate of title at the rate of five percent of the sale price of the boat. If the sale price does not represent the value of the boat in the condition that existed at the time it was acquired, the excise tax shall then be imposed at the rate of five percent of the reasonable value of the boat in such condition at such time. However, allowances granted for trade-ins may be deducted from the sale price or the reasonable value of the boat purchased. The tax shall be paid by the applicant, and the division may require all information which it deems necessary to establish the amount of the tax.

B. A penalty of fifty percent of the tax due on the issuance of a certificate of title is imposed on any person who, domiciled in this state and accepting transfer in this state, fails to apply for a certificate within ninety days of the date on which ownership was transferred to him or who is domiciled in this state but accepts transfer outside this state and who fails to apply for a certificate within ninety days of the date on which the boat is brought into this state.

C. If a boat has been acquired through an out-of-state transaction upon which a gross receipts, sales, compensating or similar tax was levied by another state or political subdivision thereof, the amount of the tax paid may be credited against the excise tax due this state on the same boat.

D. Persons domiciled outside this state and on active duty in the military service of the United States or on active duty as officers of the public health service detailed for duty with any branch of the military service are exempt from the tax imposed by this section.

E. Persons who acquire a boat out of state thirty or more days before establishing a domicile in this state are exempt from the tax imposed by this section if the boat was acquired for personal use.

F. Persons applying for a certificate of title for a boat registered in another state are exempt from the tax imposed by this section if they have previously registered and titled the boat in New Mexico and have owned the boat continuously since that time.

G. Certificates of title for all boats owned by this state or any political subdivision are exempt from the tax imposed by this section.

H. All taxes collected under the provisions of this section shall be paid to the state treasurer for credit to the "boat suspense fund", hereby created. At the end of each month, the state treasurer shall transfer fifty percent of the excise tax collections in the boat suspense fund to the division, and the balance to the general fund. The amounts transferred to the division are appropriated for use by the division for improvements and maintenance of lakes and boating facilities owned or leased by the state and for administration and enforcement of the Boat Act.

I. The director shall prescribe forms he deems necessary to account properly for the taxes collected under this section.

66-12-6.2. SECURITY INTEREST IN BOATS--FILING--PERFECTION.--

A. A security interest in a boat required to be titled and registered in New Mexico is not valid against attaching creditors, subsequent transferees or lienholders unless perfected as provided by this section. This provision does not apply to liens dependent upon possession.

B. All title applications shall be accompanied by the certificate of title last issued for the boat and shall contain the name and address of any lienholder, the date the security agreement was executed and the maturity date of the agreement.

C. Upon receipt of a title application, the division shall enter upon the application the date it was received. When satisfied as to the genuineness of the application, the division shall file it and issue a new certificate of title showing the owner's name and all liens existing against the boat.

D. No security interest filed in any state which does not show all liens on the certificate of title shall be valid against any person in this state other than the parties to the security agreement or those persons who take with actual notice of the agreement.

66-12-6.3. SECURITY INTEREST IN BOATS--FILING EFFECTIVE TO GIVE NOTICE.--

A. The filing of an application with the division and the issuance of a new certificate of title by the division as provided in Section 66-12-5.2 NMSA 1978 constitutes constructive notice of all security interests in the boat described in the application. If the application is received by the division within ten days after the date the security agreement was executed, constructive notice dates from the time of the execution of the security agreement. Otherwise, constructive notice dates from the time of receipt noted on the title application.

B. The method provided in this article for perfecting a security interest shall be exclusive except as to liens dependent upon possession.

C. The constructive notice provided for in this section terminates twelve months after the maturity date of the debt. Unless refiled in a manner prescribed by the division within twelve months after the maturity date, the division may ignore the security interest in the issuance of all subsequent certificates of title.

66-12-6.4. FORMS--INVESTIGATIONS.--

A. The division shall prescribe and provide suitable forms of applications, certificate of title and all other forms necessary to carry out the provisions of this act.

B. The division may make necessary investigations to procure information required to carry out the provisions of the Boat Act.

66-12-6.5. PROHIBITED DISPLAY OF DEALER OR MANUFACTURER NUMBERS.--A dealer or manufacturer shall not display a dealer or manufacturer number on a motorboat that is not being operated for test or demonstration purposes.

66-12-6.6. DEALER LICENSE.--

A. A person shall not engage in business as a dealer or manufacturer without obtaining a valid dealer license from the motor vehicle division of the taxation and revenue department, unless the person has a valid motor vehicle dealer license. A dealer or manufacturer shall annually file an application with the motor vehicle division for a dealer license for each established place of business of the dealer or manufacturer.

B. A person shall file an application for a dealer license with the motor vehicle division of the taxation and revenue department on a form prescribed by the motor vehicle division. The application shall contain the name, address and telephone number of the applicant, the signature of the applicant or the signatures of all of the officers of a corporate applicant, the address of the established place of business, the federal taxpayer identification number of the applicant and other information that the motor vehicle division may require. The application shall state that the applicant will engage in business as a dealer. The statement shall be verified before a state officer authorized to administer an oath. The fee for a dealer license shall be prescribed by the motor vehicle division but shall not exceed fifty dollars (\$50.00) annually.

C. The motor vehicle division of the taxation and revenue department shall issue a dealer license to an applicant who submits a complete application and full payment of the dealer license fee to the motor vehicle division. The license shall contain the following:

- (1) the license number;**
- (2) the expiration date of the license;**
- (3) the name and business address of the licensee;**
- (4) the address of the location for which the license was issued;**

and

(5) a statement requiring that the license be conspicuously displayed at the location for which the license was issued.

D. A dealer license shall specify the location of each place of business in which the licensee engages in business as a dealer. The dealer shall notify the motor vehicle division of the taxation and revenue department of a change of ownership, location or name of the place of business within ten days of the change.

E. A dealer license shall authorize the licensed activity at only one business establishment. A dealer shall obtain a supplemental license from the motor vehicle division of the taxation and revenue department for each additional establishment owned or operated by the dealer. The application for a supplemental license shall be in a form prescribed by the motor vehicle division. The motor vehicle division shall issue a supplemental license to an applicant who possesses a valid dealer license, submits a complete application

and meets all other requirements of the motor vehicle division.

F. A dealer license or supplemental license shall be conspicuously displayed at the location of the established place of business for which it was issued.

66-12-6.7. DEALER LICENSE DENIAL, SUSPENSION AND REVOCATION.--The motor vehicle division of the taxation and revenue department may deny, suspend or revoke a dealer license for:

A. a material misrepresentation communicated by a dealer to the motor vehicle division;

B. a lack of fitness as proscribed by rule of the motor vehicle division;

or

C. a willful violation of a federal or state law relating to the sale, distribution, financing, registration, taxing or insuring of motorboats.

66-12-6.8. DEALER BONDS--REQUIRED INSURANCE.--A person licensed as a dealer pursuant to the Boat Act shall file with the state parks division a bond in the amount of fifty thousand dollars (\$50,000) unless there is a bond on file with the motor vehicle division of the taxation and revenue department for a motor vehicle dealer's license and such proof is submitted to the state parks division. The bond shall be issued by a corporate surety licensed to conduct business within the state. The bond shall be issued under the condition that the applicant shall not practice fraud or violate any provision of the Boat Act. A person who has obtained a dealer license shall furnish evidence that the person has liability insurance for the established place of business for which the license was obtained.

66-12-7. EQUIPMENT.--

A. Every vessel shall have aboard:

(1) one life preserver, buoyant vest, ring buoy or buoyant cushion bearing the mark of approval of the United States coast guard and in serviceable condition for each person on board;

66-12-7.1. PERSONAL FLOTATION DEVICES REQUIRED.--The operator of a vessel being used for recreational purposes shall require a child age twelve or under who is aboard the vessel to wear a personal flotation device approved by the United States coast guard while the vessel is underway, unless the child is below deck or in an enclosed cabin.

66-12-8. EXEMPTIONS FROM NUMBERING PROVISIONS OF THE BOAT ACT.--A motorboat shall not be required to be numbered under the Boat Act if it is

A. already covered by a number in force which has been awarded to it pursuant to federal law or a federally approved numbering system of another state; provided that the boat shall not have been within this state for a period in excess of ninety consecutive days;

B. a motorboat from a country other than the United States temporarily using the waters of this state;

C. a motorboat whose owner is the United States, a state or a subdivision thereof;

D. a ship's lifeboat; or

E. a motorboat belonging to a class of boats which has been exempted from numbering by the division after it has found that the numbering of motorboats of that class will not materially aid in their identification; and, if an agency of the federal government has a numbering system applicable to the class of motorboats to which the motorboat in question belongs, after the division has further found that the motorboat would also be exempt from numbering if it were subject to the federal law.

66-12-9. BOAT LIVERIES.--

A. The owner of a boat livery shall cause to be kept a record of the name and address of the person or persons hiring any vessel which is designed or permitted by him to be operated as a motorboat, the identification number thereof, and the departure date and time, and the expected time of return. The record shall be preserved for at least six months.

B. Neither the owner of a boat livery, nor his agent or employee shall permit any motorboat or any vessel designed or permitted by him to be operated as a motorboat to depart from his premises unless it shall have been provided with the equipment required pursuant to Section 66-12-7 NMSA 1978, and any rules and regulations made pursuant thereto by the division.

66-12-10. MUFFLING DEVICES.--The exhaust of every internal combustion engine used on any motorboat shall be effectively muffled by equipment so constructed and used as to muffle the noise of the exhaust in a reasonable manner. This may include but is not limited to such devices as mufflers, exhaust restricters and water-injected exhaust headers. The use of cut-outs or non-muffled headers is prohibited except for motorboats competing in a regatta or boat race approved as provided in Section 66-2-15 NMSA 1978 and for such motorboats while on trial runs during a period not to exceed forty-eight hours immediately preceding the regatta or race and for such motorboats while competing in official trials for speed records during a period not to exceed forty-eight hours immediately following the regatta or race.

66-12-11. PROHIBITED OPERATION.--

A. A person shall not operate any motorboat or vessel or manipulate any water skis, surfboard or similar device in a reckless or negligent manner so as to endanger the life or property of any person.

B. A person shall not operate any vessel, not defined as a motorboat pursuant to the provisions of the Boating While Intoxicated Act, or manipulate any water skis, surfboard or similar device while intoxicated or under the influence of any narcotic drug, barbiturate or marijuana.

66-12-12. COLLISIONS--ASSISTANCE AND REPORTS.--

A. The operator of a vessel involved in a collision, accident or other casualty, so far as he can do so without serious danger to his own vessel, crew and passengers, shall:

C. All collision, accident or other casualty reports filed as required by this section shall be without prejudice to the individual making the report, and are solely for the confidential use of the division except that the division may disclose the identity of a person involved in an accident when the identity is not otherwise known or when the person denies his presence at the accident. The report is inadmissible as evidence in any trial, civil or criminal, arising out of an accident, except that the division may furnish, upon request, a certificate showing that a specified accident report has or has not been made as required by this section.

66-12-13. TRANSMITTAL OF INFORMATION.--In accordance with any request duly made by an authorized official or agency of the United States, any information compiled or otherwise available to the division pursuant to Section 66-12-12B NMSA 1978 shall be transmitted to the official or agency of the United States.

66-12-14. WATER SKIS AND SURFBOARDS.--

A. No person shall operate a vessel on any waters of this state for towing a person on water skis, a surfboard or similar device unless there is in the vessel a person in addition to the operator or a device capable of letting the operator [operator] have an unobstructed view of the person or object being towed. All skiers must wear ski belts or jackets.

B. No person shall operate a vessel on any waters of this state, towing a person on water skis, a surfboard or similar device, nor shall any person engage in water skiing, surfboarding or similar activity, at any time between the hours from one hour after sunset to one hour before sunrise.

C. The provisions of Subsections A and B of this section do not apply to a performer engaged in a professional exhibition or to a person engaged in an activity authorized under Section 66-12-15 NMSA 1978

D. No person shall negligently operate or manipulate any vessel, tow rope or other device by which the direction or location of water skis, a surfboard or similar device may be affected or controlled, in such a way as to cause the water skis, surfboard or similar device, or any person thereon, to strike any object or person.

66-12-15. REGATTAS--RACES--MARINE PARADES--TOURNAMENTS OR EXHIBITIONS.--

A. The division may authorize the holding of regattas, motorboat or other boat races, marine parades, tournaments or exhibitions on any waters of this state. It shall adopt and may, from time to time, amend regulations concerning the safety of motorboats and other vessels and persons thereon, either observers or participants. Whenever a regatta, motorboat or other boat race, marine parade, tournament or exhibition is proposed to be held, the person in charge thereof shall, at least thirty days prior thereto, file an application with the division to hold the regatta, motorboat or other boat race, marine parade, tournament or exhibition. The application shall set forth the date, time and location where it is proposed to hold the regatta, motorboat or other boat race, marine parade, tournament or exhibition, and it shall not be conducted without authorization of the division in writing.

B. The provisions of this section shall not exempt any person from compliance with applicable federal law or regulation, but nothing contained herein shall be construed to require the securing of a state permit pursuant to this section if a permit therefor has been obtained from an authorized agency of the United States.

66-12-16. LOCAL REGULATIONS--RESTRICTIONS--SPECIAL RULES AND REGULATIONS.--

A. The provisions of the Boat Act [this article] and of other applicable laws of this state shall govern the operation, equipment, numbering and all other matters relating thereto whenever any vessel shall be operated on the waters of this state, or when any activity regulated by the Boat Act shall take place thereon, but nothing in the Boat Act shall be construed to prevent the adoption of any ordinance or local law relating to the operation and equipment of vessels where the provisions of the ordinance or local law are identical to the provisions of the Boat Act, amendments thereto, or regulations issued thereunder; provided that the ordinance or local law shall be operative only so long as, and to the extent that, they continue to be identical to the provisions of the Boat Act, amendments thereto, or regulations issued thereunder.

B. Any subdivision of this state may, at any time, but only after public notice, make formal application to the division for special rules and regulations with reference to the operation of vessels on any waters within its territorial limits and shall set forth therein the reasons which make the special rules or regulations necessary or appropriate.

C. The division is authorized to make special rules and regulations with reference to the operation of vessels on any waters within the territorial limits of any subdivision of this state.

66-12-17. OWNER'S CIVIL LIABILITY.--The owner of a vessel shall be liable for any injury or damage occasioned by the negligent operation of the vessel, whether the negligence consists of a violation of the provisions of the statutes of this state, or neglecting to observe the ordinary care and operation that the rules of the common law require. The owner shall not be liable unless the vessel is being used with his express or implied consent. It shall be presumed that the vessel is being operated with the knowledge and consent of the owner, if at any time of the injury or damage, it is under the control of the spouse, father, mother, brother, sister, son, daughter, or other immediate member of the owner's family. Nothing contained herein shall be construed to relieve any other person from any liability which he would otherwise have, but nothing contained herein shall be construed to authorize or permit any recovery in excess of injury or damage actually incurred.

66-12-18. POWER TO REGULATE.--The state park and recreation division [state parks division] may promulgate regulations to carry into effect the provisions of the Boat Act.

66-12-18.1. SAFE BOATING RULES.--The division shall adopt safe boating education rules that require that:

A. a person born after January 1, 1989 who operates a motorboat on the waters of this state shall:

(1) have completed a safe boating education course that is approved by the national association of state boating law administrators and certified by the division or passed an equivalency examination that was proctored and that tested the knowledge of information included in the curriculum of the course and have received a certificate of completion of the certified course or passage of the equivalency examination;

(2) possess a valid license to operate a vessel issued for maritime personnel by the United States coast guard pursuant to 46 CFR Part 10 or a marine certificate issued by the Canadian government; or

(3) have received, as an authorized operator of a rented or leased motorboat, instructions regarding the safe operation of the motorboat and a summary of the statutes and rules governing the operation of a motorboat from a person in the business of renting or leasing motorboats. The instructions shall be valid only for the period of the rental agreement not to exceed thirty days; and

B. a person in the business of renting or leasing motorboats for a period not exceeding thirty days shall:

(1) not rent or lease a motorboat to a person for operation on the waters of this state unless the person meets the provisions of Subsection A of this section;

(2) maintain rental or lease records that include the name and age of each person who is authorized to operate the rented or leased motorboat; and

(3) provide each authorized operator of a rented or leased motorboat with instructions regarding the safe operation of the motorboat and a summary of the statutes and regulations governing the operation of a motorboat.

66-12-19. FILING OF REGULATIONS.--Regulations adopted by the state park and recreation division [state parks division] pursuant to the Boat Act [this article] shall be filed as provided by law.

66-12-20. DISPOSITION OF FEES.--The fees collected pursuant to the provisions of the Boat Act [this article], less the administrative fee withheld pursuant to Section 1 of this 1997 act, shall be covered [deposited] into the state park and recreation fund.

66-12-21. DISPOSITION OF FINES.--All money collected as fines for the violation of the provisions of the Boat Act, and regulations of the state park and recreation division [state parks division] made pursuant thereto, shall be paid for credit to the current school fund of the state.

66-12-22. ENFORCEMENT.--The director, park custodians and other employees of the division designated in writing by the director, every sheriff in his respective county and every member of the state police has [have] full authority of a peace officer to enforce the provisions of the Boat Act and the regulations issued pursuant thereto, and in its exercise may stop and board any vessel subject to the Boat Act.

66-12-23. PENALTIES.--

A. Except for penalty provisions provided in Subsections B through M of this section, a person who violates a provision of the Boat Act or a rule of the division promulgated pursuant to that act is guilty of a petty misdemeanor and shall be sentenced pursuant to the provisions of Section 31-19-1 NMSA 1978.

B. As used in Chapter 66, Article 12 NMSA 1978, "penalty assessment misdemeanor" means a violation of Section 66-12-6.5, 66-12-7, 66-12-7.1, 66-12-10 or 66-12-14 NMSA 1978 or a rule of the division promulgated pursuant to those sections.

C. The term "penalty assessment misdemeanor" does not include a violation that has caused or contributed to the cause of an accident resulting in injury or death to a person or disappearance of a person.

D. Whenever a person is arrested for violation of a penalty assessment misdemeanor, the arresting officer shall advise the person of the option either to accept the penalty assessment and pay it to the court or to appear in court. The arresting officer, using a uniform non-traffic citation, shall complete the information section, prepare the penalty assessment and prepare a notice to appear in court specifying the time and place to appear. The arresting officer shall have the person sign the citation as a promise either to pay the penalty assessment as prescribed or to appear in court as specified, give a copy of the citation to the person and release the person from custody. An officer shall not accept custody of payment of any penalty assessment.

E. The arresting officer may issue a warning notice, but shall fill in the information section of the citation and give a copy to the arrested person after requiring a signature on the warning notice as an acknowledgment of receipt. No warning notice issued under this section shall be used as evidence of conviction for purposes of Subsection M of this section.

F. In order to secure release, the arrested person must give a written promise to appear in court or to pay the penalty assessment prescribed or to acknowledge receipt of a warning notice.

G. The magistrate court or metropolitan court in the county where the alleged violation occurred has jurisdiction for any case arising from a penalty assessment misdemeanor.

H. A penalty assessment citation issued by a law enforcement officer shall be submitted to the appropriate magistrate or metropolitan court within three business days of issuance. If the citation is not submitted within three business days, it may be dismissed with prejudice.

I. It is a misdemeanor for any person to violate a written promise to pay the penalty assessment or to appear in court given to an officer upon

issuance of a citation regardless of the disposition of the charge for which the citation was issued.

J. A citation with a written promise to appear in court or to pay the penalty assessment is a summons. If a person fails to appear or to pay the penalty assessment by the appearance date, a warrant for failure to appear may be issued.

K. A written promise to appear in court may be complied with by appearance of counsel.

L. When an alleged violator of a penalty assessment misdemeanor elects to appear in court rather than to pay the penalty assessment to the court, no fine imposed upon later conviction shall exceed the penalty assessment established for the particular penalty assessment misdemeanor.

M. The penalty assessment for a first penalty assessment misdemeanor is thirty dollars (\$30.00). This penalty assessment is in addition to any magistrate or metropolitan court costs as provided in Subsection B of Section 35-6-4 NMSA 1978. Upon a second conviction or acceptance of a notice of penalty assessment for a penalty assessment misdemeanor, the penalty assessment shall be fifty dollars (\$50.00). Upon a third or subsequent conviction or acceptance of a notice of penalty assessment, the penalty assessment shall be one hundred fifty dollars (\$150).

66-13-5. MUNICIPAL AND COUNTY ORDINANCES--UNLAWFUL ALCOHOL CONCENTRATION LEVEL FOR BOATING WHILE UNDER THE INFLUENCE OF INTOXICATING LIQUOR OR DRUGS.--No municipal or county ordinance prohibiting the operation of a motorboat while under the influence of intoxicating liquor or drugs shall be enacted that provides for an unlawful alcohol concentration level that is different than the alcohol concentration levels provided in Section 3 of the Boating While Intoxicated Act.

66-13-8. IMPLIED CONSENT TO SUBMIT TO CHEMICAL TEST.--

A. A person who operates a motorboat within this state shall be deemed to have given consent, subject to the provisions of the Boating While Intoxicated Act, to chemical tests of his blood or breath or both, approved by the scientific laboratory division of the department of health pursuant to the provisions of Section 24-1-22 NMSA 1978 as determined by a law enforcement officer, or for the purposes of determining the drug or alcohol content of his blood if arrested for any offense arising out of acts alleged to have been committed while the person was operating a motorboat while under the influence of an intoxicating liquor or drug.

B. The arrested person shall be advised by a law enforcement officer that failure to submit to a chemical test may be introduced into evidence in court and that the court, upon conviction, may impose increased penalties for the person's failure to submit to a chemical test.

C. A test of blood or breath or both, approved by the scientific laboratory division of the department of health pursuant to the provisions of Section 24-1-22 NMSA 1978, shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been operating a motorboat while under the influence of an intoxicating liquor or drug.

D. A person who operates a motorboat in this state and who is involved in a fatal boating incident shall be deemed to have given consent, subject to the provisions of the Boating While Intoxicated Act, to mandatory chemical tests of his blood or breath or both, as determined by a law enforcement officer and approved by the scientific laboratory division of the department of health pursuant to the provisions of Section 24-1-22 NMSA 1978.

66-13-9. CONSENT OF PERSON INCAPABLE OF REFUSAL NOT WITHDRAWN.--A person who is dead, unconscious or otherwise in a condition rendering him incapable of refusal shall be deemed not to have withdrawn the consent provided by the Boating While Intoxicated Act, and the test designated by the law enforcement officer may be administered.

66-13-10. ADMINISTRATION OF CHEMICAL TEST--PAYMENT OF COSTS--ADDITIONAL TESTS.--

A. Only the persons authorized by the Boating While Intoxicated Act shall withdraw blood from a person for the purpose of determining its alcohol or drug content. This limitation does not apply to the taking of samples of breath.

B. The person tested shall be advised by the law enforcement officer of the person's right to be given an opportunity to arrange for a physician, licensed professional or practical nurse or laboratory technician or technologist who is employed by a hospital or physician of his own choosing to perform a chemical test in addition to a test performed at the direction of a law enforcement officer.

C. Upon the request of the person tested, full information concerning the test performed at the direction of the law enforcement officer shall be made available to him as soon as it is available from the person performing the test.

D. The agency represented by the law enforcement officer at whose direction the chemical test is performed shall pay for the chemical test.

E. If a person exercises his right under Subsection B of this section to have a chemical test performed upon him by a person of his own choosing, the cost of that test shall be paid by the agency represented by the law enforcement officer at whose direction a chemical test was administered pursuant to Section 8 of the Boating While Intoxicated Act.

66-13-11. USE OF TESTS IN CRIMINAL OR CIVIL ACTIONS--LEVELS OF INTOXICATION--MANDATORY CHARGING.--

A. The results of a test performed pursuant to the Boating While Intoxicated Act may be introduced into evidence in a civil action or criminal action arising out of the acts alleged to have been committed by the person tested for operating a motorboat while under the influence of intoxicating liquor or drugs.

B. When the blood or breath of the person tested contains:

(1) an alcohol concentration of five one hundredths or less, it shall be presumed that the person was not under the influence of intoxicating liquor; or

(2) an alcohol concentration of more than five one hundredths but less than eight one hundredths, no presumption shall be made that the person either was or was not under the influence of intoxicating liquor. However, the amount of alcohol in the person's blood or breath may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor.

C. When the blood or breath of the person tested contains an alcohol concentration of eight one hundredths or more, the arresting officer shall charge him with a violation of Section 3 of the Boating While Intoxicated Act.

D. The determination of alcohol concentration shall be based on the grams of alcohol in one hundred milliliters of blood or the grams of alcohol in two hundred ten liters of breath.

E. The alcohol concentration in a person's blood or breath shall be determined by a chemical test administered to the person within three hours of the alleged boating while under the influence of intoxicating liquor. In a prosecution pursuant to the provisions of the Boating While Intoxicated Act, it is a rebuttable presumption that a person is in violation of the provisions of that act if he has an alcohol concentration of eight one hundredths or more in his blood or breath as determined by a chemical test administered to the person within three hours of the alleged boating while under the influence of intoxicating liquor. If the chemical test is administered more than three hours after the alleged boating while under the influence of intoxicating liquor, the test result is admissible as evidence of the alcohol concentration in the person's blood or breath at the time of the alleged boating and the trier of fact shall determine what weight to give the test result.

F. The presumptions in Subsection B of this section do not limit the introduction of other competent evidence concerning whether the person was under the influence of intoxicating liquor.

G. If a person is convicted of operating a motorboat while under the influence of intoxicating liquor or drugs, the trial judge shall be required to

inquire into past convictions of the person for operating a motorboat while under the influence of intoxicating liquor or drugs before sentence is entered in the matter.

66-13-12. MOTORBOATS--INFLUENCE OF INTOXICATING LIQUOR OR DRUGS--FEE UPON CONVICTION.--

A. A person convicted of a violation of the Boating While Intoxicated Act shall be assessed by the court, in addition to any other fee or fine, a fee of sixty-five dollars (\$65.00) to defray the costs of chemical and other tests used to determine the influence of intoxicating liquor or drugs.

B. All fees collected pursuant to the provisions of this section shall be transmitted monthly to the crime laboratory fund. All balances in the crime laboratory fund collected pursuant to this section are appropriated to the administrative office of the courts for payment upon invoice to the scientific laboratory division of the department of health for the costs of chemical and other tests used to determine the influence of intoxicating liquor or drugs.

C. Payment of funds out of the crime laboratory fund of fees collected pursuant to this section shall be made upon vouchers issued and signed by the director of the administrative office of the courts upon warrants drawn by the department of finance and administration.

66-13-13. EDUCATIONAL PROGRAM.--The state parks division of the energy, minerals and natural resources department shall develop and implement a program to advertise and further educate the boating public about the dangers of boating while under the influence of alcohol or drugs and the penalties associated with a conviction pursuant to the provisions of the Boating While Intoxicated Act.
