## **MVD pilots self-service kiosks at select Albertsons locations** *Instant registration renewal available at two Albuquerque stores*

New Mexico residents now have the option to “skip the line” and renew their vehicle registration using self-service kiosks at two Albuquerque Albertsons locations.

Expanding customer choices to complete MVD transactions is a top priority for the Motor Vehicle Division, and this has never been more important than during the COVID-19 pandemic. The MVD Direct kiosk has an easy-to-use touchscreen that allows customers to instantly renew and print vehicle registrations. The kiosk is the result of a partnership between the Motor Vehicle Division, Albertsons, and Intellectual Technology, Inc.

“We’re excited about being able to offer a convenient way for MVD customers to take care of business with us. Whether it’s online, over the phone, in person or now through these new self-service kiosks, we are committed to finding the best ways to serve everyone,” said Taxation and Revenue Secretary Stephanie Schardin Clarke.

The New Mexico MVD Direct kiosks allow customers to pay with a credit card and print their vehicle registration and sticker in as little as two minutes without visiting an MVD office. Instructions and voice prompts in English or Spanish make the kiosk as easy to use as an ATM. There is a \$3.95 fee in addition to the registration fee plus a 2.3% credit card convenience fee associated with the transaction. However, MVD is offering a 5% discount off the base registration cost on transactions conducted on the kiosks.

Registration renewal at the MVD Direct self-service kiosk is currently available at the following locations:

- **Albertsons Market**, 4950 Montgomery Blvd. NE, Albuquerque, NM 87109. **Open Daily:** 6am - 10pm
- **Albertsons Market**, 2910 Juan Tabo Blvd. NE, Albuquerque, NM 87112. **Open Daily:** 6am - 10pm

Kiosks may be expanded to other locations in the future, depending on the success of the pilot project. For more information, please visit [mvdonline.com](http://mvdonline.com).

#### About ITI:

Intellectual Technology Inc. (ITI) specializes in Motor Vehicle kiosks that help motor vehicle agencies increase speed, visibility and security of motor vehicle transactions. ITI is the industry leader in motor vehicle kiosk technology with programs in 13 states. Whether services are delivered in MVD offices, mail fulfillment centers, or self-service kiosks, ITI's MVD on Demand software provides motor vehicle agencies the ability to service customers wherever they are located.
