Instructions

Important

You must have a valid New Mexico Cigarette Distributor's License issued by the Taxation and Revenue Department to purchase or affix New Mexico Cigarette Tax Stamps.

Since 2003, only brand names and families of tobacco products, which include cigarettes, little cigars and roll-your-own tobacco products, that are compliant with the Master Settlement Agreement (MSA) and the Tobacco Escrow Fund Act, may be sold or distributed in New Mexico (whether with a state excise stamp, a tax-exempt stamp or a tax-credit stamp affixed). The New Mexico Attorney General's "Tobacco Manufacturers Directory" is the directory of brand names and families of tobacco products, for both participating and non-participating manufacturers, who are compliant under the MSA or as required by the Tobacco Escrow Fund Act. You can find the directory by visiting www.nmag.gov. A brand of cigarette or tobacco product not listed in the directory or listed in the directory but listed as not compliant, is considered contraband and subjects the manufacturer, distributor or retailer to penalties, sanctions and the product to seizure.

WHO MUST FILE

A distributor of cigarettes in, or into, New Mexico must submit a Form RPD-41315, *Cigarette Distributor's Monthly Inventory Report*, for each of its facilities to the Taxation and Revenue Department. Detailed schedules are also required to be attached, itemizing the cigarette brands, quantities and, when applicable, the type of New Mexico cigarette tax stamp applied.

Other Reporting Requirements

Non-participating Manufacturer (NPM) reporting. Distributors who distribute or sell cigarettes, including little cigars, or import "roll-your-own" tobacco products made by non-participating manufacturers (NPM), for resale or consignment sale or distribution in New Mexico must also complete **Form RPD-41188, *Non-participating Manufacturer Brand Cigarettes Distributed or Sold***. Attach a completed Form RPD-41188 to Form RPD-41315, *Cigarette Distributor's Monthly Report*, and report the cigarettes and ounces of "roll-your-own" tobacco distributed or sold inside the state of New Mexico, to which you have paid tobacco products tax.

"Roll-Your-Own" tobacco is subject to the tobacco product tax, and is also included in the reporting requirements for Non-Participating Manufacturer brands.

Sales by County and Municipality reporting. Distributors who sell stamped cigarettes to a *retail-only* business located in New Mexico, or who sell cigarettes at retail from the report-

ing facility, must also complete **Form RPD-41183, *Report of Cigarette Sales in New Mexico Counties and Municipalities***. Form RPD-41183 must be filed, even if no retail sales or sales to *retail-only* establishments were made during the report month.

Important: Before completing Form RPD-41315, see *Important Definitions* below.

WHEN TO FILE

To avoid penalty, Form RPD-41315, *Cigarette Distributor's Monthly Inventory Report*, must be submitted to the Department on or before the 25th day of the month following the close of the report period. A reporting period is a full calendar month. Schedule B, *Itemized Received Inventory*, and Schedule C, *Itemized Distributed Inventory*, must be submitted with the monthly inventory report. Schedule A, *Itemized Beginning Inventory*, must be submitted on or before the due date of the first report; that is, 25 days after the close of the first report month for a new distributor, or new facility of a distributor, required to be licensed according to the Cigarette Tax Act. Thereafter, Schedule A may be submitted annually, providing the itemized beginning inventory of stamped and unstamped cigarette packages as of the first day of the calendar year. Distributors must be able to provide the itemized beginning inventory for any month upon request by the Department. When applicable, Forms RPD-41188, *Non-participating Manufacturer Brand Cigarettes Distributed or Sold*, and RPD-41183, *Report of Cigarette Sales in New Mexico Counties and Municipalities*, must be submitted with Form RPD-41315, *Cigarette Distributor's Monthly Inventory Report*.

"Properly affixed" means that the New Mexico Cigarette Tax Stamp is affixed to the package of cigarettes in such a manner as to clearly display the entire serial number and at least 60% of the stamp. and does not include a container that itself contains other containers, such as a carton of cigarettes.

“Cigarette” means any roll of tobacco or any substitute for tobacco wrapped in paper or other substance not containing tobacco; a roll of tobacco that is wrapped in any substance containing tobacco, other than 100% natural leaf tobacco, and which because of its appearance, the type of tobacco used in the filler, its packaging and labeling, or its marketing and advertising, is likely to be offered to, or purchased by consumers as a cigarette, and includes bidis and kreteks; or any other roll of tobacco that is defined as a “cigarette” in Subsection D of Section 6-4-12 NMSA 1978. “Cigarette” includes certain small cigars sold in packages similar to cigarettes. If a small cigar is wrapped in something other than 100% tobacco, or because of its appearance, the type of tobacco used in the filler, its packaging and labeling, or its marketing and advertising, is likely to be offered to, or purchased by consumers as a cigarette, it is a cigarette for purposes of the Cigarette Tax Act. Roll-your-own tobacco is not a cigarette for purposes of the Cigarette Tax Act, and is subject to the tobacco products tax.

“Distributor” means a person licensed pursuant to the Cigarette Tax Act to sell or distribute cigarettes in New Mexico. “Distributor” does not include:

- a retailer;
- a cigarette manufacturer, export warehouse proprietor or importer with a valid permit pursuant to 26 U.S.C. 5713, if that person sells cigarettes in New Mexico only to distributors who hold valid licenses under the laws of a state or sells to an export warehouse proprietor or to another manufacturer; or
- a common or contract carrier transporting cigarettes pursuant to a bill of lading or freight bill, or a person who ships cigarettes through the state by a common or contract carrier pursuant to a bill of lading or freight bill.

“Distributed” means sold or otherwise transferred to another person or facility.

“Manufacturer” means a person who manufactures, fabricates, assembles, processes or labels a cigarette or imports from outside the United States, directly or indirectly, a finished cigarette for sale or distribution in the United States.

“Retailer” means a person, whether located within or outside New Mexico, who sells cigarettes at retail to a consumer in New Mexico when the sale is not for resale.

“Brand Family” means all styles of cigarettes sold under the same trademark and includes cigarettes differentiated from one another by means of additional modifiers or descriptors, including, but not limited to, “menthol”, “lights”, “kings” and “100s”.

“Tax-credit Stamp” means a stamp that indicates the cigarette package bearing the stamp is to be or has been sold by a retailer located on land of a tribe that has imposed a qualifying tribal cigarette tax.

“Qualifying tribal cigarette tax” means an excise, privilege or similar tax at a minimum rate of:

- \$.0375 per cigarette if packaged in lots of 20 or 25,
- \$.075 per cigarette if packaged in lots of 10, or
- \$.15 per cigarette if packaged in lots of 5.

About Unstamped Inventories

Inventory included in “unstamped cigarettes held for distribution or sale *inside* New Mexico” must be stamped with a New Mexico Cigarette Tax Stamp properly affixed by the distributor within 30 days of receipt. Inventory of “unstamped cigarettes held for distribution or sale *outside* New Mexico” may be maintained on the distributor’s premises if the unstamped cigarettes for distribution or sale outside the state are kept in a separate part of the distributor’s place of business, physically segregated from packages of cigarettes to be distributed or sold inside New Mexico and clearly identified as packages of cigarettes for distribution or sale outside of New Mexico. Inventory of “unstamped cigarettes held for distribution or sale *outside* New Mexico” may include cigarettes for which no determination has been made regarding whether they will be sold inside or outside New Mexico.

About Tax-Exempt and Tax-Credit Stamps

Effective July 1, 2010, cigarette packages with a tax-exempt stamp affixed, may not be distributed or sold to an Indian nation, tribe or pueblo in New Mexico, or to a tribal member for use or sale on that Indian nation, tribe or pueblo. Cigarette packages with a tax-exempt stamp affixed may only be distributed or sold to a New Mexico state or federal governmental entity in New Mexico.

A tax-credit stamp, when affixed to a package of cigarettes, indicates that the cigarette package is to be or has been sold for resale, to a retailer located on land of an Indian nation, tribe or pueblo that has imposed a qualifying tribal cigarette tax. The retailer must be a tribe or tribal member licensed or approved by the tribe to sell cigarettes on that tribe’s land, and that the tribe has certified to the department that the tribe has in effect a qualifying tribal cigarette tax. A qualifying tribal cigarette tax is an excise tax, privilege or similar tax at a minimum rate of (1) \$0.375 per cigarette if the cigarettes are packaged in lots of 20 or 25; (2) \$.075 per cigarette if the cigarettes are packaged in lots of 10; or (3) \$0.15 per cigarette if the cigarettes are packaged in lots of 5.

Taxation and Revenue Department posts a list of qualifying Indian nations, tribes or pueblos. If the Indian nation, tribe or pueblo has not imposed a qualifying tribal cigarette tax, you may only distribute or sell them cigarettes packages with a 20 or 25 stick tax stamp affixed.
