

AFFIDAVIT for REINSTATEMENT of DRIVER'S LICENSE

Note: In order to qualify to reinstate driving privileges, a driver MUST have an ignition interlock device AND an ignition interlock license (at the same time) for at least 6 months. For example, if an ignition interlock device is installed on your vehicle on 4/10 but you don't get an ignition interlock license until 4/15, the earliest date on which you may be eligible to reinstate your driving privileges is 10/15. If you apply to reinstate your driving privileges before you are eligible, you will be required to reinstall the ignition interlock device at your own expense.
